Maori and the State Richard S. Hill,2010-04-01 Presenting the most recent research and written by an expert in the field, this examination explores the principal interrelationships between the British Crown and the Maori people in the 1950s and 1960s when Crown assimilation policies intensified—and during the 1970s—when the pressure of the Maori renaissance encouraged policies and goals based on biculturalism. A subject central to New Zealand's culture, this is an important and historical analysis of the country and the wider issue of indigenous peoples' rights.
