Grimgar of Fantasy and Ash: Volume 10 Ao Jyumonji,2018-08-15 There is a certain volunteer soldier in the mountains, deeply wounded and about to meet his end. On the verge of death, he remembers fragments of the world he once inhabited. And then, he questions. What is this world called Grimgar? Meanwhile, Haruhiro and his party have left Thousand Valley and are on their way to Alterna. In a forest along their route, they are attacked by massive ape-like monsters called guorellas. This forces them into a difficult battle against a troop of guorellas following a leader called Redback. While narrowly fending off their pursuers, they flee into a village where failed orcs live in hiding... He knows. In this world, there is no tomorrow that's guaranteed to come.

Airline Competition: Deregulation's Mixed Legacy George Williams,2017-07-05 The advantages of airline competition to consumers are clearly apparent. Lower fares, greater choice, more frequent flights and a wider range of available services have all been evident when the entry of a new competitor has occurred. In many instances however, after an initial, relatively short-lived, period of aggressive competition the new entrant has either gone bankrupt or found a less stressful existence co-operating in some manner with the incumbent. In this wide-ranging book, the author looks at the competitive arena in the post-regulation era and especially focusses on deregulation's legacy; globalization in a bilateral world breaking the link between nationality and airlines. The book is of special interest to those members engaged in the Airline Industry, Regulatory Authorities and Government Departments of Transport and Industry. It will be of value to academic specialists in transport economics and public policy; MSc students and Institutes of Transport; pressure groups and the Travel and Tourism Industry.
