Learn to ask better, more helpful questions of your work so that you can create stronger and more powerful photographs.

Photographers often look at an image—one they’ve either already created or are in the process of making—and ask themselves a simple question: “Is this a good photograph?” It’s an understandable question, but it’s really not very helpful. How are you supposed to answer that? What does “good” even mean? Is it the same for everyone?

What if you were equipped to ask better, more constructive questions of your work so that you could think more intentionally and creatively, and in doing so, bring more specific action and vision to the act of creating photographs? What if asking stronger questions allowed you to establish a more effective approach to your image-making? In *The Heart of the Photograph: 100 Questions for Making Stronger, More Expressive Photographs*, photographer and author David duChemin helps you learn to ask better questions of your work in order to craft more successful photographs—photographs that express and connect, photographs that are strong and, above all, photographs that are truly yours.

From the big-picture questions—What do I want this image to accomplish?—to the more detail-oriented questions that help you get there—What is the light doing? Where do the lines lead? What can I do about it?—David walks you through his thought process so that you can establish your own. Along the way, he discusses the building blocks from which compelling photographs are made, such as gesture, balance, scale, contrast, perspective, story, memory, symbolism, and much more. *The Heart of the Photograph* is not a theoretical book. It is a practical and useful book that equips you to think more intentionally as a photographer and empowers you to ask more helpful questions of you and your work, so that you can produce images that are not only better than “good,” but as powerful and authentic as you hope them to be.

Party Girl Anna David, 2009-10-13 Celebrity journalist Amelia Stone is the quintessential L.A. party girl. She goes to Hollywood's most exclusive, star-studded events, where she rubs shoulders (and occasionally more) with celebrities, stays out until all hours of the night, and indulges in the ultimate sex, drugs, and rock 'n' roll existence. In short, she's got everything a party girl needs: the looks, the job, the lifestyle. And oh, yes, the out-of-control coke habit. But it's hard to keep topping your own outrageous exploits, and after losing her job, her friends, and much of her mind (not to mention waking up in the hospital after combining five Ambien, four lines of Special K, and an inestimable amount of cocaine), Amelia makes the drastic decision to end her drug abuse. Sobriety, she finds, has its rewards: she starts seeing the man who could be her Mr. Right and gets hired by a big-name magazine to write a column detailing her wild adventures with the celebrity party crowd. And who could write it better? After all, she has plenty of experience to draw on. There's just one little problem. Overnight, Amelia Stone has become the new face of Hollywood nightlife, and her editors—who don't know she's come clean—want her to play the part. As her popularity skyrockets and the film and TV agents start calling, the lure of her former fast-and-furious lifestyle begins to pull at her. Faced with the most exciting opportunity of her career, she must now decide to either save herself—or salvage her reputation as the ultimate party girl. Acidly hilarious and achingly honest, *Party Girl* is a harrowing ride through the world of Hollywood excess with a heroine who's deliciously flawed. Whether snorting coke or crying in rehab, hooking up or breaking down, Amelia Stone makes her way across the treacherous grounds of addiction, self-destruction, and recovery without ever losing her sharp wit, unapologetic candor, or odds-defying optimism.

Brave Face Shaun David Hutchinson, 2020-06-16 “[P]rofound...a triumph—a full-throated howl to the moon to remind us why we choose to survive and thrive.” —Brendan Kiely, *New York Times* bestselling author of *Tradition* “Razor-sharp, deeply revealing, and brutally honest...emotionally raw and deeply insightful.” —Booklist (starred review) The critically acclaimed author of *We Are the Ants* opens up about what led to an attempted suicide in his teens, and his path back from the experience. “I wasn’t depressed because I was gay. I was depressed and gay.” Shaun David Hutchinson was nineteen. Confused. Struggling to find the vocabulary to understand and accept who he was and how he fit into a community in which he couldn’t see himself. The voice of depression told him that he would never be loved or wanted, while powerful and hurtful messages from society told him that being gay meant love and happiness weren’t for him. A million moments large and small over the years all came together to convince Shaun that he couldn’t keep going, that he had no future. And so he followed through on trying to make that a reality. Thankfully Shaun survived, and over time, came to embrace how grateful he is and how to find self-acceptance. In this courageous and deeply honest memoir, Shaun takes readers through the journey of what brought him to the edge, and what has helped him truly believe that it does get better.

David Bowie Eoin Devereux, Aileen Dillane, Martin Power, 2015-03-24 *David Bowie: Critical Perspectives* examines in detail the many layers of one of the most intriguing and influential icons in popular culture. This interdisciplinary book brings together established and emerging scholars from a wide variety of backgrounds, including musicology, sociology, art history, literary theory, philosophy, politics, film studies and media studies. Bowie’s complexity as a singer, songwriter, producer, performer, actor and artist demands that any critical engagement with his overall work must be interdisciplinary and wide-ranging in its scope. The chapters are organised around the key themes of ‘textualities’, ‘psychologies’, ‘orientalisms’, ‘art and agency’ and ‘performing and influencing’ in Bowie’s work. This comprehensive book contributes a great deal to the study of popular music, performance, gender, religion, popular media and celebrity.

