Color Medicine Charles Klotsche, 2012-05-21 A new dimension in holistic healing, Color Medicine provides a powerful technique for treating specific imbalances and strengthening the immune system. By combining aura-attuned chromatherapy with harmonious sounds, tissue salts, and hydrochromatherapy, the 49th vibrational technique was developed. It is safe, simple, economical, and highly effective. A breakthrough, yet as old as recorded medicine, it utilizes the subtle energy vibrations similar to those found in the visible spectrum--the 49th octave. Light energy is processed through color filters and irradiated into the aura. By matching corresponding wavelengths to the organs and systems of the body, it strengthens or sedates energy in the distressed areas, creating a support system for the healing process. A textbook and how-to handbook, it encompasses an encyclopedia of vital fascinating information, charts, diagrams, and tables, as well as methods of treatment and technical advice. Whether you are a holistic practitioner or merely curious, this book marks a new frontier in the world of alternative healing. Explore the electromagnetic effects on physical/etheric bodies Recognizing the aura; color meanings and tonal equivalents Adjusting the body's oscillations by sound Effects of monochord/color and rhythm on the body Interplay between music and the chakra system Biochemical system's dependency on light Materials and practical techniques 123 major illnesses and their treatments

The Mysterious Sea Bunny Peter Raymundo,2021-07-20 For fans of quirky and informative picture books such as *Pink Is for Blobfish* and *Give Bees a Chance* comes a delightful story about a sea slug who is way more than meets the eye. Shh, we are about to observe the one-inch-long sea bunny as it journeys sloooooowly across the ocean floor! Along the way, we'll learn some interesting facts: how it crawls upside-down using slime, how it breathes through its . . . um . . . fluffy-looking backside, and why predators would be in for an unsavory surprise if they ever got ahold of it. Young readers will float away with loads of new knowledge about this fascinating sea slug species, and they'll be reminded to never judge a book by its cover--or a sea slug by its slime.

Street of Eternal Happiness Rob Schmitz,2016-05-17 An unforgettable portrait of individuals who hope, struggle, and grow along a single street cutting through the heart of Shanghai, from one of the most acclaimed broadcast journalists reporting on China. Modern Shanghai: a global city in the midst of a renaissance, where dreamers arrive each day to partake in a mad torrent of capital, ideas, and opportunity. Marketplace's Rob Schmitz is one of them. He immerses himself in his neighborhood, forging deep relationships with ordinary people who see in the city's sleek skyline a brighter future, and a chance to rewrite their destinies. There's Zhao, whose path from factory floor to shopkeeper is sidetracked by her desperate measures to ensure a better future for her sons. Down the street lives Auntie Fu, a fervent capitalist forever trying to improve herself with religion and get-rich-quick schemes while keeping her skeptical husband at bay. Up a flight of stairs, musician and café owner CK sets up shop to attract young dreamers like himself, but learns he's searching for something more. As Schmitz becomes more involved in their lives, he makes surprising discoveries which untangle the complexities of modern China: A mysterious box of letters that serve as a portal to a family's--and country's--dark past, and an abandoned neighborhood where fates have been violently altered by unchecked power and greed. A tale of 21st-century China, *Street of Eternal Happiness* profiles China's distinct generations through multifaceted characters who illuminate an enlightening, humorous, and at times heartrending journey along the winding road to the Chinese Dream. Each story adds another layer of humanity and texture to modern China, a tapestry also woven with Schmitz's insight as a foreign correspondent. The result is an intimate and surprising portrait that dispenses with the tired stereotypes of a country we think we know, immersing us instead in the vivid stories of the people who make up one of the world's most captivating cities.

Edgar is a jellyfish, but he doesn't look, act, or feel very much like a fish. With a little help though from some friendly

starfish, Edgar realizes that labels aren't important, and he should celebrate what makes him unique!
