Aquatic Sports Louise Spilsbury, 2019-07-15 Supergirls have been making their own waves in water sports. Women athletes have excelled at sports such as free diving, surfing, and white water kayaking. They've also sailed around the world. Readers of this thrilling text learn about the unusual world of water sports and also about skills athletes use to be successful. Intense photographs capture the excitement of water sports, and case studies of women athletes overcoming obstacles are inspirational, especially for young girls interested in high-energy, adventurous sports.

The Economics of Aquatic Sports Jill S. Harris, 2020-09-18 This volume examines the economics of aquatic sports. Covering topics ranging from youth participation, collegiate level amateurism, and professional performance issues, to the history of Olympic level swim and water polo programs, the chapters illuminate economic motivations behind the behavior and performance characteristics of this industry. Labor-related themes regarding compensation, exploitation and discrimination are examined. The volume is also especially timely, including discussions of the impacts of technological change, the hot hand effect, confirmation bias, and doping. By answering questions about these key issues in sport, this book hopes to shed light on behaviors outside of sport and provide an enhanced understanding of individual, group, and industry decision making and performance under conditions of scarcity and uncertainty. This book will be of interest to those studying sports economics, sports management, or applied microeconomic theory as well as professionals in the sports field: sports managers, agents, media experts, coaches, athletic directors and development leaders.

The Australia Day Regatta Christine Cheater, Jennifer Debenham, 2014-02-01 The Australia Day Regatta has been held on Sydney Harbour every year since 1837. Believed to be the oldest continuously held annual regatta in the world, it has grown and flourished and today involves close to 700 vessels – from ocean-going yachts to small sailing dinghies – and thousands of participants. Illustrated with vibrant images of regattas past and present, this book offers a slice of Sydney's history through its enduring yachting traditions. It traces not only the fascinating history of this unique event, but the story of sailing in Sydney since the early years of the colony, and the regatta's dedicated supporters and patrons.

Sports-related Fractures, Dislocations and Trauma Morteza Khodaei, Anna L. Waterbrook, Matthew Gammons, 2020-04-16 This exciting, user-friendly text covers everything sports medicine and emergency clinicians need to know when encountering sports-related injuries and trauma, whether on the field or in the office. Divided into eight thematic sections, all aspects of musculoskeletal and other trauma care are described in detail, with each chapter including key points for quick reference. The opening section presents general approaches to sports-related trauma, from initial evaluation and acute management to stabilization, anesthesia and imaging. The different types of fractures and dislocations, as well as musculoskeletal healing complications, are covered in part two. The next three sections then take in-depth looks at bone and joint trauma in the upper extremity, lower extremity and axial skeleton, respectively. Soft tissue and other sports-related trauma comprise parts six and seven - from tendons, ligaments, nerves and more to chest, head and facial injuries. The final and largest section presents sports-specific injuries, covering more than 30 individual and team activities from baseball, basketball

and hockey to swimming, sailing and triathlon. Throughout, copious figures, photographs and tables enhance and advance the content for a complete, well-rounded examination of the field. Comprehensive but not complex, Sports-related Fractures, Dislocations and Trauma is a practical, high-yield manual for sports medicine and emergency care specialists, primary care physicians and any other professionals caring for athletes both on the field and in the office.
