*Online Security for the Business Traveler* Deborah Gonzalez, 2014-08-23 Whether attending conferences, visiting clients, or going to sales meetings, travel is an unavoidable necessity for many businesspeople. Today's high-tech enabled businessperson travels with electronic devices such as smartphones, tablets, laptops, health sensors, and Google Glass. Each of these devices offers new levels of productivity and efficiency, but they also become the weak link in the security chain: if a device is lost or stolen during travel, the resulting data breach can put the business in danger of physical, financial, and reputational loss. *Online Security for the Business Traveler* provides an overview of this often overlooked problem, explores cases highlighting specific security issues, and offers practical advice on what to do to ensure business security while traveling and engaging in online activity. It is an essential reference guide for any travelling business person or security professional. Chapters are organized by travel stages for easy reference, including planning, departure, arrival, and returning home. Touches on the latest technologies that today's business traveler is using. Uses case studies to highlight specific security issues and identify areas for improved risk mitigation.

*No Fear Allowed* Laura Herring, 2015-08-04 This business leader's biography is "an honest book, a rare insight into the truth of what entrepreneurs face every day" (Maxine Clark, founder, Build-A-Bear Workshop; founding member, PROSPER Women Entrepreneurs). In *No Fear Allowed*, Laura Herring traces her story from psychologist to entrepreneur and then business leader, sharing her experience as the Founder and Chairwoman of IMPACT Group, a global company she grew to almost fifty million dollars. Filled with straight talk from the frontlines of corporate America that can benefit anyone in business, no matter what level, this inspiring read reminds us that whether you're an entrepreneur, an intrapreneur in a corporate setting, or simply a lover of great business biographies, "No Fear Allowed" is not just a phrase. It's a battle cry! "An amazing, heartfelt personal story of overcoming failure after failure on the road to triumph . . . Her lessons learned at the end of each chapter are worth the price of the book alone." —Sandra Yancey, founder and CEO, eWomenNetwork

**Advancing the Impact of Design Science: Moving from Theory to Practice** Monica Chiarini Tremblay, Debra VanderMeer, Marcus Rothenberger, Ashish Gupta, Victoria Yoon, 2014-05-08 This book constitutes the thoroughly refereed proceedings of the 9th International Conference on Design Science Research in Information Systems and Technology, DESRIST 2014, held in Miami, FL, USA in May 2014. The 19 full papers, 7 research-in-progress papers and 18 short papers describing prototype demonstrations were carefully reviewed and selected from 71 submissions. The papers are organized in topical sections on design science; emerging themes; meta issues; methods; supporting business processes; team support; work-in-progress papers and prototypes.

*Small Boats, Weak States, Dirty Money* Martin N. Murphy, 2009 Many believe that pirates and other water-bound terrorists present a significant threat to international maritime security. Testing the validity of this claim, Martin N. Murphy scrutinizes recent incidents of maritime terrorism and locates the commonalities between pirates and maritime terrorists that enable them to commit their extensive crimes. Murphy's research opens up surprising sites of contact between pirates and wider criminal networks, organizations that pursue their corrupt agendas not only on sea but also on land. It is these relationships, Murphy argues, that bring about the destabilization of states and regions in which piracy occurs. Murphy's most significant revelation is the way in which maritime criminality may disguise insurgent and terrorist activity, allowing such actors greater freedom to maneuver. Although these acts currently rank as a low-level threat, piracy feeds off of political upheaval. Before they can evolve into a truly powerful and dangerous force, however, maritime terrorists and insurgents will have to overcome significant operational and technical issues. They must also capture the attention of an international audience by committing atrocities at sea that are as devastating as those committed on land.

**The Making of Memento** James Mottram, 2011-05-05 The brilliance of Christopher Nolan's ingenious thriller *Memento* has had moviegoers coming back for more. James Mottram now offers the fullest imaginable guide to the film's many complexities. *Memento's* protagonist Leonard Shelby (Guy Pearce) is on a mission to find the man who murdered his wife. But Leonard suffers from a rare form of amnesia, and in order to keep track of his life he must surround himself with written reminders, some etched on his own flesh . . . This invaluable guidebook steers the reader through the mysteries of the movie's making and its many possible meanings, with expert guidance from Nolan himself and his key creative collaborators.

