The Poetics of Latin Didactic Katharina Volk,2002-06-27 This work offers a theoretical look at Latin didactic poems. It discusses the characteristics that make a poem didactic from the points of view of both theory and literary history, and traces the genre's history, from Hesiod to Roman times.

Medieval Woman's Song Anne L. Klinck,Ann Marie Rasmussen,2015-08-06 The number of surviving medieval secular poems attributed to named female authors is small, some of the best known being those of the *trobairitz* the female troubadours of southern France. However, there is a large body of poetry that constructs a particular textual femininity through the use of the female voice. Some of these poems are by men and a few by women (including the *trobairitz*); many are anonymous, and often the gender of the poet is unresolvable. A woman's song in this sense can be defined as a female-voice poem on the subject of love, typically characterized by simple language, sexual candor, and apparent artlessness. The chapters in *Medieval Woman's Song* bring together scholars in a range of disciplines to examine how both men and women contributed to this art form. Without eschewing consideration of authorship, the collection deliberately overturns the long-standing scholarly practice of treating as separate and distinct entities female-voice lyrics composed by men and those composed by women. What is at stake here is less the voice of women themselves than its cultural and generic construction.

Gregory the Great Carole Straw,1991-09-03 Gregory I (590-604) is often considered the first medieval pope and the first exponent of a truly medieval spirituality. Carole Straw places Gregory in his historical context and considers the many facets of his personality—monk, preacher, and pope—in order to elucidate the structure of his thought and present a unified, thematic interpretation of his spiritual concerns.

Women and Marriage in German Medieval Romance D. H. Green,2009-04-02 D. H. Green shows how German romances found ways to debate and challenge the conventional antifeminism of the medieval period.

Love, Friendship, and Expediency in Cicero's Letters Gabriel Evangelou,2022-03-18 By attacking Epicurean philosophy repeatedly in his public writings, Cicero established himself as one of Epicurus' most fervent critics. The remarks that he makes about Epicureanism in his letters further suggest a genuine conviction that such a philosophy had no place in Roman society. This consistency in Cicero's statements has led most scholars to assume that Cicero could not have embraced any of the principles of the Epicurean school. This book challenges the conventional view of Cicero as someone who completely rejected Epicurean philosophy—even in his private life—because of its utilitarian character. It argues that his relationship with Pompey, Caesar, Atticus, Quintus, Terentia, and Tullia encompassed several aspects of Aristotle's account of *philia* (love and friendship) but was, nonetheless, ultimately based on expediency, in accord with Epicurus' conception of *philia*. While Cicero's statements in his public speeches and his letters to men with an active public life have been scrutinised for his lack of candour or for his tendency to exaggerate his achievements, the claims found in his letters to Atticus and to his family have not been treated with equal caution, as they tend to be taken at face value. The book highlights the large number of discrepancies in his remarks and argues that, despite his anti-Epicurean statements, personal benefit played a vital role in all of his relationships.

Melting Iron Laurann Dohner,2016-11-21 Being a female mechanic on a space station for eight years has taught Dawn a lot of tough life lessons that have hardened her heart. She's got a temper and a mouth to match her red hair and has never backed away from a challenge. Then she's kidnapped and blackmailed into agreeing to be a cyborg's personal sex slave. Iron is one big bastard with long, fiery red hair, intense, dark blue eyes and a stubborn streak as thick as his dense muscles. If Iron thinks he can tame her, he's about to learn that meek is not in Dawn's vocabulary. But with that handsome face, a body to die for, a wickedly talented tongue and those magical hands, the guy just doesn't fight fair. Dawn is intent on melting Iron's icy resolve to never fall in love with a human. He's winning her heart and she's determined to win his right back. These two redheads have just met their matches. Let the battle for love begin.

Afro-Peruvian Spanish Sandro Sessarego,2015-10-15 The present work not only contributes to shedding light on the linguistic and socio-historical origins of Afro-Peruvian Spanish, it also helps clarify the controversial puzzle concerning the genesis of Spanish creoles in the Americas in a broader sense. In order to provide a more concrete answer to the questions raised by McWhorter's book on The Missing Spanish Creoles, the current study has focused on an aspect of the European colonial enterprise in the Americas that has never been closely analyzed in relation to the evolution of Afro-European contact varieties, the legal regulations of black slavery. This book proposes the 'Legal Hypothesis of Creole Genesis', which ascribes a prime importance in the development of Afro-European languages in the Americas to the historical evolution of slavery, from the legal rules contained in the Roman Corpus Juris Civilis to the codes and regulations implemented in the different European colonies overseas. This research was carried out with the belief that creole studies will benefit greatly from a more interdisciplinary approach, capable of combining linguistic, socio-historical, legal, and anthropological insights. This study is meant to represent an eclectic step in such a direction.

Philosophy, Mysticism, and the Political Massimo Cacciari,2022-01-01 Among today's Italian philosophers, Massimo Cacciari is perhaps the most assiduous commentator of Dante. Philosophy, Mysticism, and the Political collects all of Cacciari's writings on Dante to this day, from his masterful analysis of St. Francis of Assisi in Dante's Paradiso and Giotto's frescoes to a new consideration of Dante's European idea of empire as a federation of nations, peoples, and languages. Cacciari does not force Dante into any philosophical straitjacket. Rather, he walks with Dante, takes notes, asks questions, raises issues, and tries to understand the Divine Comedy in Dante's terms. Cacciari approaches Dante's Ulysses and the theologico-philosophical vertigo of Paradiso not as a critic but from the point of view of a faithful, assiduous, perceptive, sometimes perplexed, and sometimes worshipful reader. Cacciari's analysis shows once more that Dante does not belong to the past. Dante creates his own age and stays with us whenever we wish to follow his path.

