Prisons for Profit Antwan 'ANT' Bank\$,2015-07-15 Growing up as an African-American, Hispanic or even a poor Caucasian in America is a challenge. The system is built to keep you in the lower class and it has its reasons. Billions of tax dollars are shelled out every year on food stamps, welfare, housing and many other Government assistant programs. Even if the beneficiaries of the above wanted to become productive citizens in their own neighborhoods and make it on their own, they would be hard pressed. The local education system as well as the local economy just simply can-not or will not support its people, so other measures need to be put in place! Some will find the fortitude to get into college and or leave their destitute neighborhoods to become productive citizens, employee's, business owners, etc. But that dream is few and in between. This environment almost always leads to the same impoverished cycle or for many, a life of crime. With no role models, local businesses or community programs around or Father figures in many of the homes; the streets usually find a way to take over. These circumstances are more common than we would like to admit. Many people will turn to the drug trade; some will become thieves, prostitutes, pimps, killers and drug attics. The harsh reality of your family starving with-out lights or water will make any sane person do what they need to in order to survive. Compounded with the stress of everyday poverty stricken life, hardcore criminals will emerge with a burning desire to succeed. Whether they take the legitimate route or illegal is the question. In the culmination of it all, I can assure you that no matter what the decision; someone will be profiting from these inequalities and in that majority will be the private prisons of America. A collective of legal Corporations who soul survival is to put warm bodies in cold cells to meet a Government contracted quota. Because of this need, Government has no incentive to help these low income communities but to watch them falter instead; it's actually cheaper for them to pay Private Prisons than to invest in these communities. Giving way to an abundant prison population that serves as the modern day slave trade.

Blame Simon Mayo,2016-07-07 What happens when society wants you banged up in prison for a crime your parents committed? Everyone wants to see them punished for the sins of their mum and dad, but it's time for Ant to show the world that they're not to blame. Through the Ant Farm Robert Leland Taylor,2017-07 Grip McCormack has never stepped on an ant. But, at seventeen, he shoots his abusive father, Amos, off the roof of their Kentucky home. Go figure. The murder trial dominates the news for months and brings a torrent of notoriety to the agoraphobic young man, along with a string of female admirers. One of them is Millie—unhinged, tenacious, and eighteen years his senior. Grip has a parole hearing coming up in three days. Lucky for him. If only life on the outside weren't waiting to get him—Uncle Edgar (Dad's brother) wants to kill him, and Millie wants to marry him, and she's already picked out their house—across the street from Uncle Edgar. Grip's anorexic sister, Beanie, still refuses to forgive him and flees to Illinois to escape the family shame (where she becomes a model for Simplicity Patterns). Mom quits her job and stows away with shades drawn in the crumbling Kentucky home (where she is now sole occupant). And Dad? Still dead, and still something of a klutz. He has a difficult time mastering the ways of the afterlife, getting stuck in prison walls and crashing into metal doors while trying to pass through them. But that doesn't stop him from attempting a reconciliation with his son. Without it, both know that true freedom will never come. Praise for THROUGH THE ANT FARM: "Robert Leland Taylor is endlessly inventive in his observations of the human condition. He populates his universe with characters who are both world-weary and naive at the same time. Hilarious and heartbreaking. Every word rings true. More, please." —Gatlin Reed, author of Shelter in Place. "A unique voice propels the narrative of Taylor's Through the Ant Farm. Grip is an abused kid with a high IQ, knows he's weird but doesn't know why. This novel is filled with great one-liners, dry observations and sets the stage for a hilarious and memorable tale." —Richard Hine, author of Russell Wiley is out to Lunch. "Heart-breakingly funny. This is one of those novels where I find myself sorry for the agents and publishers, and ultimately, the readers—who are missing out on stories and characters such as Robert Leland Taylor can write." —Gae Polisner, author of The Summer of Letting Go.
