Age Past: The Incian Sphere Jeff Mechlinski,2013-10-01 Age Past is a fantasy RPG that incorporates a novel character creation and dice rolling mechanic. Age Past: The Incian Sphere was written to provide you a completely customized gaming experience. Characters are built using an archetype system that is only limited by your imagination. Cast from over 150 spells without restriction and select from over 140 powers. Most powers can be taken 4 times as your character levels so no two characters will ever be the same. The system encourages player balance so your character will be successful regarding her purpose and all characters will be equally important. The game's world is unique and open enough for a GM to tailor his own adventure yet has guidelines to keep expectations in check. Age Past also has many optional rules that allow you to further customize your gaming experience. Choose to use pulp gaming rules or high lethality... or both! Build your perfect hero and conquer the world. Incia awaits!

Her only hope for solving the mystery of the voices are a hot mechanic and an ornery cat. And she doesn't even like one of them.

The Revolt of The Public and the Crisis of Authority in the New Millennium Martin Gurri ,2018-12-04 How insurgencies—enabled by digital devices and a vast information sphere—have mobilized millions of ordinary people around the world. In the words of economist and scholar Arnold Kling, Martin Gurri saw it coming. Technology has categorically reversed the information balance of power between the public and the elites who manage the great hierarchical institutions of the industrial age: government, political parties, the media. The Revolt of the Public tells the story of how insurgencies, enabled by digital devices and a vast information sphere, have mobilized millions of ordinary people around the world. Originally published in 2014, The Revolt of the Public is now available in an updated edition, which includes an extensive analysis of Donald Trump's improbable rise to the presidency and the electoral triumphs of Brexit. The book concludes with a speculative look forward, pondering whether the current elite class can bring about a reformation of the democratic process and whether new organizing principles, adapted to a digital world, can arise out of the present political turbulence.

But Mo can't imagine a lifetime of just eating zombie food and giving up his veggies. As he questions his own zombie identity, Mo tries his best to convince his parents to give peas a chance. Super duo Megan and Jorge Lacera make their picture--book debut with this sweet story about family, self--discovery, and the power of acceptance. In the Country of Women Susan Straight,2020-08-25 One of NPR's Best Books of the Year "Straight's memoir is a lyric social history of her multiracial clan in Riverside that explores the bonds of love and survival that bind them, with a particular emphasis on the women's stories . . . The aftereffect of all these disparate stories juxtaposed in a single epic is remarkable. Its resonance lingers for days after reading." —San Francisco Chronicle In the Country of Women is a valuable social history and a personal narrative that reads like a love song to America and indomitable women. In inland Southern California, near the desert and the Mexican border, Susan Straight, a self-proclaimed book nerd, and Dwayne Sims, an African American basketball player, started dating in high school. After college, they married and drove to Amherst, Massachusetts, where Straight met her teacher and mentor, James Baldwin, who encouraged her to write. Once back in Riverside, at driveway barbecues and fish fries with the large, close-knit Sims family, Straight—and eventually her three daughters—heard for decades the stories of Dwayne's female ancestors. Some women escaped violence in post-slavery Tennessee, some escaped murder in Jim Crow Mississippi, and some fled abusive men. Straight's mother-in-law, Alberta Sims, is the descendant at the heart of this memoir. Susan's family, too, reflects the hardship and resilience of women pushing onward—from Switzerland, Canada, and the Colorado Rockies to California. A Pakistani word, biraderi, is one Straight uses to define a complex system of kinship and clan—those who become your family. An entire community helped raise her daughters. Of her three girls, now grown and working in museums and the entertainment industry, Straight writes, "The daughters of our ancestors carry in their blood at least three continents. We are not about borders. We are about love and survival." "Certain books give off the sense that you won't want them to end, so splendid the writing, so lyrical the stories. Such is the case with Southern California novelist Susan Straight's new memoir, In the Country of Women . . . Her vibrant pages are filled with people of churned-together blood culled from scattered immigrants and native peoples, indomitable women and their babies. Yet they never succumb . . . Straight gives us permission to remember what went before with passion and attachment." —Los Angeles Times

Taken Erin Bowman,2013-04-16 Fans of Incarceron by Catherine Fisher and Variant by Robison Wells won't want to miss this magnetic first book in a gripping dystopian sci-fi series. Marie Lu, New York Times bestselling author of the Legend trilogy, raves that Taken is an action-packed thrill ride from beginning to end. More, please! Gray Weathersby has grown up expecting to disappear at midnight on his eighteenth birthday. They call it the Heist—and it happens to every boy in Claysoot. His only chance at escape is to climb the Wall that surrounds Claysoot. A climb no one has ever survived . . .

Welcome to Hell World Luke O'Neil, 2019-10-01 When Luke O'Neil isn't angry, he's asleep. When he's awake, he gives vent to some of the most heartfelt, political and anger-fueled prose to power its way to the public sphere since Hunter S. Thompson smashed a typewriter's keys. Welcome to Hell World is an unexpurgated selection of Luke O'Neil's finest rants, near-poetic rhapsodies, and investigatory journalism. Racism, sexism, immigration, unemployment, Marcus Aurelius, opioid addiction, Iraq: all are processed through the O'Neil grinder. He details failings in his own life and in those he observes around him: and the result is a book that is at once intensely confessional and an energetic, unforgettable condemnation of American mores. Welcome to Hell World is, in the author's words, a "fever dream nightmare of reporting and personal essays from one of the lowest periods in our country in recent memory." It is also a burning example of some of the best writing you're likely to read anywhere.

