The Murder of Adam and Eve William Dietrich, 2014-10-01 This teen time-travel thriller to prehistoric Africa is a thought-provoking parable that is both a gripping suspense story and a provocative look at our species and its place on Earth. When Nick Brynner stumbles on a time wormhole and finds himself in a mysteriously deserted village, he is saved from a bizarre living gargoyle by fellow teen Eleanor Terrell. The two ultimately find themselves the tools of an alien race and in search of the genetic Adam and Eve among our prehistoric ancestors. The two are forced to become the reluctant guardians and judges of the future of humanity. *The Murder of Adam and Eve* is a survival story, coming-of-age story, love story, and a provocative suspense novel that wrestles with our planet's biggest questions - on the savanna where Man was born.

Dawn Phil Elverum, 2008-11-01 *Dawn*, an intense memoir, delves deeply into an intensely creative period of Elverum's life, with a beautiful mix of journal writing, jokes, photographs, and music. This hardcover collection chronicles Elverum's winter spent alone in a cabin in arctic Norway, wrestling with

ghosts, gathering wood, acting out myths--3 months of unfiltered brain torrents interspersed with drawings. It comes with a 17-track CD of songs, pared down to just guitar and vocals, written during that time, songs that have become well-known over the years through recordings and live performances. The music of Mount Eerie and The Microphones has always been a very personal, almost voyeuristic, view inside the mind of Phil Elverum. bull; Also included is a 16-page color photo booklet

Sounding for Harry Smith Bret Lunsford,2020-09 A biography of Harry Everett Smith (1923-1991), the multi-faceted artist and archivist and legendary figure in the American counterculture, focusing on his early years in the Pacific Northwest and his family connections in the area.

Both Sides of the Fire Line Bobbie Scopa,2022-09-06 Bobbie Scopa spent close to five decades working through nearly every challenge a firefighter can face. Scopa was a strike team leader for the Dude Fire in 1990, where six firefighters were tragically killed, and she served at Ground Zero immediately after 9/11. She's worked mountain rescues, city fires, mega-wildfires, and everything in

between. While battling conditions and harsh flames on the outside, she also found herself waging a tougher battle on the inside. Scopa was torn between how to maintain the façade everyone expected of her and whether to live as her true self. A hero firefighter can't possibly be transgender, right? she thought. Both Sides of the Fire Line is Bobbie Scopa's uplifting memoir of bravely facing the heat of fierce challenges, professionally and personally.

Fight Club 3 #1 Chuck Palahniuk, 2019-01-30 Marla Singer is about to deliver her second child, but the daddy isn't her husband--it's Tyler Durden, who's very invested in his heir, and the world he'll inherit. Marla, her first son, and her husband--the unnamed narrator in the novel, who now goes by Balthazar--live in a rundown motel with sketchy neighbors. In the FIGHT CLUB 2 graphic novel, Tyler transformed Project Mayhem into Rize or Die--now, as a road to paradise presents itself, a new group has implemented a ruthless and deviant plan to fine-tune mankind, leading Balthazar to forge an unlikely alliance . . . with Tyler Durden. Chuck Palahniuk writes the sequel to the sequel to Fight Club. Chuck Palahniuk & Cameron Stewart reunite!

When the Senate Worked for Us Michael Pertschuk, 2017-09-26 Every politically sentient American knows that Congress has been dominated by special interests, and many people do not remember a time when Congress legislated in the public interest. In the 1960s and '70s, however, lobbyists were aggressive but were countered by progressive senators and representatives, as several books have documented. What has remained untold is the major behind-the-scenes contribution of entrepreneurial Congressional staff, who planted the seeds of public interest bills in their bosses' minds and maneuvered to counteract the influence of lobbyists to pass laws in consumer protection, public health, and other policy arenas crying out for effective government regulation. They infuriated Nixon's advisor, John Ehrlichman, who called them bumblebees, a name they wore as a badge of honor. For his insider account, Pertschuk draws on many interviews, as well as his fifteen years serving on the staff of the Senate Commerce Committee that Senator Warren Magnuson chaired and as the committee's Democratic Staff Director. That committee became, in Ralph Nader's words, the Grand Central Station for consumer protection advocates.

Silence John Cage, 2010-10-20 John Cage is the outstanding composer of avant-garde music today. The Saturday Review said of him: "Cage possesses one of the rarest qualities of the true creator- that of an original mind- and whether that originality pleases, irritates, amuses or outrages is irrelevant." "He refuses to sermonize or pontificate. What John Cage offers is more refreshing, more

spirited, much more fun-a kind of carefree skinny-dipping in the infinite. It's what's happening now.”

–The American Record Guide “There is no such thing as an empty space or an empty time. There is always something to see, something to hear. In fact, try as we may to make a silence, we cannot. Sounds occur whether intended or not; the psychological turning in direction of those not intended seems at first to be a giving up of everything that belongs to humanity. But one must see that humanity and nature, not separate, are in this world together, that nothing was lost when everything was given away.”