**Process 2nd Edition** Jennifer Hudson, 2011-05-11 This book provides an in-depth study of the creative and manufacturing processes behind 50 contemporary domestic design objects. Chosen from around the world, they span furniture, lighting, tableware, and textiles. The work of both long-established and emerging designers is featured, with each product selected for its significant use of new technology, unorthodox, or complex production process, use of innovative materials and, in some cases, for the creative concept behind it.

**The Teaching Librarian** Kris Helge, Laura McKinnon, 2013-11-19 Librarians need to utilize web 2.0 tools to generate rich-text learning environments, creating enriching, challenging, and supportive learning platforms for students. *The Teaching Librarian* shows how to utilize wikis, mindmaps, and Second Life to improve pedagogy for librarians. This title covers how to obtain administration approval to implement web 2.0 tools, how to deal with and prevent technological glitches, and remain aware of relevant legal issues in the UK and the USA. The book also outlines how to create learning interfaces that meet the needs of nontraditional students. The six chapters cover key areas of pedagogy and web 2.0, including: the relevance of LibGuides and its uses for pedagogy; using cloud computing and mobile apps in teaching; teaching with Wikis, Second Life, and Mind Maps; practical issues with web 2.0 technology; and a chapter on the legal issues surrounding the use of web 2.0 for pedagogy. Provides examples of empirical research that tests the implementation of Second Life, wikis, and mind maps in pedagogical scenarios. Offers research that enables pedagogy while remaining aware of and complying with current United Kingdom and US legal frameworks. Provides case studies and empirical research showing how to gain acceptance of technology in academic environments.

**The Changing Face of Vietnamese Management** Chris Rowley, Quang Truong, 2009-09-23 Vietnam has emerged from long periods of colonialization, wars and ideological conflicts to become an important economic force within Asia and a promising destination for international business ventures. The latest book in the popular *Working in Asia* series, *The Changing Face of Vietnamese Management*, draws on the experiences of local, Vietnamese experts to offer a unique perspective on the opportunities, challenges and issues facing managers and organizations operating in this fascinating emerging market. The book: Contextualizes political, economic and social traditions. Discusses Vietnam's competitiveness within the global economy. Analyzes key functional areas, including HRM, marketing, finance and strategy. Examines key issues and new developments in management and business. This key text includes illustrative case studies and vignettes to provide broad coverage and content that would serve the needs of students and managers alike.

**The Gray Rhino** Michele Wucker, 2016-04-05 The #1 English-language bestseller in China--the book that is shaping China's planning and policy for the future. A gray rhino is a highly probable, high impact yet neglected threat: kin to both the elephant in the room and the improbable and unforeseeable black swan. Gray rhinos are not random surprises, but occur after a series of warnings and visible evidence. The bursting of the housing bubble in 2008, the devastating aftermath of Hurricane Katrina and other natural disasters, the new digital technologies that upended the media world, the fall of the Soviet Union...all were evident well in advance. Why do leaders and decision makers keep failing to address obvious dangers before they spiral out of control? Drawing on her extensive background in policy formation and crisis management, as well as in-depth interviews with leaders from around the world, Michele Wucker shows in *The Gray Rhino* how to recognize and strategically counter looming high impact threats. Filled with persuasive stories,

real-world examples, and practical advice, *The Gray Rhino* is essential reading for managers, investors, planners, policy makers, and anyone who wants to understand how to profit by avoiding getting trampled.

**Digital Detectives** Crystal Fulton, Claire McGuinness, 2016-05-05 *Digital Detectives: Solving Information Dilemmas in an Online World* helps students become independent and confident digital detectives, giving them the tools and tactics they need to critically scrutinize web-based digital information to ascertain its authenticity, veracity, and authority, and to use the information in a discerning way to successfully complete academic tasks. Enabling students to select and use information appropriately empowers them to function at a higher level of digital information fluency, acting as discerning consumers of, and effective contributors to, web-based information. Offers a situated, problem-solving approach to deepen students' analytical and research skills Explores a practical, real-life dilemma that is typically experienced by undergraduates in the course of their academic work, especially those transitioning from secondary to third-level education Focuses on the authentic educational needs of undergraduates as expressed by educators, but also students themselves Addresses a specific central dilemma which is identified at the outset, but also uses the opportunity to reveal to students the broader contextual issues which frame the problem they are exploring

