Minecraft: The Outsider Danica Davidson, 2023-12-05 Uncover the truth hidden at the heart of a wondrous city in this official Minecraft novel! Jeremy has never brewed a single potion, but he knows what it's like to be invisible. He lives in the biggest city in the Overworld, surrounded by tall buildings, redstone wonders, and tons of people. So why does he feel so lonely? Why is it so hard to find a friend? When Jeremy's family meets a family from out in the wilderness, it looks like it's going to be the same old story. The outsiders' kid, Valda, acts like Jeremy is a helpless little baby. Sure, he's never caught a fish or fought a hostile mob, and maybe school only lets him read about crafting and never try it himself. That doesn't mean Valda has to be so rude! But that's not the only trouble Valda's family has brought with them. They share a terrifying story: A new kind of zombie has appeared, one that can do things no zombie should be able to do—steal resources and work together to terrorize the folks who live outside The City's walls. To stop them, Jeremy and Valda will need to put aside their differences, team up, and learn from each other's cultures—or the Overworld may never be the same!

Dark Archives Megan Rosenbloom, 2020-10-20 On bookshelves around the world, surrounded by ordinary books bound in paper and leather, rest other volumes of a distinctly strange and grisly sort: those bound in human skin. Would you know one if you held it in your hand? In *Dark Archives*, Megan Rosenbloom seeks out the historic and scientific truths behind anthropodermic bibliopeggy—the practice of binding books in this most intimate covering. Dozens of such books live on in the world's most famous libraries and museums. *Dark Archives* exhumes their origins and brings to life the doctors, murderers, and indigents whose lives are sewn together in this disquieting collection. Along the way, Rosenbloom tells the story of how her team of scientists, curators, and librarians test rumored anthropodermic books, untangling the myths around their creation and

reckoning with the ethics of their custodianship. A librarian and journalist, Rosenbloom is a member of The Order of the Good Death and a cofounder of their Death Salon, a community that encourages conversations, scholarship, and art about mortality and mourning. In *Dark Archives*—captivating and macabre in all the right ways—she has crafted a narrative that is equal parts detective work, academic intrigue, history, and medical curiosity: a book as rare and thrilling as its subject.
