While scholars, politicians, and common citizens share their insights on this fictional madness, the restless dreamer Lionel tells his own story. Traveling randomly across the east with a group of close friends, he witnesses first-hand the nightmarish confusion that the living dead bring upon the land.It's a story of one man's despair over his country's inability to unite in crisis, a tale of sudden, random violence and illusions of America's greatness gone askew. When the zombies rise a second time and become anything but docile, the tale becomes even darker, as Lionel struggles to understand the design of a universe lost in the realm of B-horror movies-and more vivid real-life tragedies.