Moldilocks and the Three Scares Lynne Marie, 2020-02-28 A zombie-tastic take on a favorite fairy tale! "A horror spoof with a big heart: Lorenzo's acrylic and colored pencil cartooning offers a warm glow, and readers will cheer for this undead family that finally feels complete." —Publishers Weekly Forget Goldilocks and the three bears—MOLDILOCKS and the THREE SCARES are here, in a delightful new version of the popular story. Papa Scare (a monster), Mama Scare (a mummy), and Baby Scare (a vampire) live in a haunted house where they eat finger sandwiches and alpha-bat soup. One night, they go out to walk their dog (a bloodhound, of course) to let their soup cool down. While they're away, in walks the zombie Moldilocks, looking for food, a chair, and a bed that's just right. Kids will love this hauntingly funny story with its surprise ending!

The Weird World of Eerie Publications Mike Howlett, 2010 Eerie Publications' horror magazines brought blood and bad taste to America's newsstands from 1965 through 1975. Here's the sordid background behind this mysterious comics publisher, featuring astonishingly red reproductions of many covers and the most spectacularly creepy art.

The New Sultan Soner Cagaptay, 2017-04-30 In a world of rising tensions between Russia and the United States, the Middle East and Europe, Sunnis and Shiites, Islamism and liberalism, Turkey is at the epicentre. And at the heart of Turkey is its right-wing populist president, Recep Tayyip Erdoğan. Since 2002, Erdoğan has consolidated his hold on domestic politics while using military and diplomatic means to solidify Turkey as a regional power. His crackdown has been brutal and consistent - scores of journalists arrested, academics officially banned from leaving the country, university deans fired and many of the highest-ranking military officers arrested. In some senses, the nefarious and failed 2016 coup has given Erdoğan the licence to make good on his repeated promise to bring order and stability under a 'strongman'. Here, leading Turkish expert Soner Cagaptay will look at Erdoğan's roots in Turkish history, what he believes in and how he has cemented his rule, as well as what this means for the world. The book will also unpick the 'threats' Erdogan has worked to combat - from the liberal Turks to the Gulen movement, from coup plotters to Kurdish nationalists - all of which have culminated in the crisis of modern Turkey.

Dread Nation Justina Ireland, 2018-04-03 New York Times bestseller; 6 starred reviews! At once provocative, terrifying, and darkly subversive, Dread Nation is Justina Ireland's stunning vision of an America both foreign and familiar—a country on the brink, at the explosive crossroads where race, humanity, and survival meet. Jane McKeene was born two days before the dead began to walk the battlefields of Gettysburg, Pennsylvania—derailing the War Between the States and changing the nation forever. In this new America, safety for all depends on the work of a few, and laws like the Native and Negro Education Act require certain children attend combat schools to learn to put down the dead. But there are also opportunities—and Jane is studying to become an Attendant, trained in both weaponry and etiquette to protect the well-to-do. It's a chance for a better life for Negro girls like Jane. After all, not even being the daughter of a wealthy white Southern woman could save her from society's expectations. But that's not a life Jane wants. Almost finished with her education at Miss Preston's School of Combat in Baltimore, Jane is set on returning to her Kentucky home and doesn't pay much mind to the politics of the eastern cities, with their talk of returning America to the glory of its days before the dead rose. But when families around Baltimore County begin to go missing, Jane is caught in the middle of a conspiracy, one that finds her in a desperate fight for her life against some powerful enemies. And the restless dead, it would seem, are the least of her problems. Abundant action, thoughtful worldbuilding, and a brave, smart, and skillfully drawn cast entertain as Ireland illustrates the ignorance and immorality of racial discrimination and examines the relationship between equality and freedom. (Publishers Weekly, An Anti-Racist Children's and YA Reading List)

Portrait of an Addict as a Young Man Bill Clegg, 2010-06-07 Bill Clegg had a thriving business as a literary agent, a supportive partner, trusting colleagues, and loving friends when he walked away from his world and embarked on a two-month crack binge. He had been released from rehab nine months earlier, and his relapse would cost him his home, his money, his career, and very nearly his life. What is it that leads an exceptional young mind want to disappear? Clegg makes stunningly clear the attraction of the drug that had him in its thrall, capturing in scene after scene the drama, tension, and paranoid nightmare of a secret life--and the exhilarating bliss that came again and again until it was eclipsed almost entirely by doom. He also explores the shape of addiction, how its pattern--not its cause--can be traced to the past. Portrait of an Addict as a Young Man is an utterly compelling narrative--lyrical, irresistible, harsh, honest, and beautifully written--from which you simply cannot look away.

From YouTube sensation Ken Tanaka and actor David Ury, who was crushed by an ATM on AMC's Breaking Bad, comes Everybody Dies, a colorful story and delightful assemblage of games that makes it easy—even fun—to come to grips with mortality.
