**THE SECOND MESSAGE ON MY FOREARM** Lyle De Leon, 2016-02-17 MAJOR SPIRITUAL EVENTS IN MY WHOLE LIFE 1. When I was 7 years old, during World War II, my mother had severe malaria. The few neighbors thought that early evening that this could be her last hour on earth. At that same moment she was in another world. She had a near-death experience (NDE). She met the Lord Jesus and asked him if he could see God. Jesus answered her that God was too bright for her to see. She was told to back to earth and take care of the children especially the eldest as God has a plan for him. 2. When I was 20, a very loud voice awakened me at 4:00 in the morning.. He said: Thou shall prophesy!" 3. At 29, at 3:00 a.m, a Spirit possessed me for 30 minutes. 4. At 46, I was awakened by a strange noise. I felt a small piece of paper (the size of a medium-size stamp). This was placed on my right palm. The message was I have called Thee. Below the message was Isaiah 43:1 5. At 48. Lord Jesus, appeared before me in the clouds. 6. In 2014, a message was written on My Right Forearm. 7. In 2015, a second message was written on My Right Forearm. MALACHI 4:5 Behold. I will send you Elijah the prophet before the coming of the great and dreadfull day of the Lord. ISAIAH 46:11 Calling a ravenous bird from the east, the man that executes my counsel from a far country: yes, I have spoken it, I will also bring it to pass; I have purposed it, I will also do it.

*The Message on My Arm* HERMANELI TORREVILLAS, MD, 2014-09-26 This new book sheds light on the existence of Extraterrestrial Beings. Author H. Torre Villas, M.D., invites readers to embark on a fascinating journey to unlock some of life's greatest mysteries. The author shares his many encounters that made him lean towards the study of intuitive feelings as well as psychic phenomena that relate to the mystifying world of the unknown. From the cradle to the grave, our parents, peers, institutions and society form our values and behavior, but this process has been hijacked. This book opens our minds to the fact that, unknown to us, for generations, we have allowed dictators, power brokers and corporate puppeteers to profit from our ignorance and enslavement. From the anvil of compulsory schooling to media and entertainment, we are being kept in bondage to ideas that shape our actions. But the author is optimistic that we can overcome negative forces that control our minds and those of our leaders. He had been in a quandary in his early years regarding paranormal happenings in his life. Rather than ignore them as skeptics are inclined to do, Dr/ Torre Villas regarded them as significant in his life.

**The Dichotomy of Evil** Andras Tower, 2007-09-27 The Dichotomy of Evil is an exposé on good and evil, which provides new theories on Demonology. It explains how to spot demons, how to defend yourself from demonic attack, how to attack demons and how to have great sex with them.

**Humper-Monkey** John McCarthy, 2010-09-30 A cult classic of our time, take the time to read this legendary ghost story. You won't be disappointed.

*Leaping to the Stars* David Gerrold, 2019-07-16 No longer able to return to his home on Earth, Charles Dingillian and his two brothers must choose a new planet to call home. But which one? Charles has come into possession of a prototype HARLIE unit so revolutionary and state-of-the-art that corporations will stop at nothing—including murder—to control it. Earth is in a state of social and economic meltdown. The battle for domination between rival corporations has gone interplanetary. Charles has been at war before: only, that was a personal civil war waged between him and his parents. In an effort to end the strife once and for all, thirteen-year-old Charles took the drastic step of divorcing his parents. He and his brothers are now free

to do what they choose. Freedom for Charles and his brothers means passage on a starship to a colony Outbeyond. There, they will use HARLIE to help build a better world. But freedom also means exile. From his home. From his friends. From everything he has ever known. And even his chance for a new life on a remote planet is put in jeopardy when a critical malfunction with the HARLIE unit seemingly threatens the integrity of the voyage. However, a faction of passengers on board the Brightliner Cascade may pose an even greater risk. A risk not even an intelligence as powerful as a HARLIE unit can avert.

*Directory of World Cinema: Australia and New Zealand 2* Ben Goldsmith, Mark David Ryan, Geoff Lealand, 2015-04-01 Building on and bringing up to date the material presented in the first instalment of *Directory of World Cinema: Australia and New Zealand*, this volume continues the exploration of the cinema produced in Australia and New Zealand since the beginning of the twentieth century. Among the additions to this volume are in-depth treatments of the locations that feature prominently in the countries' cinema. Essays by leading critics and film scholars consider the significance of the outback and the beach in films, which are evoked as a liminal space in *Long Weekend* and a symbol of death in *Heaven's Burning*, among other films. Other contributions turn the spotlight on previously unexplored genres and key filmmakers, including Jane Campion, Rolf de Heer, Charles Chauvel and Gillian Armstrong. Accompanying the critical essays in this volume are more than one hundred and fifty new film reviews, complemented by film stills and significantly expanded references for further study. From *The Piano* to *Crocodile Dundee*, *Directory of World Cinema: Australia and New Zealand 2* completes this comprehensive treatment of a consistently fascinating national cinema.

*Monkey Business* John Rolfe, 2009-11-29 Animal House meets Liar's Poker in this hysterically funny, often unbelievable, and absolutely, positively true account of life at DLJ, one of the hottest investment banks on Wall Street. Like most other young business school graduates, John Rolfe and Peter Troob thought that life in a major investment banking firm would make their wildest dreams come true -- it would be fast-paced, intellectually challenging, glamorous, and, best of all, lucrative. They were in for a surprise. For behind the walls of Wall Street's firms lies a stratum of stunted, overworked, abused, and in the end, very well-compensated, but very frustrated men and women. *Monkey Business* takes readers behind the scenes at Donaldson, Lufkin, and Jenrette (DLJ), one of Wall Street's hottest firms of the 90s, from the interview process to the courting of clients to bonus time. It's a glimpse of a side of the business the financial periodicals don't talk about -- 20-hour work days, trips across the country where associates do nothing except carry the pitch book, strip clubs at night, inflated salaries, and high-powered, unforgettable personalities. *Monkey Business* provides readers with a first-class education in the real life of an investment banker. But best of all, it is an extremely funny read about two young men who, on their way towards achieving the American dream, quickly realized they were selling their souls to get there.
