9/11 in European Literature Svenja Frank, 2017-11-28 This volume looks at the representation of 9/11 and the resulting wars in European literature. In the face of inner-European divisions the texts under consideration take the terror attacks as a starting point to negotiate European as well as national identity. While the volume shows that these identity formations are frequently based on the construction of two Others—the US nation and a cultural-ethnic idea of Muslim communities—it also analyses examples which undermine such constructions. This much more self-critical strand in European literature unveils the Eurocentrism of a supposedly general humanistic value system through the use of complex aesthetic strategies. These strategies are in itself characteristic of the European reception as the Anglo-Irish, British, Dutch, Flemish, French, German, Italian, and Polish perspectives collected in this volume perceive of the terror attacks through the lens of continental media and semiotic theory.

Music Printing in Renaissance Venice Jane A. Bernstein, 1998-10-29 Venetian music print culture of the mid-sixteenth century is presented here through a study of the Scotto press, one of the foremost dynastic music publishers of the Renaissance. For over a century, the house of Scotto played a pivotal role in the international book trade, publishing in a variety of fields including philosophy, medicine, religion, and music. This book examines the mercantile activities of the firm through both a historical study, which illuminates the wide world of the Venetian music printing industry, and a catalog, which details the music editions brought out by the firm during its most productive period. A valuable reference work, this book not only enhances our understanding of the socioeconomic and cultural history of Renaissance Venice, it also helps to preserve our knowledge of a vast musical repertory.

Vivaldi Michael Talbot, 2017-07-05 Since 1978, the 300th anniversary of Vivaldi's death, there has been an explosion of serious writing about his music, life and times. Much of this has taken the form of articles published in academic journals or conference proceedings, some of which are not easy to obtain. The twenty-two articles selected by Michael Talbot for this volume form a representative selection of the best writing on Vivaldi from the last 30 years, featuring such major figures in Vivaldi research as Reinhard Strohm, Paul Everett, Gastone Vio and Federico Maria Sardelli. Aspects covered include biography, Venetian cultural history, manuscript studies, genre studies and musical analysis. The intention is to serve as a 'first port of call' for those wishing to learn more about Vivaldi or to refresh their existing knowledge. An introduction by Michael Talbot reviews the state of Vivaldi

scholarship past and present and comments on the significance of the articles.

Amoremiobello Betta Stone,2013-08-15 When her two traveling companions cancel their plans to visit India, Sofia Nejinskaya, a Russian American designer in her forties, still makes the trip from her home in Miami. When Sofia meets the handsome Italian Alessandro Salvucci—an opportunistic Italian journalist and successful businessman with a time-tested set of tools for seduction—at the resort’s yoga class, he seems in tune with her “perfect match” list for the ideal man. Despite their differing geographical locations, they begin a committed relationship, exchanging numerous e-mails and text messages and visiting one another regularly. But Alessandro’s roving Italian eyes, thoughtlessness, and insecurities threaten their love. The relationship is also rocked by their spiritual differences: she is Christian, and he belongs to the Cult of White Brotherhood. Nevertheless, surprised by all the mystical coincidences that show they have much in common, Sofia believes in their love and life together, hoping to overcome Alessandro’s spiritual delusions and fallacies about relationships with women. But their marriage is not yet the “happily ever after” ending she imagined. www.amoremiobello.com. “Betta Stone demonstrates in her book Amoremiobello that when it comes to love—and fiction—actions speak louder than beautiful Italian words. Amoremiobello, a password to the e-mail, means “my amazing love,” and Stone stays true to Alessandro’s character, incorporating Italian into the story and including Italian-to-English translations as footnotes.” —Blueink Review “The novel is a suggestion of the karmic wheel on which vital questions of trust and fidelity revolve.” —Kirkus Review
