Smitten Kitchen Every Day Deb

Perelman, 2017-10-24 NEW YORK TIMES BEST SELLER •

From the best-selling author of *The Smitten Kitchen Cookbook*—this everyday cookbook is “filled with fun and easy ... recipes that will have you actually looking forward to hitting the kitchen at the end of a long work day” (*Bustle*). A happy discovery in the kitchen has the ability to completely change the course of your day. Whether we’re cooking for ourselves, for a date night in, for a Sunday supper with friends, or for family on a busy weeknight, we all want recipes that are unfussy to make with triumphant results. Deb Perelman, award-winning blogger, thinks that cooking should be an escape from drudgery. *Smitten Kitchen Every Day: Triumphant and Unfussy New Favorites* presents more than one hundred impossible-to-resist recipes—almost all of them brand-new, plus a few favorites from her website—that will make you want to stop what you’re doing right now and cook. These are real recipes for real people—people with busy lives who don’t want to sacrifice flavor or quality to eat meals they’re really excited about. You’ll want to put these recipes in your Forever Files: Sticky Toffee Waffles (sticky toffee pudding you can eat for breakfast), Everything Drop Biscuits with Cream Cheese, and Magical Two-Ingredient Oat Brittle (a happy accident). There’s a (hopelessly, unapologetically inauthentic) Kale Caesar with Broken Eggs and Crushed Croutons, a Mango Apple Ceviche with Sunflower Seeds, and a Grandma-Style Chicken Noodle Soup that fixes everything. You can make Leek, Feta, and Greens Spiral Pie, crunchy Brussels and Three Cheese Pasta Bake that tastes better with brussels sprouts than without, Beefsteak Skirt Steak Salad, and Bacony Baked Pintos with the Works (as in, giant bowls of beans that you can dip into like nachos). And, of

course, no meal is complete without cake (and cookies and pies and puddings): Chocolate Peanut Butter Icebox Cake (the icebox cake to end all icebox cakes), Pretzel Linzers with Salted Caramel, Strawberry Cloud Cookies, Bake Sale Winning-est Goopy Oat Bars, as well as the ultimate Party Cake Builder—four one-bowl cakes for all occasions with mix-and-match frostings (bonus: less time spent doing dishes means everybody wins). Written with Deb's trademark humor and gorgeously illustrated with her own photographs, *Smitten Kitchen Every Day* is filled with what are sure to be your new favorite things to cook.

Make It Memorable Robyn Freedman
Spizman, 2004-10-08 Learn How to Make Any Occasion Shine! Have you ever attended a party so clever it had you talking for days? Or received an invitation that made you feel like royalty? Were you ever given a gift so you that you never forgot it? Make It Memorable is an A to Z thematically organized resource for making the most of every special occasion and highlighting the little

things in life. From anniversaries and birthdays through weddings and zero-cost ideas, it includes:

- It was a very good year! For a special anniversary, select bottles of wine with vintages from special years for the couple---the year they met, the year they married, etc.
- A blast from the past! For a memorable birthday for an old friend, rent a limo and take a tour down memory lane---past the birthday girl's high school, first house, etc., reminiscing as you go.
- Love is in bloom! For a garden party shower theme, have each guest bring a plant. Distribute the plants around the room to create your own greenhouse atmosphere for the bride.
- A to-do bag just for you! For a get-well present, create a to-do bag filled with things your friend can do while recuperating. You can include everything from favorite missed shows on videotape to assorted magazines and goodies.
- Plus fabulous favors, inviting invitations, party ideas, dazzling centerpieces, memorable gifts, unforgettable weddings, and much more!

Gift-giving expert Robyn Spizman has packed *Make It Memorable* with the most creative ideas under the sun for enlivening every party, event, and occasion with a touch of pizzazz.

Our Great Big Backyard Laura Bush, Jenna Bush Hager, 2016-05-10 #1 New York Times bestselling authors former First Lady Laura Bush and her daughter Jenna Bush Hager have created an exuberant picture book tribute to our national parks and the importance and fun of connecting with nature. *Our Great Big Backyard* follows Jane, whose plans of spending the summer playing video games with her friends are dashed when her parents announce that her family is going on a road trip to national parks around the country. Yet somewhere between the Everglades and Big Bend National Park, things begin to change. Jane starts paying attention to the magnificent sights and spends less time looking at her screen. The

stunning views open up her imagination as she and her brother see everything that nature has to offer. And the more Jane discovers, the more she realizes how much there is to love about the outdoors—whether she's in a national park across the country or right in her own backyard.

What Is an Event? Robin Wagner-

Pacifici, 2017-03-24 We live in a world of breaking news, where at almost any moment our everyday routine can be interrupted by a faraway event. Events are central to the way that individuals and societies experience life. Even life's inevitable moments—birth, death, love, and war—are almost always a surprise. Inspired by the cataclysmic events of September 11, Robin Wagner-Pacifici presents here a tour de force, an analysis of how events erupt and take off from the ground of ongoing, everyday life, and how they then move across time and landscape. *What Is an Event?* ranges across several disciplines, systematically analyzing the ways that events emerge, take shape, gain momentum, flow, and even get bogged down. As an exploration of how events are constructed out of ruptures, it provides a mechanism for understanding eventful forms and flows, from the micro-level of individual life events to the macro-level of historical revolutions, contemporary terrorist attacks, and financial crises. Wagner-Pacifici takes a close look at a number of cases, both real and imagined, through the reports, personal narratives, paintings, iconic images, political posters, sculptures, and novels they generate and through which they live on. What is ultimately at stake for individuals and societies in events, Wagner-Pacifici argues, are identities, loyalties, social relationships, and our very experiences of time and space. *What Is an Event?* provides a way for us all—as social and political beings living through events, and as analysts reflecting upon them—to better understand

what is at stake in the formations and flows of the events that mark and shape our lives.