Love, David Dianne Case, 1991 Anna watches as her older brother upsets the family by involving himself in illegal activities to escape from the poverty of his home life in South Africa.

The Age of Conversation Gavin Heaton, Drew McLellan, 2007 In what began as a half dare, the editors ... challenged bloggers around the world to contribute one page--400 words--on the topic of 'conversation.' The resulting book, *The age of conversation*, brings together over 100 of the world's leading marketers, writers, thinkers, and creative innovators--P. [4] of cover.

Reality Matters Anna David, 2010-04-13 Top Chef. America’s Next Top Model. Survivor. Dancing with the Stars. American Idol. Big Brother. The Biggest Loser... Everyone has a guilty reality television pleasure. Curated by *Party Girl* author Anna David, *Reality Matters* is a collection of hilarious yet revealing essays from novelists, essayists, and journalists—including Toby Young, Neil Strauss, and Stacey Grenrock Woods, among many others—about the reality television shows they love, obsess over, and cringe at; and why they, and America, can’t stop watching.

26 Kisses Anna Michels, 2016-05-24 Kasie West meets Morgan Matson in this hilarious and heartwarming debut about a girl’s summer mission to get over her ex-boyfriend by kissing her way through the alphabet. Getting dumped by her boyfriend is not how Veda planned on starting her summer. When Mark makes it clear that it’s over

between them, Veda is heartbroken and humiliated—but, more importantly, she’s inspired. So she sets out on the love quest of a lifetime: use the summer to forget about Mark, to move on, and move up. All she has to do is kiss twenty-six boys with twenty-six different names—one for each letter of the alphabet. From the top of the Ferris wheel at her hometown carnival to the sandy dunes of Lake Michigan, Veda takes every opportunity she can to add kisses (and boys) to her list, and soon the break-up doesn’t sting quite as much. But just when Veda thinks she has the whole kissing thing figured out, she meets someone who turns her world upside down.

100 Bible Films Matthew Page, 2022-05-19 From The Passion of the Christ to Life of Brian, and from The Ten Commandments to Last Temptation of Christ, filmmakers have been adapting the stories of the Bible for over 120 years, from first time the Höritz Passion Play was filmed in the Czech Republic back in 1897. Ever since, these stories have inspired musicals, comedies, sci-fi, surrealist visions and the avant garde not to mention spawning their own genre, the biblical epic. Filmmakers across six continents and from all kinds of religious perspectives (or none at all), have adapted the greatest stories ever told, delighting some and infuriating others. 100 Bible Films is the indispensable guide to this wide and varied output, providing an authoritative but accessible history of biblical adaptations through one hundred of the most interesting and significant biblical films. Richly illustrated with film stills, this book depicts how such films have undertaken a complex negotiation between art, commerce, entertainment and religion. Matthew Page traces the screen history of the biblical stories from the very earliest silent passion plays, via the golden ages of the biblical epic, through to more innovative and controversial later films as well as covering significant TV adaptations. He discusses films made not only by some of our greatest filmmakers, artists such as Martin Scorsese, Jean Luc Godard, Alice Guy, Roberto Rossellini, Pier Paolo Pasolini, Lotte Reiniger, Carl Dreyer and Luis Buñuel, but also those looking to explore their faith or share it with lovers of cinema the world over.

The Great Mental Models, Volume 1 Shane Parrish, Rhiannon Beaubien, 2024-10-15 Discover the essential thinking tools you’ve been missing with The Great Mental Models series by Shane Parrish, New York Times bestselling author and the mind behind the acclaimed Farnam Street blog and “The Knowledge Project” podcast. This first book in the series is your guide to learning the crucial thinking tools nobody ever taught you. Time and time again, great thinkers such as Charlie Munger and Warren Buffett have credited their success to mental models—representations of how something works that can scale onto other fields. Mastering a small number of mental models enables you to rapidly grasp new information, identify patterns others miss, and avoid the common mistakes that hold people back. The Great Mental Models: Volume 1, General Thinking Concepts shows you how making a few tiny changes in the way you think can deliver big results. Drawing on examples from history, business, art, and science, this book details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making and productivity. This book will teach you how to: Avoid blind spots when looking at problems. Find non-obvious solutions. Anticipate and achieve desired outcomes. Play to your strengths, avoid your weaknesses, ... and more. The Great Mental Models series demystifies once elusive concepts and illuminates rich knowledge that traditional education overlooks. This series is the most comprehensive and accessible guide on using mental models to better understand our world, solve problems, and gain an advantage.

