The route as shown in the Atlas includes the trails from Fethiye through the ghost Greek village of Kayaköy in the west and the latest extension from Hisarçandır to Geyikbayırı in the east. The Index makes it easy to find all cities, towns and villages along the route and nearby, as well as prominent tourist attractions, historic and archeological sites, ruins, temples etc. 20 meter contour lines, road network, trails & paths, transportation, food, campsites, shelters, guest houses & hotels. The approx. 540-km long trail runs along the Mediterranean coast of Turkey, connecting the town of Fethiye in the west with the village of Geyikbayırı, close to Antalya, in the east. The route as shown in the Atlas includes the trails from Fethiye through the ghost Greek village of Kayaköy in the west and the latest extension from Hisaröğdüz to Geyikbayırı in the east. The Index makes it easy to find all cities, towns and villages along the route and nearby, as well as prominent tourist attractions, historic and archeological sites, ruins, temples etc. The details included in the topographic maps of this Atlas were specifically selected to be useful for trekkers, hikers and walkers of all interests, and make it easy to plan and enjoy both short excursions and hikes as well as long multi-day adventures along the main marked route and/or adjacent trails and paths, which are also shown on the maps. Among the points of interest selected for the maps are historic sites, caves, lighthouses, marinas and sea ports, sea and shore wrecks, castles, forts and ancient city sites, rock climbing areas, etc. A lot of attention has also been given to navigation landmarks, terrain relief (with elevation contours drawn every 20m and all important mountains marked, along with the routes to ascend to the top when known), water sources (natural springs, cisterns, wells, water taps and

drinking fountains), road network and public transportation hubs, bus stations and bus stops, grocery stores and accommodation options (hotels, guest houses and commercial campsites, as well as good wild camping spots), up to such minute detail as beach showers where that information was available. The map scale of 1:50000 (1 cm = 500 meters) provides a wealth of detail while keeping low the weight of the atlas itself. Alexander's Path Freya Stark, 1990-03-09 A memoir of a woman's trek through rural Turkey and its ancient history: "A sharp-eyed, thoughtful, and knowledgeable traveler." -The New York Times In 1956, Freya Stark traveled through back-country Turkey by truck and horseback, often alone. She reached places little visited and never written about. The country people welcomed her with generosity despite their meager resources. She was traveling in time as well, and found significance in recalling the life of Alexander the Great as she retraced his journey in reverse. Twenty-two centuries earlier he was the first to dream of a united world—and Stark's observations reflect not just this land's physical connections to antiquity but the human longings that persist through millennia. "One of the finest travel writers of [the twentieth] century." -The New Yorker "Stark's forte is the ability to take the reader to an ancient site and, through the scanty remains that

are left today, evoke the past of which they were a part." –The New York Times "Describing a Jeep-and-mule trek she undertook in 1956 through the back country of Anatolia, Stark retraces (in reverse) the progress of Alexander the Great more than two millennia before . . . Stark has a wonderfully understated sense of humor." –Kirkus Reviews
