**Maps and Travel in the Middle Ages and the Early Modern Period** Ingrid Baumgärtner,Nirit Ben-Aryeh Debby,Katrin Kogman-Appel,2019-03-04 The volume discusses the world as it was known in the Medieval and Early Modern periods, focusing on projects concerned with mapping as a conceptual and artistic practice, with visual representations of space, and with destinations of real and fictive travel. Maps were often taken as straightforward, objective configurations. However, they expose deeply subjective frameworks with social, political, and economic significance. Travel narratives, whether illustrated or not, can address similar frameworks. Whereas travelled space is often adventurous, and speaking of hardship, strange encounters and danger, city portraits tell a tale of civilized life and civic pride. The book seeks to address the multiple ways in which maps and travel literature conceive of the world, communicate a 'Weltbild', depict space, and/or define knowledge. The volume challenges academic boundaries in the study of cartography by exploring the links between mapmaking and artistic practices. The contributions discuss individual mapmakers, authors of travelogues, mapmaking as an artistic practice, the relationship between travel literature and mapmaking, illustration in travel literature, and imagination in depictions of newly explored worlds.

*Imagined Corners* Paul Binding,2003 Published in Antwerp in 1570, the Theatrum orbis terrarum did something no previous book had done—it presented the world in all its component parts, offering the chance to see our planet as a place of staggering variety and ultimate unity. It was the world's first atlas. Brainchild of Abraham Ortelius, the Theatrum reflected the enormous vitality of the era, the prevailing zest for exploration and discovery, and the linked activities of international commerce and mapmaking. Paul Binding has immersed himself in the Antwerp that produced Ortelius and his atlas, and he draws on a mass of letters, personal documents, maps, and pictures to bring it vividly to life. A masterly volume that stands as a tribute to the human need to impose order and reason on an all-too-turbulent world.

**The Map Thief** Michael Blanding,2015-06-02 The story of an infamous crime, a revered map dealer with an unsavory secret, and the ruthless subculture that consumed him Maps have long exerted a special fascination on viewers—both as beautiful works of art and as practical tools to navigate the world. But to those who collect them, the map trade can be a cutthroat business, inhabited by quirky and sometimes disreputable characters in search of a finite number of extremely rare objects. Once considered a respectable antiquarian map dealer, E. Forbes Smiley spent years doubling as a map thief —until he was finally arrested slipping maps out of books in the Yale University library. The Map Thief delves into the untold history of this fascinating high-stakes criminal and the inside story of the industry that consumed him. Acclaimed reporter Michael Blanding has interviewed all the key players in this stranger-than-fiction story, and shares the fascinating histories of maps that charted the New World, and how they went from being practical instruments to quirky heirlooms to highly coveted objects. Though pieces of the map theft story have been written before, Blanding is the first reporter to explore the story in full—and had the rare privilege of having access to Smiley himself after he'd gone silent in the wake of his crimes. Moreover, although Smiley swears he has admitted to all of the maps he stole, libraries claim he stole hundreds more—and offer intriguing clues to prove it. Now, through a series of exclusive interviews with Smiley and other key individuals, Blanding teases out an astonishing tale of destruction and redemption. The Map Thief interweaves Smiley's escapades with the stories of the explorers and mapmakers he knew better than anyone. Tracking a series of thefts as brazen as the art heists in Provenance and a subculture as obsessive as the oenophiles in The Billionaire's Vinegar, Blanding has pieced together an unforgettable story of high-stakes crime.
