**The Angell Memorial Animal Hospital Book of Wellness and Preventive Care for Dogs** Darlene Arden,2002-12-26 A world-renowned animal hospital shares its total-care program for dogs Angell Memorial's reputation in the animal world is unchallenged, and who better to tell their story than one of the best dog writers in the business. . . . A perfect combination and a must for this important bookshelf. --Betty White, actress, author, and animal welfare activist Angell Memorial Animal Hospital boasts an innovative and authoritative staff and a reputation second to none. Now for the first time, Angell Memorial is teaming up with an award-winning journalist, Darlene Arden, to offer its unprecedented preventive care program to puppy and dog owners everywhere in this comprehensive, user-friendly book, The Angell Memorial Animal Hospital Book of Wellness and Preventive Care for Dogs. Too often dog owners wait until a pet is struck with an illness to seek out veterinary advice. The importance of implementing a program that prevents illness from occurring is key to a happy and healthy pet. Topics covered include: Dentistry, grooming, and nutrition Emergencies, surgery, first aid, and vaccinations Training and behavior Caring for middle-aged and advanced-aged dogs Angell's unique preventive care handouts and brochure pages (offered for the first time to the general public) are also included. **The Vet at Noah's Ark** Dr. Doug Mader,2022-07-12 From renowned veterinarian Dr. Doug Mader comes a stirring account of his fight to protect his animal patients and human staff amid the dangerous realities of inner-city life and the Los Angeles riots—and a celebration of the remarkable human-animal bond. The life of a veterinarian is challenging: keeping up with advances in medical care, making difficult decisions about people's beloved companions, and, in Dr. Doug Mader's case, navigating the social unrest in Los Angeles in the early 1990s. As one of the few exotic animal experts in California, he was just as likely to be treating a lion as a house cat. The Vet at Noah's Ark: Stories of Survival from an Inner-City Animal Hospital follows Dr. Mader and his staff over the course of a year at Noah's Ark Veterinary Hospital, an inner-city LA area veterinary hospital where Dr. Mader treats not only dogs and cats, but also emus, skunks, snakes, foxes, monkeys, and a host of other exotic animals. This real life drama is set against the backdrop of the trial of four police officers in the Rodney King case, as well as the violent aftermath following their acquittal. This is a book about survival, both of the pets that Dr. Mader and his staff try to save on a daily basis, as well as the staff themselves. Living in the harsh reality of the city, surrounded by gangs, drugs, violence, traffic, smog, and deadly riots, they must overcome and rise above, for their own survival and that of the animals who need them. This awe-inspiring account is told through Dr. Mader's riveting storytelling—as Carl Hiaasen writes, Doug is fearless and dedicated, and a damn good storyteller.

Doc, I Needed You Last Night A. J. Day DVM,2014-09-05 Ride along with a veterinarian through the eastern Illinois countryside. In the warm months, the corn and soybeans grow lush and green on either side of the road, and red-winged blackbirds perch atop cattails in the roadside ditches. The green trees growing along the creek bank will be rife with color in the autumn. Marvel at the idyllic timber pasture where our next patient is waiting to be treated. Or stand at the side of an examination table in the animal hospital as the vet treats cats, dogs, cockatoos, and snakes. In the subzero temperature of winter, with snow piled high along the road, you'll visit a farm where a female sheep awaits a Caesarean section to remove too-large twin lambs. Kneel alongside the vet as you observe surgery in a building with no heat. Later, visit an exotic animal farm, with a zebra, fainting goats, and potbellied pigs, and watch as the vet performs pregnancy exams on four yaks. In the tradition of All Creatures Great and Small, this heartfelt and entertaining collection of stories celebrates the life of a country veterinarian who has nurtured and healed God's creatures for the better part of his life. Packed with larger-than-life characters—both human and four-legged—Doc, I Needed You Last Night will appeal to animal lovers of all ages.

**Angell at 100** Karen Campbell,2020-07-24 Angell at 100: A Century of Compassionate Care for Animals and Their Families at Angell Animal Medical Center chronicles the achievements of one of the foremost clinical veterinary institutions in the world. Angell Animal Medical Center is the first and largest animal hospital in New England. This book is a celebration of one hundred years of groundbreaking innovation and heartfelt compassion. Founded in 1868 by George Angell, the MSPCA is the second oldest humane organization in America. Its flagship hospital, Angell Animal Medical Center, was founded in 1915, and was the first animal hospital in New England. The MSPCA Angell has expanded from advocacy and protection to healing and advancing the practice of veterinary medicine. Over the past century the organization has seen vast changes in society, the environment, and the attitude to the animals in our lives. It has helped make laws and set standards that have fundamentally shaped our sense of kindness and care for animals and for one another. In the 21st century, MSPCAAngell continues to rescue, shelter, protect, heal, and advocate for animals, giving special care to tens of thousands of animals each year. It also provides emergency assistance and strategic planning help for animal protection groups across the United States and around the globe. This book is a portrait of Angell Animal Medical Center from its founding in 1915 to the present day, and tells the stories of the dedicated doctors, the creative medical innovations, and of course the tales of the diverse patients and their families. Today the hospital has specialties ranging from acupuncture to ophthalmology, from behavioral services to nutrition, from dentistry to neurology and neurosurgery, as well as general medicine. Although the majority of the patients are dogs and cats, birds and rabbits are not uncommon, and there is sometimes even the occasional tortoise.
