Deducting the Right Way Iris Palma,,Thomas Williams,2021-02-17 Hardcover colorless edition with 2021 tax code updates. Award-nominated book (Author Elite Awards, Oct. 2020). Do-it-yourself accounting and taxes are growing in popularity... but often lead to rookie mistakes that can make you fall hard and fast. It's true. Look at how many small businesses close their doors during the startup years. Running a profitable business boils down to one thing--the numbers. And going it alone (without expert guidance) doesn't work out. This book has the inside scoop the authors gain while helping small business clients with federal income tax, state income tax, bookkeeping, business management, business plans and ideas, management accounting, technology recommendations, tax resolution, tax planning, and more. You'll learn practical information you can implement right now whether you're a sole proprietor, freelancer, gig worker, independent contractor, entrepreneur, partnership, LLC, or S-Corp. Here's what the book reveals: Tax tips accountants aren't always willing to share The lesser-known problems small business owners face How tax write-offs affect your tax return Why small business bookkeeping is a top priority How to protect yourself when you make a mistake Get your copy to find out why deducting the right way helps you operate a more profitable venture.

Accountancy and Social Responsibility Živko Bergant,2021-08-09 Accountancy encompasses much more than is normally considered, especially from a social responsibility point of view. This book brings fresh ideas and an innovative approach to accountancy theory and practice as well as critical views about professional thinking in accountancy. The reader will find advanced approaches regarding business objectives with social responsibility principles. A new role of accountancy is founded for a sustainable society. The responsibility of individuals is emphasized through behavioural analysis. The book has an interdisciplinary character and will be interesting for students, doctoral students, academics and practitioners as well. The real thread of the book is the risk and responses to the feelings of risk in organizations and also of individuals. On this basis a new role and a new structure of accountancy is offered.