The Wine Lover's Daughter Anne Fadiman, 2017-11-07 In The Wine Lover’s Daughter, Anne Fadiman examines—with all her characteristic wit and feeling—her relationship with her father, Clifton Fadiman, a renowned literary critic, editor, and radio host whose greatest love was wine. An appreciation of wine—along with a plummy upper-crust accent, expensive suits, and an encyclopedic knowledge of Western literature—was an essential element of Clifton Fadiman’s escape from lower-middle-class Brooklyn to swanky Manhattan. But wine was not just a class-vaulting accessory; it was an object of ardent desire. The Wine Lover’s Daughter traces the arc of a man’s infatuation from the glass of cheap Graves he drank in Paris in 1927; through the Château Lafite-Rothschild 1904 he drank to celebrate his eightieth birthday, when he and the bottle were exactly the same age; to the wines that sustained him in his last years, when he was blind but still buoyed, as always, by hedonism. Wine is the spine of this touching memoir; the life and character of Fadiman’s father, along with her relationship with him and her own less ardent relationship with wine, are the flesh. The Wine Lover’s Daughter is a poignant exploration of love, ambition, class, family, and the pleasures of the palate by one of our finest essayists.

*The D*Photographer Emmanuel Guibert, Didier Lefèvre, Frédéric Lemerrier, 2009-05-12 In 1986, Afghanistan was torn apart by a war with the Soviet Union. This graphic novel/photo-journal is a record of one reporter’s arduous and dangerous journey through Afghanistan, accompanying the Doctors Without Borders. Didier Lefevre’s photography, paired with the art of Emmanuel Guibert, tells the powerful story of a mission undertaken by men and women dedicated to mending the wounds of war. Emmanuel Guibert’s most recent book for First Second was the critically acclaimed Alan’s War, the memoir of a WWII G.I. His close friendship with Didier Lefevre inspired him to combine art and photography to create this momentous book.

Equipping Space Cadets Emily Midkiff, 2022-04-19 Equipping Space Cadets: Primary Science Fiction for Young Children argues for the benefits and potential of “primary science fiction,” or science fiction for children under twelve years old. Science fiction for children is often disregarded due to common misconceptions of childhood. When children are culturally portrayed as natural and simple, they seem like a poor audience for the complex scientific questions brought up by the best science fiction. The books and the children who read them tell another story. Using three empirical studies and over 350 children’s books including If I Had a Robot Dog, Bugs in Space, and Commander Toad in Space, Equipping Space Cadets presents interdisciplinary evidence that science fiction and children are compatible after all. Primary science fiction literature includes many high-quality books that cleverly utilize the features of children’s literature formats in order to fit large science fiction questions into small packages. In the best of these books, authors make science fiction questions accessible and relevant to children of various reading levels and from diverse backgrounds and identities. Equipping Space Cadets does not stop with literary analysis, but also presents the voices of real children and practitioners. The book features three studies: a survey of teachers and librarians, quantitative analysis of lending records from school libraries across the United States, and coded read-aloud sessions with elementary school students. The results reveal how children are interested in and capable of reading science fiction, but it is the adults, including the most well-intentioned librarians and teachers, who hinder children's engagement with the genre due to their own preconceptions about the genre

and children.

Modernism in Irish Women's Contemporary Writing Paige Reynolds,2023-11-23 Modernism in Irish Women's Contemporary Writing examines the tangled relationship between contemporary Irish women writers and literary modernism. In the early decades of the twenty-first century, Irish women's fiction has drawn widespread critical acclaim and commercial success, with a surprising number of these works being commended for their innovative redeployment of literary tactics drawn from early twentieth-century literary modernism. But this strategy is not a new one. Across more than a century, writers from Kate O'Brien to Sally Rooney have manipulated and remade modernism to draw attention to the vexed nature of female privacy, exploring what unfolds when the amorphous nature of private consciousness bumps up against external ordering structures in the public world. Living amid the tenaciously conservative imperatives of church and state in Ireland, their female characters are seen to embrace, reject, and rework the ritual of prayer, the fixity of material objects, the networks of the digital world, and the ordered narrative of the book. Such structures provide a stability that is valuable and even necessary for such characters to flourish, as well as an instrument of containment or repression that threatens to, and in some cases does, destroy them. The writers studied here, among them Elizabeth Bowen, Edna O'Brien, Anne Enright, Anna Burns, Claire-Louise Bennett, and Eimear McBride, employ the modernist mode in part to urge readers to recognize that female interiority, the prompt for many of the movement's illustrious formal experiments, continues to provide a crucial but often overlooked mechanism to imagine ways around and through seemingly intransigent social problems, such as class inequity, political violence, and sexual abuse.

Robinson Crusoe Daniel Defoe,2003-04-14 Bring the Classics To Life. These novels have been adapted into 10 short chapters that will excite the reluctant reader as well as the enthusiastic one. Key words are defined and used in context. Multiple-choice questions require the student to recall specific details, sequence the events, draw inferences from story context, develop another name for the chapter, and choose the main idea. Let the Classics introduce Kipling, Stevenson, and H.G. Wells. Your students will embrace the notion of Crusoe's lonely reflections, the psychological reactions of a Civil War soldier at Chancellorsville, and the tragedy of the Jacobite Cause in 18th Century Scotland. In our society, knowledge of these Classics is a cultural necessity. Improves fluency, vocabulary and comprehension.