Cult, A Love Story Alexandra Amor,2009-10-01 For fans of Educated, Captive, and Leah Remini's Troublemaker comes the gripping true-life story of one young woman's accidental journey into a cult. And her escape a decade later. It's rarely obvious when a group is a cult. Most cults don't advertise themselves as such: they are groups of people who look and act just like you and me. Not dangerous. Not deranged. At least, not at first. The slide toward complete control of your personality, your thoughts, and your life is slow and virtually unnoticeable. Until it's too late. Cult, A Love Story has been studied in university classrooms, featured in an audio documentary and on podcasts, and read by cult survivors and their families all over the world, from remote British Columbia, Canada to Australia, Europe, the Middle East and beyond. In this award-winning memoir, Alexandra Amor shines a light on cults so that others might learn from her heartbreaking experience. Amor gracefully and sensitively explains how ordinary and intelligent people get seduced into joining cults, why they stay despite the emotional and psychological abuse, and what the long process of recovery looks like once someone leaves a cult. Amor's transparency about her decade-long involvement with a Vancouver, Canada cult makes this powerful and gripping book an excellent resource for those wanting to know more about how the mind control of a high demand spiritual or religious group works. In this page-turning, personal memoir you will learn: - how normal, intelligent people can, without knowing what's happening, get sucked into a cult's grip - why it's so very difficult for those in high demand groups (cults) to leave - how to evaluate whether a group you belong to is a cult - what the recovery period after a cult looks like - resources and recommendations if you know someone in a cult, or if you are in recovery from a cult yourself This excellent memoir reveals how a charismatic, manipulative spirit medium can use love for God and neighbor as a hook to drag a small group of devotees into her cynical web of impossible goals for self-perfection. After a heroic struggle for insight, Alexandra Amor was one of the cult members who broke the abusive spell. Joesph Szimhart, Cult Information Specialist

Nigel of Longchamp, Speculum Stultorum Jill Mann,2023-06-15 An edition and English translation of the Speculum Stultorum (The Mirror for Fools), a long Latin beast epic written near the end of the twelfth century by a monk of Christ Church, Canterbury. This was one of the most popular works of the Middle Ages, a favourite of Chaucer, Gower, and Henryson, and was copied for over three centuries, with a circulation extending as far as eastern Europe. It is not only a milestone in the history of medieval beast epic, but a rich source of information about contemporary life and events at Canterbury. The work is dedicated to William Longchamp, who was Richard I's chancellor, and the significance of this fact is shown. This is a highly entertaining narrative about a donkey who longs to have a longer tail and journeys to Salerno to buy some (imaginary) medicines which will provide it. When his medicines are destroyed in an accident, he decides to become learned instead, and goes off to study at the university of Paris for seven

years, but can still say only 'heehaw'. Interwoven into this simple narrative are other stories and long rhetorical set-pieces which satirise the distorted values of contemporary religious life or the corruption of the papal curia, and describe the qualities of an ideal bishop (which the donkey hopes to become).

Gothic Terrors Abigail Lee Six, 2010 *Gothic Terrors* brings together two discursive fields that have had very little contact hitherto: Gothic Studies and Hispanism. Though widely accepted in English studies, Hispanists seldom invoke the concept of a Gothic mode existing beyond its first appearance in the eighteenth century. Highlighting Gothic elements in mainstream Spanish fiction from the nineteenth century until the present day, Lee Six challenges the view that Spanish writers rejected what the Gothic had to offer. Through close study of texts by Benito Pérez Galdós, Emilia Pardo Bazán, Miguel de Unamuno, Camilo José Cela, Adelaida García Morales, Espido Freire, and Javier García Sánchez, Lee Six traces the evolution of three staples of the Gothic: the heroine imprisoned on grounds of madness, the doubled or split character, and the use of violent, gory description. Persuasively argued and well researched, *Gothic Terrors* reflects on the Gothic presence in Spanish mainstream literature and identifies two important ways in which it crosses cultural divides: the traditional gulf between high and low culture within Spain, and the engagement of Spanish creative writers with transnational literary trends. *Gothic Terrors* will thus appeal to Gothic scholars who are interested in the Spanish dimension of their field, as well as to Hispanists who may have been unaware of how relevant and useful Gothic studies could be for them.--Publisher's website.

Ennobling Love C. Stephen Jaeger, 2010-08-03 Richard, Duke of Aquitaine, son of the King of England, remained with Philip, the King of France, who so honored him for so long that they ate every day at the same table and from the same dish, and at night their beds did not separate them. And the King of France loved him as his own soul; and they loved each other so much that the King of England was absolutely astonished at the vehement love between them and marveled at what it could mean. Public avowals of love between men were common from antiquity through the Middle Ages. What do these expressions leave to interpretation? An extraordinary amount, as Stephen Jaeger demonstrates. Unlike current efforts to read medieval culture through modern mores, Stephen Jaeger contends that love and sex in the Middle Ages relate to each other very differently than in the postmedieval period. Love was not only a mode of feeling and desiring, or an exclusively private sentiment, but a way of behaving and a social ideal. It was a form of aristocratic self-representation, its social function to show forth virtue in lovers, to raise their inner worth, to increase their honor and enhance their reputation. To judge from the number of royal love relationships documented, it seems normal, rather than exceptional, that a king loved his favorites, and the courtiers and advisors, clerical and lay, loved their superiors and each other. Jaeger makes an elaborate, accessible, and certain to be controversial, case for the centrality of friendship and love as aristocratic lay, clerical, and monastic ideals. *Ennobling Love* is a magisterial work, a book that charts the social constructions of passion and sexuality in our own times, no less than in the Middle Ages.
