Slow Violence and the Environmentalism of the Poor Rob Nixon, 2011-06-01 The violence wrought by climate change, toxic drift, deforestation, oil spills, and the environmental aftermath of war takes place gradually and often invisibly. Using the innovative concept of slow violence to describe these threats, Rob Nixon focuses on the inattention we have paid to the attritional lethality of many environmental crises, in contrast with the sensational, spectacle-driven messaging that impels public activism today. Slow violence, because it is so readily ignored by a hard-charging capitalism, exacerbates the vulnerability of ecosystems and of people who are poor, disempowered, and often involuntarily displaced, while fueling social conflicts that arise from desperation as life-sustaining conditions erode. In a book of extraordinary scope, Nixon examines a cluster of writer-activists affiliated with the environmentalism of the poor in the global South. By approaching environmental justice literature from this transnational perspective, he exposes the limitations of the national and local frames that dominate environmental writing. And by skillfully illuminating the strategies these writer-activists deploy to give dramatic visibility to environmental emergencies, Nixon invites his readers to engage with some of the most

pressing challenges of our time.

A Diary of the Plague Year Elise Engler, 2022-01-18 An extraordinary illustrated chronicle of 2020 that captures this indelible year in America in all its tragic, surreal, epic, and (sometimes) comedic intensity Artist Elise Engler set herself a task five years ago: to illustrate the first headline she heard on her bedside radio every morning. The idea was to create a pictorial record of one year of listening to the news. But when Donald Trump was elected, the headlines turned too wild for her to stop the experiment. Then 2020 happened. Was there ever such a year? Headlines about the death of Kobe Bryant and Donald Trump's impeachment began to give way to news of a mysterious virus in China, and Engler's pages were quickly filled with the march of COVID-19: schools closing their doors, hospitals overflowing, graveyards full to capacity. Day by day, Engler drew every shocking turn of the year: the police murder of George Floyd and protests around the globe; a

war against science and those who preached it; fires consuming California; a vicious election, absurdly contested. Other stories appeared, too: "Harvey Weinstein Sentenced," "Ruth Bader Ginsburg Hospitalized," "China Extends Control over Hong Kong," and—on repeat—"Stock Market Plunges." The result is a powerful visual record of an unprecedented time, collected in *A Diary of the Plague Year*, which follows the headlines from the first appearance of the coronavirus to the inauguration of President Joe Biden. Made in real time, Engler's vibrant, immediate images recapture what it was like to live through 2020, bringing texture, feeling, and even charm to what we might not remember and what we will never forget.

Color and Meaning Marcia B. Hall, 1994 Recent restoration campaigns, particularly to the Sistine Chapel, have focused attention on the importance of colour in our experience of paintings, but until recently it has been neglected by art historians. The author believes that the work of art can only be fully appreciated when it is regarded as the product of both the artist's hand and mind. This study utilizes the traditional sources, such as contemporary theoretical writings and iconographical analysis, but in addition draws on the scientific findings of the conservation laboratories. This is a new body of data assembled in large part since World War II, which art historians are only beginning to exploit to fill out the history of technique. Rather than writing merely a history of technique, however, the author has integrated this material with traditional approaches to cultural history. She undertakes to examine twenty major paintings of the period from Giotto to Tintoretto to elucidate how colour and technique contribute to

their meaning. She gives us then, the first modern consideration of Renaissance paintings both as physical objects and as monuments of cultural history.

In *A Psalm for the Wild-Built*, bestselling Becky Chambers's delightful new Monk and Robot series, gives us hope for the future. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of what do people need? is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? Peter Pan Goes Wrong Henry Lewis, Jonathan Sayer, Henry Shields, 2023-12-07 In one of Chris' productions, due to an ill-timed haircut Rapunzel had to be imprisoned in a bungalow. But now with no further ado, please put your hands together for J.M. Barrie's Christmas classic: Peter Pan! The inept and accident-prone Cornley Polytechnic Drama Society set out to present J. M. Barrie's classic tale of Peter Pan, their most audacious production to date. Flying? Pyrotechnics? Sharp hooks? What ensues is two acts of hysterical disaster. You'll laugh, they'll cry. Something so wrong has never been so right. From the mischievous minds of the West End and Edinburgh hit The Play That Goes Wrong comes this highly original, chaos-filled re-telling of J.M. Barrie's much-loved classic. Peter Pan Goes Wrong received its world premiere at the Pleasance Theatre, London, on 10 December 2013 and transferred to the West End on 4 December 2015. The show opened on Broadway on 19 April 2023, and this updated edition was published to coincide with the show returning to the West End for a limited 2023 Christmas season.

The Labyrinth Index Charles Stross, 2018-10-30 "A bizarre yet effective yoking of the spy and horror genres." -The Washington Post Book World The Lovecraftian Singularity has descended upon the world in The Labyrinth Index, beginning an exciting new story arc in Charles Stross' Hugo Award-winning Laundry Files series! Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. It doesn't help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N'yar

Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations?