The Event Planning Toolkit Linda Joyce

Jones, 2020-12-04 The Event Planning Toolkit will help you rise to the occasion to plan and execute extraordinary meetings and events by getting organized, reducing time-wasting mistakes, and inspiring creativity. The Event Planning Toolkit provides the information you need to prepare and execute each aspect of your event with precision and enjoy the big day with less stress and fewer unpleasant surprises. It provides the assistance you need to make your event a real hit. Many people find the thought of planning an event to be an intimidating prospect. They think they're not organized enough, or they don't have the experience required to pull it off. But whatever the occasion, the path to success is straightforward; it's a matter of thinking through the details and using a proven strategy to create an action plan and execute that plan on time and on budget. In this book, you will not only learn how to manage your scope, time, and resources, but also identify goals, create a budget, find the right venue, assemble an effective team, and much more. Use The Event Planning Toolkit to uncover some juicy nuggets of information that you can apply to your next event and give you the courage and confidence take on any new project or assignment that comes your way.

The Business of Event Planning Judy

Allen, 2002-07-09 Practical tools and expert advice for professional event planners Before planning an event, there is much that must be done behind the scenes to make the event successful. Before any thought is even given to timing or location of the event, before the menus are selected and the decor designed, there are proposals to be written, fees and contracts to be negotiated, and safety issues to be considered. This book takes you behind the

scenes of event planning and explains every aspect of organizing and strategic planning. This book will be of value to both the professional event planner and to clients who are dealing with planners. Its comprehensive coverage includes: how to prepare winning proposals, and how to understand them if you are the client; how to determine management fees; negotiating contracts; safety issues; designing events in multicultural settings; and new technology that makes operations more efficient (such as online registration and response management, database project management tools). The book also includes practical tools such as sample letters of agreement, sample layouts for client proposals, forms, and checklists. Professional event planner Judy Allen offers first-time or professional event planners all the top-class advice they need to make their special events come off without a hitch.

Event Planning Made Easy Paulette Wolf, Jodi Wolf, Donielle Levine, 2005-05-11 America's premier corporate event planners reveal the seven secrets of successful planning for every occasion, on any budget Whether it's the company's annual party, a product launch, or a fund-raising gala, planning a major event is a daunting task. Now the industry leaders who organized major events for the 1996 Olympics and for several Fortune 500 corporations make it easy for you. In seven simple steps, they share the proven secrets behind any successful function--and show you how to: Choose the right venue at the best price Create an organized event book Book entertainment, staff, and caterers Develop an ideal menu and theme Manage behind-the-scenes operations and security Make every event a smashing success

Unleash the Power Within Anthony Robbins, 1999-01-01

The Special Events Advisor David Sorin, 2004-05-10 There's no dearth of books on the

logistics of event planning, but not much has been published to address the legal and business issues that concern the thousands of companies that make up this industry. This book covers all the legal and business issues that special events professionals need to understand -- from contractual considerations to little-known governmental regulations with heavy ramifications. Ignorance of the law can prove very costly in an industry in which expectations must be met the first time, and in our ever-more litigious society, the need for this niche title is clear.

Software Requirement Patterns Stephen Withall, 2007-06-13 Learn proven, real-world techniques for specifying software requirements with this practical reference. It details 30 requirement "patterns" offering realistic examples for situation-specific guidance for building effective software requirements. Each pattern explains what a requirement needs to convey, offers potential questions to ask, points out potential pitfalls, suggests extra requirements, and other advice. This book also provides guidance on how to write other kinds of information that belong in a requirements specification, such as assumptions, a glossary, and document history and references, and how to structure a requirements specification. A disturbing proportion of computer systems are judged to be inadequate; many are not even delivered; more are late or over budget. Studies consistently show one of the single biggest causes is poorly defined requirements: not properly defining what a system is for and what it's supposed to do. Even a modest contribution to improving requirements offers the prospect of saving businesses part of a large sum of wasted investment. This guide emphasizes this important requirement need--determining what a software system needs to do before spending time on development. Expertly written, this book details

solutions that have worked in the past, with guidance for modifying patterns to fit individual needs—giving developers the valuable advice they need for building effective software requirements

Joseph Asbury Joyce, 1918

The Mountain David L. Golemon, 2015-08-04 In 1863 a meeting takes place between legendary war leaders—a secret alliance that will never show up in any American history books. A clandestine arrangement has been struck for a single chance to heal a war-torn nation. The mission is to bring the greatest prize in the world back to American soil—remnants of pre-history's greatest ship and most startling mystery. The prize may lie on a mountain top inside the fierce Ottoman Empire, yet the men who seek it are only days away from trying to kill one another. In 2007, America's darkest agency known to only a privileged few as the Event Group, has been tasked by the President to bring home a famous former astronaut who was on a mission to bring back the greatest biblical artifact--Noah's Ark. It will be up to the newly-installed Director of Security at Department 5656, Major Jack Collins and his team of brilliant men and women, to rescue the archeological expedition from forces that will kill to keep the mysterious artifacts inside the territorial borders of Turkey. THE MOUNTAIN is the latest entry in a series that ratchets up the suspense with each new installment. Combining the action of James Rollins and Matthew Reilly, David L. Golemon sets the bar even higher with his New York Times bestselling series--
