Legislative Documents Iowa. General Assembly,1894 Contains the reports of state departments and officials for the preceding fiscal biennium.

Roswell and the Reich Joseph P. Farrell,2011-03-10 Already well-known for his bestselling series of exposés on secret Nazi technology and the survival of the Third Reich after the end of World War II, Oxford-educated historian and physicist Joseph P. Farrell here delves ever deeper into the activities of this nefarious group. In his previous works, Farrell has clearly demonstrated that the Nazis were clandestinely developing new and amazing technologies toward the end of WWII, and that the key scientists involved in these experiments were exported to the Allied countries at the end of the conflict, mainly the United States, in a move called Operation Paperclip. NASA director and developer of the Saturn V rocket that sent Americans to the moon, Werner von Braun, was one of these scientists. Farrell has traced the links between ongoing Reich activities and the newly-formed CIA and other defense/ military/ industrial establishments. Now, Farrell has meticulously reviewed the best-known Roswell research from UFO-ET advocates and skeptics alike, as well as some little-known source material, and comes to a radically different scenario of what happened in Roswell, New Mexico in July 1947, and why the US military has continued to cover it up to this day. Farrell presents a fascinating case sure to disturb both ET believers and disbelievers, namely, that what crashed may have been representative of an independent postwar Nazi power-an extraterritorial Reich monitoring its old enemy, America, and the continuing development of the very technologies confiscated from Germany at the end of the War.

The Cosmic War Joseph P. Farrell,2012-12-05 There is ample evidence across our solar system of cataclysmic and catastrophic destruction events. The asteroid belt, for example, may be the remains of an exploded planet! The known planets are scarred from incredible impacts, and teeter in their orbits due to causes heretofore inadequately explained. Rejecting the naturalist and materialist assumptions of catastrophism forwarded by other researchers, Farrell asserts that it is time to take the ancient myths of a Cosmic War in the heavens seriously. Incorporating extraterrestrial artifacts, cutting-edge ideas in contemporary physics, and the texts of ancient myths into his argument, Farrell maintains that an ancient interplanetary war was fought in our own solar system with weapons of extraordinary power and sophistication. In doing so, he offers a solution to an enigma that has long mystified researchers, disclosing a cause of that ancient war, the means by which it was waged, and the real nature of the secret technology behind the ancient “Tablets of Destinies.” It is all here, folks! The history of the Exploded Planet hypothesis, and what mechanism can actually explode a planet. The role of plasma cosmology, plasma physics (even plasma paleophysics) and scalar physics. The ancient texts telling of such destructions: from Sumeria (Tiamat’s destruction by Marduk), Egypt (Edfu and the Mars connections), Greece (Saturn’s role in the War of the Titans) and the ancient Americas.

How to Survive 2012 Patrick Geryl,2007 In this book, Geryl provides the blueprint for those wishing to survive the 2012 diaster to prepare themselves and prevail. He explains in detail the myriad problems survivors will encounter, and the precautions that need to be taken to overcome them.

Covert Wars and Clash of Civilizations Joseph P. Farrell,2013-07-24 Oxford-educated historian Joseph P. Farrell delivers the sequel to his best-selling Covert Wars and Breakaway Civilizations, part of his book series on suppressed technology, Nazi survival, secret finance and postwar hidden conflicts. His customary meticulous research and sharp analysis blow the lid off of a worldwide web of nefarious financial and technological control that very few people even suspect exists. Farrell delves deeper into the breakaway civilizations created by the Nazis in South America and other parts of the world. He elaborates on the advanced technology that they took with them at the “end” of World War II and shows how they created a huge system of hidden finance with the involvement of leading financial institutions around the world. He exposes the secret space programs used by the breakaway civilizations and reveals the clash of civilizations—a virtual secret war going on around us. He investigates the current space secrecy that involves UFOs, suppressed technologies and the hidden oligarchs who control planet Earth for their own gain and profit. Farrell probes the mystery surrounding Dr. Kurt Debus and his links to NASA and Werner von Braun. He uncovers the covert operations of Richard Bissell, the flying saucer designs of Alfred Loedding and T. Townsend Brown, and strange activity on Mars involving UFOs. He explains the magneto-hydrodynamic anti-gravity drives that would easily power such craft. He includes a continued discussion of “emulational” technologies (those that can imitate acts of god/nature, like earthquakes and storms) from the standpoint of the culture of “full spectrum dominance” and the culture of “plausible deniability.” Farrell includes plenty of astounding accounts, documents and speculation on the amazing alternative history of hidden conflicts, secret oligarchies and super technology.

Invisible Residents Ivan T. Sanderson,2005 This book is a groundbreaking contribution to the study of the UFO enigma, originally published over 30 years ago. In this book, Sanderson, a renowned zoologist with a keen interest in the paranormal, puts forward the curious theory that a oeOINTS-Other Intelligences-live under the Eartha (TM)s oceans. This underwater, parallel, civilization may be twice as old as Homo sapiens, he proposes, and may have a oedeveloped what we call space flight. Sanderson postulates that the OINTS are behind many UFO sightings as well as the mysterious disappearances of aircraft and ships in the Bermuda Triangle. What better place to have an impenetrable base than deep within the oceans of the planet? Yet, if UFOs, or at least some of them, are coming from beneath our oceans or lakes, does it necessarily mean that there is another civilization besides our own that is responsible? In fact, could it be that since WWII a number of underwater UFO bases have been constructed by the very human governments of our planet? Whatever their source, Sanderson offers here an exhaustive study of USOs (Unidentified Submarine Objects) observed in nearly every part of the world. He presents many well-documented and exciting case studies of these unusual sightings; more.

UFOs, PSI, and Spiritual Evolution Christopher Humphries,Christopher J. Humphries Ph. D.,2015-02-25 Answers all the ancient philosophical questions: about the good, the right, the true, the nature of mind and soul, divinity, immortality, and free will.

The Giza Death Star Deployed Joseph P. Farrell,2003 Physicist Joseph Farrell is amazing sequel to 'The Giza Death Star' which takes us from the Great Pyramid of Giza to the asteroid belt and the so-called Pyramids of Mars. Farrell expands on his thesis that the Great Pyramid was a chemical maser, designed as a weapon and eventually deployed with disastrous results to the solar system. The Great Pyramid as a weapon! Evidence of the Use of Weapons of Mass Destruction in Ancient Times! The Astonishing Technology used in the Giza Death Star! Evidence of a similar Death Star-Pyramid built on Mars! The mystery of the Asteroid Belt solved! Topics in this amazing book include: Exploding Planets: The Movie, the Mirro, and the Model; Dating the Catastrophe and the Compound; A Brief History of the Exoteric and Esoteric Investigations of the Great Pyramid; No Machines, Please!; The Stargate Conspiracy; The Scalar Weapons; Message or Machine?; A Tesla Analysis of the Putative Physics and Engineering of the Giza Death Star; Cohering the Zero Point, Vacuum Energy, Flux: Synopsis of Scalar Physics and Paleophysics; Configuring the Scalar Pulse Wave; Inferred Applications in the Great Pyramid; Quantum Numerology, Feedback Loops and Tetrahedral Physic
