Play Smart Skill Builders: Challenging - Age 2-3 Gakken early childhood experts,2023-04-18 Play Smart workbooks include age-appropriate activities that use a proven step-by-step method to build confidence. Making learning enjoyable in early childhood has positive effects on a child's lifelong educational journey. \*\*Play Smart Challenging series---2022 National Parenting Product Awards Winner\*\* (NAPPAawards.com) This Play Smart Skill Builders Challenging focuses on drawing basic lines and solving mazes while guessing the path ahead to support your child's development of preschool readiness skills. 1. Tackle tasks in a variety of ways. Depending on a child's age, some problems may be a little too difficult. It's important to encourage your child to approach tasks in different ways, and this can be done by referring to the tips in the "To Parents" section. When a task is complete, your child's sense of accomplishment will help develop their critical thinking skills and creativity. 2. Develop independence while working on tasks. Activities include tasks related to getting dressed, cleaning up, and helping around the house. When an activity is finished, encourage your child to practice it. This prompts children to be more aware of their surroundings. 3. Learn the names of animals, food, vehicles, and other things. While outside of your home, ask your child to review the things they have learned in the workbook. This will not only expand their vocabulary, but also stimulate their interest in the things around them. 4. Think about the environment. Pages featuring characters living in the Arctic, jungle, and desert as well as in trees, in the sea, and on land are designed to help children learn that various living things reside together on Earth. This helps raise awareness of environmental issues.

Learning on your doorstep: Stimulating writing through creative play outdoors for ages 5-9 Isabel Hopwood-Stephens,2013-05-07 As the Forest School movement gains popularity among UK educators, teachers are increasingly recognising the benefits of creative outdoor play. But how can busy primary school teachers fit regular, high quality outdoor learning into an already crowded timetable? How can they plan a range of rich, imaginative and creative experiences that build up into full topics? And how can they translate the excitement and engagement that they find out doors into increased enthusiasm and attainment indoors? Learning on Your Doorstep integrates creative outdoor play with curricular attainment, while increasing the challenge, enjoyment and professional development of the teachers using it. The book presents a series of topics which channel the children’s outdoor experience into writing outcomes to reflect the current Primary Framework for Literacy. Using child-led, kinaesthetic teaching and learning techniques, each topic helps teacher and class build an imaginary world to explore and includes: Session plan tables to enable teachers to easily access relevant information; collaborative activities, games and drama to stimulate discussion; photo-copiable items such as letters, imaginary maps and animal fact jigsaws; optional classroom follow-up activities and a final writing task; tips on how to prepare and resource each session. Guidance on adapting for different abilities and ages is also given, along with curriculum links and pedagogical rationale, to let primary teachers put creative outdoor play at the centre of the primary teaching timetable. The ideas in this book are suitable for implementation in any school environment, using resources commonly found in the stock cupboard or home. All you will need to add is some preparation and imagination!