**The Digital Evolution of Live Music** Angela Jones, Rebecca Jane Bennett, 2015-07-17 The concept of 'live' has changed as a consequence of mediated culture. Interaction may occur in real time, but not necessarily in shared physical spaces with others. *The Digital Evolution of Live Music* considers notions of live music in time and space as influenced by digital technology. This book presents the argument that live music is a special case in digital experience due to its liminal status between mind and body, words and feelings, sight and sound, virtual and real. Digital live music occupies a multimodal role in a cultural contextual landscape shaped by technological innovation. The book consists of three sections. The first section looks at fan perspectives, digital technology and the jouissance of live music and music festival fans. The second section discusses music in popular culture, exploring YouTube and live music video culture and gaming soundtracks, followed by the concluding section which investigates the future of live music and digital culture. gives perspectives on the function of live music in digital culture and the role of digital in live music focuses on the interaction between live and digital music takes the discussion of live music beyond economics and marketing, to the cultural and philosophical implications of digital culture for the art includes interviews with producers and players in the digital world of music production furthers debate by looking at access to digital music via social media, websites, and applications that recognise the impact of digital culture on the live music experience

**America's First Automobile** James Frank Duryea, 2012-08-01

**The Inn at Little Washington Cookbook** Patrick O'Connell, 2011-11-02 110 sparkingly original recipes from the world-renowned self-taught chef and founder of the three-star Michelin restaurant The Inn at Little Washington Patrick O'Connell, a self-taught chef who read cookbooks to learn how to cook, began his culinary career with a catering business in an old farmhouse, cooking on a wood stove with an electric frying pan purchased for \$1.49 at a garage sale. To O'Connell's surprise, the pan was able for boil, sauté, and deep fry for parties of up to 300 guests, which sharpened his awareness of how much could be done with very little. In 1978, his catering business evolved into a country restaurant and Inn, operating out of a defunct garage in a small Virginia town affectionately referred to as "Little" Washington. Now a multiple James Beard Award-winning and Michelin star restaurant, The Inn at Little Washington was America's first five-star Inn. In *The Little Inn at Washington Cookbook*, O'Connell assembles elegant, simple, and straightforward recipes that elevate everyday ingredients. With helpful, detailed instructions, O'Connell teaches you how to make over one hundred dishes, from Fresh Tuna Tartare on Tuna Carpaccio with Wasabi Mayonnaise and Miniature Caramelized Onion Tartlets to Rockfish Roasted with White Wine, Tomatoes, and Black Olives on Toasted Couscous and Steamed Lobster with Grapefruit Butter Sauce. He also includes delicious desserts, such as Rosemary Crème Brûlée and Double-Pumpkin Roulade, and savory sides, like Creamy Garlic Polenta and My Grandmother's Baked Beans. With over three hundred stunning, mouthwatering photographs and thoughtful reflections from O'Connell, *The Inn at Little Washington Cookbook* is a fresh and glorious resource and a romantic culinary journey through the Virginia countryside.

**New Directions for Academic Liaison Librarians** Alice Crawford, 2012-04-24 Aimed at practitioners and students of librarianship, this book is about interesting and unusual practical projects currently being run by academic liaison librarians. It shows how liaison librarians can extend their roles beyond the established one of information literacy teaching and showcases areas in which they can engage in collaborative ventures with academic and administrative staff. Designed to excite and inspire, *New Directions for Academic Liaison Librarians* demonstrates the potential of the liaison role and emphasises the need for flexibility, imagination and initiative in those who hold these posts. Unique in concentrating on the role of the new community of academic liaison librarians Recognises the wider possibilities for development open to this different new breed of information specialist Written by a practitioner in the field

*Steps by Steps* Don Edkins, Iikka Vehkalahti, 2008 The *Steps for the Future* documentary film project began in 2000, as a shared journey by talented African filmmakers and well-known professionals from around the world. The experience of the North combined with the knowledge of the South was an auspicious fusion that helped create 38 unique films. It was also the catalyst for new documentary projects such as *Why Democracy?* All the films produced dealt with the question of death and the enormous problem of HIV and AIDS in Southern Africa. Films that millions of people have seen worldwide, that have received awards from Cannes to Zanzibar, and \2013 dubbed into local languages \2013 are still used throughout southern Africa. *Steps by Steps* provides an honest and thorough picture of the process, step by step. Detailed accounts of the logistics of making the series are mingled with reflections on the art of direction, working with other people and the reality of the lives of those people affected by HIV and AIDS. *Steps by Steps* gives a rare behind-the-scenes look at the making of documentary films and the building of a worldwide project, complete with its problems and triumphs, mistakes and unique results--Publisher's website.
