**Meeting Your Half-Orange** Amy Spencer,2010-01-12 How would you like to have a wonderfully well-suited, kind, adoring half-orange who feels like a teammate, a partner in crime, a true other half? Half-Orange refers to the Spanish term *mi media naranja*, which describes one's sweetheart, that perfect other half. What if you heard he or she would be coming along soon? Would you be relieved? Excited? Happy? Well those are the feelings that dating optimism can give you. Rather than admonishing readers to make themselves more available, or turn dating into a full-time job, Spencer's program of dating optimism is a fun, results-oriented way to find a healthy happy relationship, based on brain science and psychology that can help you become a more positive dater. She'll guide you through sowing the orange seed of your ideal relationship and growing it to fruit-ion. In essence, by focusing positively about dating, you can actually change your brain, which changes everything from your body language to the way you perceive others and what you ultimately attract. Meeting Your Half-Orange is the pep talk that puts finding true love back into your own hands. It will guide you toward becoming so focused on the relationship you want and so happy in your own skin, the right person will be naturally drawn straight to you. You've never read a dating guide like this before. But best of all, it will be the last one you'll ever need.

**Hollywood Car Wash** Lori Culwell,2009-05-05 College drama student Amy Spencer dreams of starring in independent films. When her roommate signs her up for a mysterious television project audition, she blows away the competition with her girl-next-door looks and impressive acting chops, inadvertently getting a starring role on a major TV show and going from Michigan teen to Hollywood starlet overnight. To keep the part she didn't even know she wanted, Amy finds herself taking a spin through the Hollywood Car Wash to make her more marketable. First, she'll have to lose twenty pounds (don't ask how). Then it's new clothes, new teeth, blonder hair, new friends, and a megastar, high-profile boyfriend (though hers comes with a big secret). Bombarded by jealous, two-faced colleagues, overeager plastic surgeons, and manipulative network executives, Amy slowly learns that the only way to survive in Hollywood is to lose her identity. Will Amy get too caught up by the glitz or will she get a grip on her life before it's too late? The hands-down winner of Touchstone's Media Predict Contest -- a competition similar to American Idol for books, Hollywood Car Wash is as delicious and addictive as the celebrity gossip that inspired it.

**Ambient Literature** Tom Abba,Jonathan Dovey,Kate Pullinger,2020-11-30 This book considers how a combination of place-based writing and location responsive technologies produce new kinds of literary experiences. Building on the work done in the Ambient Literature Project (2016–2018), this books argues that these encounters constitute new literary forms, in which the authored text lies at the heart of an embodied and mediated experience. The visual, sonic, social and historic resources of place become the elements of a live and emergent *mise-en-scène*. Specific techniques of narration, including hallucination, memory, history, place based writing, and drama, as well as reworking of traditional storytelling forms combine with the work of app and user experience design, interaction, software authoring, and GIS (geographical information systems) to produce ambient experiences where the user reads a textual and sonic literary space. These experiences are temporary, ambiguous, and unpredictable in their meaning but unlike the theatre, the gallery, or the cinema they take place in the everyday shared world. The book explores the potentiality of a new literary form produced by the exchange between location-aware cultural objects, writers and readers. This book, and the work it explores, lays the ground for a new poetics of situated writing and reading practices.

**What in Hell Do You Want** Sheniqua Wallace,2007-10-01 Dr. Jacob Bronowski, in his book and PBS documentary series entitled *The Ascent of Man* spoke of unhealthy religion when he stood before the ashes of his relatives at the Auschwitz crematorium. He said, This is how men behave when they believe they have absolute knowledge. People seek simple answers and absolute knowledge, but anyone or any religion that claims absolute knowledge or absolute and infallible religious sources and tells people what to think, is a clear carrier and manifestation of unhealthy religion. Is Healthy Religion an oxymoron or is it achievable in one's life? This research-based document provides you with the means for identifying what is healthy and what is unhealthy in religion. You may be surprised to discover that what you believe and the manner in which you practice your religion may be more a function of your personality than of your religion in the way in which your personality attaches itself and expresses itself in your religion. Literal, dogmatic religious postures of fundamental and evangelical groups are manifestations of close-minded authoritarianism. They also reflect militant, and extremist dictates for one to follow. The manipulation and mind-control methods of fear, guilt, and shame, used with people to secure membership and provide group consensus in belief, violate the very essence of religion and the basic foundations of what is Healthy Religion. Certain attributes of healthy personality produce healthy religion, and healthy religion promotes healthy personality. You will uncover the ingredients and characteristics of both in this book!
