Tony White

How to Make Animated Films Tony White, 2013-08-22 Sadly the days of the traditional studio apprenticeship in animation are long gone but this book enables the reader to find the next best thing, watching and observing a Master Animator at work. Become Tony White's personal animation apprentice, and experience the golden era of the great Disney and Warner Brothers studios right in your own home or studio. Tony White's Animation Master Class is uniquely designed to cover the core principles of animated movement comprehensively. It offers a DVD with animated movies and filmed excerpts of the author at his drawing board to illustrate the concepts as the work is being created. Tony White's Animation Master Class offers secrets and unique approaches only a Master Animator could share. The book comes out of the author's six years of real-world professional experience teaching animation, and 30 years of professional experience. Whether you want to become a qualified animator of 2D, 3D, Flash or any other form of animation, Tony White's foundations bring you closer to that goal. The DVD is invaluable, in that readers are not only taught principles and concepts in the book, they are able to see them demonstrated in action in the movies on the DVD.

The One World Schoolhouse Salman Khan, 2012-10-02 A free, world-class education for anyone, anywhere. This is the goal of the Khan Academy, a passion project that grew from an ex-engineer and hedge funder's online tutoring sessions with his niece, who was struggling with algebra, into a worldwide phenomenon. Today millions of students, parents, and teachers use the Khan Academy's free videos and software, which have expanded to encompass nearly every conceivable subject; and Academy techniques are being employed with exciting results in a growing number of classrooms around the globe. Like many innovators, Khan rethinks existing assumptions and imagines what education could be if freed from them. And his core idea-liberating teachers from lecturing and state-mandated calendars and opening up class time for truly human interaction-has become his life's passion. Schools seek his advice about connecting to students in a digital age, and people of all ages and backgrounds flock to the site to utilize this fresh approach to learning. In THE ONE WORLD SCHOOLHOUSE, Khan presents his radical vision for the future of education, as well as his own remarkable story, for the first time. In these pages, you will discover, among other things: How both students and teachers are being bound by a broken top-down model invented in Prussia two centuries ago Why technology will make classrooms more human and teachers more important How and why we can afford to pay educators the same as other professionals How we can bring creativity and true human interactivity back to learning Why we should be very optimistic about the future of learning. Parents and politicians routinely bemoan the state of our education system. Statistics suggest we've fallen behind the rest of the world in literacy, math, and sciences. With a shrewd reading of history, Khan explains how this crisis presented itself, and why a return to mastery learning, abandoned in the twentieth century and ingeniously revived by tools like the Khan Academy, could offer the best opportunity to level the playing field, and to give all of our children a world-class education now. More than just a solution, THE ONE WORLD SCHOOLHOUSE serves as a call for free, universal, global education, and an explanation of how Khan's simple yet revolutionary thinking can help achieve this inspiring goal.

The 5AM Club Robin Sharma,2018-12-04 Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting--and often amusing--story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed "Insider-only" tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

Ditch That Textbook Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

The Story of Emoji Gavin Lucas,2016 This is the first book to explain the genesis and cultural significance of emoji, the world's cutest and most

popular form of shorthand. If you have a Twitter account or regularly send text messages, it's highly likely that you've used or received emoji. These characters include symbols and pictograms that represent a host of everyday objects and activities plus, crucially, a selection of faces that denote a range of emotions from happy to sad, angry, confused, surprised, or tired. The word emoji literally translates from Japanese as picture (e) and character (moji). The Story of Emoji traces emoji from their origin as a symbol typeface created specifically for on-screen use by a Japanese mobile phone provider in the late 1990s to an international communication phenomenon. As well as a history of emoji and an interview with their creator, Shigetaka Kurita, the book includes an exploration of non-text typefaces, from the decorative fleurons of the early days of the printing press to the innumerable digital typefaces available today, to the use of emoticons, ASCII art, and kaomoji in typed messages. It also looks at an array of artworks, fashion lines, special character sets, advertisements, and projects that convey emoji's widespread impact on contemporary culture. Finally, the book concludes with a section for which a group of illustrators, artists, and graphic designers have created original emoji characters they wish existed, including bacon, a vinyl record, and even a stabbed-in-the-back emoji.

