Serious Educational Game Assessment Leonard A. Annetta,Stephen Carl Bronack,2011 In an increasingly scientific and technological world the need for a knowledgeable citizenry, individuals who understand the fundamentals of technological ideas and think critically about these issues, has never been greater. There is growing appreciation across the broader education community that educational three dimensional virtual learning environments are part of the daily lives of citizens, not only regularly occurring in schools and in after-school programs, but also in informal settings like museums, science centers, zoos and aquariums, at home with family, in the workplace, during leisure time when children and adults participate in community-based activities. This blurring of the boundaries of where, when, why, how and with whom people learn, along with better understandings of learning as a personally constructed, life-long process of making meaning and shaping identity, has initiated a growing awareness in the field that the questions and frameworks guiding assessing these environments should be reconsidered in light of these new realities. The audience for this book will be researchers working in the Serious Games arena along with distance education instructors and administrators and students on the cutting edge of assessment in computer generated environments.

Shabaka's Stone Kaba Hiawatha Kamene,2021-03-26 habaka's Stone explores and explains many scientific theories on multi-dimensional levels. Shabaka's Stone tells us that we are born with everything we need to solve all of our life's challenges. Every human is born with a Messiah (Asar/Heru) and a Judas (Seten). Judas' job is to stop us from achieving our divine purpose. The Messiah's responsibility is to make sure that Judas is not successful. Life is the result of the balance of this relationship. The Messiah may fall down nine (9) times, but rises ten (10) times. The metaphor of the Asarian Drama. We are the Creator having a human experience. The Nun wanted to come into being. He/She tried countless times. Finally, one of her/his attempts succeeded and Ptah came forward and created Atum. Atum was consciousness and named all and every thing. This trinity began the beginning of time and continues to become to this day. Every day, when you wake up is like Ptah rising out of the Nun (state of unconscious). This energy conversion, waking you up initiates your simple and self-conscious state of thinking, realizing who you are coming up out of your sleep.

Egyptian Wall Painting Francesco Tiradritti,2008 Egyptian Wall Painting focuses on two-dimensional depictions in ancient Egypt, examining them as part of an elaborate code designed to maintain the so-called Maat - or Cosmic Order, Truth-Justice, and Universal Harmony - and thus integral to Egyptian lives and beliefs. It conducts this study through two different lenses: that of Western rational analysis, with its emphasis on methods and techniques, and that of ancient Egyptian spirituality, which these complex works have handed down to our own time. Illustrated with 350 color plates, including numerous full-page details printed on a special matte paper designed to simulate the feel of the stuccoed limestone on which the original images were painted, Egyptian Wall Painting illuminates an art, language, and culture of extraordinary richness. The definitive treatment of its subject, it is sure to appeal to art historians, Egyptologists, linguist, and connoisseurs interested in one of history's most complex and influential civilizations.--BOOK JACKET.

How to Read Architecture Paulette Singley,2019-06-26 How to Read Architecture is based on the fundamental premise that reading and interpreting architecture is something we already do, and that close observation matters. This book enhances this skill so that given an unfamiliar building, you will have the tools to understand it and to be inspired by it. Author Paulette Singley encourages you to misread, closely read, conventionally read, and unconventionally read architecture to stimulate your creative process. This book explores three essential ways to help you understand architecture: reading a building from the outside-in, from the inside-out, and from the position of out-and-out, or formal, architecture. This book erodes boundaries between the frequently compartmentalized fields of interior design, landscape design, and building design with chapters exploring concepts of terroir, scenography, criticality, atmosphere, tectonics, inhabitation, type, form, and enclosure. Using examples and case studies that span a wide range of historical and global precedents, Singley addresses the complex interaction among the ways a building engages its context, addresses its performative exigencies, and operates as an autonomous aesthetic object. Including over 300 images, this book is an essential read for both undergraduate and postgraduate students of architecture with a global focus on the interpretation of buildings in their context.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery,

though it is thought that he struggled to cope with family life after being freed.

The Kama Sutra Vatsyayana,2015-05-11 The Kama Sutra The Standard Work on Human Sexual Behavior By Vatsyayana Translated from the Sanscrit In Seven Parts, with Preface, Introduction and Concluding Remarks. New Edition The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. Kama which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and sutra literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life. The Kama Sutra is the oldest and most notable of a group of texts known generically as Kama Shastra (Sanskrit: Kama Sastra). Historians attribute Kamasutra to be composed between 400 BCE and 200 CE. John Keay says that the Kama Sutra is a compendium that was collected into its present form in the 2nd century CE.