Drinking French David Lebovitz, 2020-03-03 TALES OF THE COCKTAIL SPIRITED AWARD® WINNER • IACP AWARD FINALIST • The New York Times bestselling author of *My Paris Kitchen* serves up more than 160 recipes for trendy cocktails, quintessential apéritifs, café favorites, complementary snacks, and more. Bestselling cookbook author, memoirist, and popular blogger David Lebovitz delves into the drinking culture of France in *Drinking French*. This beautifully photographed collection features 160 recipes for everything from coffee, hot chocolate, and tea to Kir and regional apéritifs, classic and modern cocktails from the hottest Paris bars, and creative infusions using fresh fruit and French liqueurs. Essentials of Business Communication Mary Ellen Guffey, 2004 This text-workbook is a streamlined, no-nonsense approach to business communication. It takes a three-in-one approach: (1) text, (2) practical workbook, and (3) self-teaching grammar/mechanics handbook. The chapters reinforce basic writing skills, then apply these skills to a variety of memos, letters, reports, and resumes. This new edition features increased coverage of contemporary business communication issues including oral communication, electronic forms of communication, diversity and ethics.

Paint by Sticker Workman Publishing, 2016-04-05 Introducing a compelling new activity for crafters and artists, doodlers and coloring book enthusiasts of all ages. *Paint by Sticker* includes everything you need to create twelve vibrant, full-color "paintings." The images—including sunflowers, a fox, a hummingbird in mid-flight, two boats on the water—are rendered in "low-poly,"

a computer graphics style that creates a 3-D effect. As in paint-by-number, each template is divided into dozens of spaces, each with a number that corresponds to a particular colored sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it's an activity that's utterly absorbing as you watch a "painting" emerge from a flat black-and-white illustration to a dazzling image with color, body, spirit. The pages are perforated for easy removal, making it simple to frame the completed images.

Turn the World Upside Down Michael Maiden, 2011 Many Christians have been preaching the gospel of salvation and attempting to disciple the nations by bringing people into their church congregations, but they have not seen their cities and countries transformed. Jesus, however, preached the Gospel of the Kingdom, and He equipped and empowered His disciples to turn the world upside down in a drastic cultural transformation. In the Bible, mountains usually represent the authority of kingdoms. Learn how you can occupy the seven mountains of authority--family, church, business, government, education, arts/entertainment, and media--and bring Heaven's influence to earth, transforming your culture and discipling the nations! You will learn: How the Gospel of the Kingdom turns the world upside down. What the seven mountains of authority are. How to take your mountains with the Gospel. To step into your destiny as a world-changer! Maiden writes: You were predestined for a reason and purpose by God! Your gifts, anointing, personality, and history will all synergize into a dynamic purpose when you find your mountain! Tackle your mountain today!

The Kindness Cure Tara Cousineau, 2018-02-02 It's time for a kindness revolution. In *The Kindness Cure*, psychologist Tara Cousineau draws on cutting-edge research in psychology and neuroscience to show how simple practices of kindness—for ourselves, for others, and for our world—can dissolve our feelings of fear and indifference, and open us up to a life of profound happiness. Compassion for ourselves and others is our birthright as humans—hardwired into our DNA and essential to our happiness. But in our fast-paced, technical savvy and hyper competitive world, it may come as no surprise that rates of narcissism have risen, while empathy levels have declined. We now find ourselves in a “cool to be cruel” culture where it's easy to feel disillusioned and dejected in our hearts, homes, and communities. So, how can we reverse this malady of meanness and make kindness and compassion an imperative? *The Kindness Cure* draws on the latest social and scientific research to reveal how the seemingly “soft skills” of kindness, cooperation, and generosity are fundamental to our survival as a species. In fact, it's our prosocial abilities that put us at the head of the line. Blended with moving case studies and clinical anecdotes, Cousineau offers practical ways to rekindle kindness from the inside out. We are wired to care. The very existence of our human species evolved because of an intricate physiology built for empathy, compassion, and cooperation. Yet we have an epidemic of loneliness, indifference, and cruelty, and we see these destructive trends on a daily basis in our families, schools, neighborhoods, and workplaces. This important book teaches effective skills in compassion, mindfulness, and social and emotional learning, and reveals successful social policy initiatives in empathy taking place that inform everything from family life to education to the workplace. Kindness has the exponential power to renew relationships and transform how we think, feel, and behave in the

world. Will you be a part of the revolution?
