**Arcanum** Simon Morden,2014-01-28 Rome was the center of the most powerful empire the world had ever seen, but that didn't stop it falling to Alaric the Goth, his horde of barbarian tribesmen and their wild spell-casting shamans. Having split the walls with their sorcery and slaughtered the inhabitants with their axes, the victors carved up the empire into a series of bickering states which were never more than an insult away from war. A thousand years later, and Europe has become an almost civilized place. The rulers of the old Roman palatinates confine their warfare to the short summer months, trade flourishes along the rivers and roads, and farming has become less back-breaking, all due to the magic, bestowed by gods, that infuses daily life. Even the barbarians' gods have been tamed: where once human sacrifices poured their blood onto the ground, there are parties and picnics, drinking and singing, fit for decent people and their children. But it looks like the gods are going to have the last laugh before they slip quietly into ill-remembered obscurity...

**Sigil & Shadow** R.E. Davis, 2021-07-22 Set in a mirror of our own world, *Sigil & Shadow* is a roleplaying game of urban fantasy and occult horror in which players take on the roles of illuminated heroes and shadowed monsters to face the rising tide of supernatural forces. Ancient nightmares lurk behind the closed doors of board rooms, entities from beyond time prowl the city streets, forgotten rituals are reborn as viral memes. Do you take a stand against the encroaching shadows? Or do you seek their power for yourself? Powered by the highly accessible d00Lite system, *Sigil & Shadow* focuses squarely on the story rather than the mechanics - who the characters are and what they do, not how they do it. Easy to adopt to any mythos, campaigns can be built around a wide range of plots, with players taking the role of anything from paranormal investigators and monster hunters to members of occult cabals or secret societies. The setting offered sees a modern world buffeted by the tides of supernatural power, where beings of myth wake from their slumber while modern cults sacrifice to pop-culture gods and ancient cabals pursue their age-old schemes into the digital age.

**Enchanted New York** Kevin Dann, 2020-10-27 A fantastical field guide to the hidden history of New York's magical past Manhattan has a pervasive quality of glamour—a heightened sense of personality generated by a place whose cinematic, literary, and commercial celebrity lends an aura of the fantastic to even its most commonplace locales. *Enchanted New York* chronicles an alternate history of this magical isle. It offers a tour along Broadway, focusing on times and places that illuminate a forgotten and sometimes hidden history of New York through site-specific stories of wizards, illuminati, fortune tellers, magicians, and more. Progressing up New York's central thoroughfare, this guidebook to magical Manhattan offers a history you won't find in your *Lonely Planet* or *Fodor's* guide, tracing the arc of American technological alchemies—from Samuel Morse and Robert Fulton to the Manhattan Project—to Mesmeric physicians, to wonder-working Madame Blavatsky, and seers Helena Roerich and Alice Bailey. Harry Houdini appears and disappears, as the world's premier stage magician's feats of prestidigitation fade away to reveal a much more mysterious—and meaningful—marquee of magic. Unlike old-world cities, New York has no ancient monuments to mark its magical adolescence. There is no local memory embedded in the landscape of celebrated witches, warlocks, gods, or goddesses—no myths of magical metamorphoses. As we follow Kevin Dann in geographical and chronological progression up Broadway from Battery Park to Inwood, each chapter provides a surprising picture of a city whose ever-changing fortunes have always been founded on magical activity.

**Forbidden Magic** Angus Wells, 2009-12-23 In the time of the beginning, when the First Gods created all things, they brought forth two children, Tharn and Balatur, lesser gods, to walk upon the new world. But Balatur was arrogant. Tharn was consumed with madness, and the First Gods were forced to condemn them to an eternal, deathlike sleep, lest they destroy creation. Now a mysterious wizard seeks to awaken the mad Tharn and unleash his terrifying power into the world. If he succeeds, the god's insane fury could rip apart the fabric of existence and give the diabolical magician what he seeks most of all: the scepter of domination over the forces of chaos. Only the young scholar Calandryll has the knowledge and skill to stop the evil wizard's plan. Accompanied by a cynical mercenary, protected by an enigmatic magic, he must journey across a war-torn countryside, facing terror and treachery both real and magical, to find the ancient book whose incantations can bring the evil god back to life — and destroy it forever. *Forbidden Magic* is the thrilling beginning of *The Godwars*, an epic adventure of heroism and sorcery by one of the most exciting new writers of fantasy today.

Lévi thinks that people regard magic erroneously and narrow it to a collection of tricks. On the contrary, magic is practicing the concentration of will, imagination, and psychic power to influence the minds of other people and the phenomena of reality. In *The History of Magic*, Lévi compares the magical components of different religious traditions and organizations, like pagan beliefs, Kabbalah, Christian Catholicism, Illuminati, and Freemasonry. He states that true magic is earthed under the parables, fables, and wonder stories with peculiarities in every division. Yet, they all have a common basis, which Lévi describes as the true magic which imparts real science. Lévi's books greatly influenced the development of different occult and mystical movements in Europe and the United States, including the Theosophical Society of Helena Blavatsky.

**The History of Magic** Éliphas Lévi, 2023-11-23 This is one of the most influential works of Éliphas Lévi. He believes that people regard magic erroneously and narrow it to a collection of tricks. On the contrary, magic is practicing the concentration of will, imagination, and psychic power to influence the minds of other people and the phenomena of reality. In *The History of Magic*, Lévi compares the magical components of different religious traditions and organizations, like pagan beliefs, Kabbalah, Christian Catholicism, Illuminati, and Freemasonry. He states that true magic is

earthed under the parables, fables, and wonder stories with peculiarities in every division. Yet, they all have a common basis, which Lévi describes as the true magic which imparts real science. Lévi enumerates in the preface the nine fundamental tenets of magic, such as magic is real and true; it is kept secret, it gives a man super-human powers, it is ruled, practiced, and shared to us by Magi, initiation to Magi provides a human with power over other human's will and control of thoughts, conventional religions are the parable of the proper knowledge. They are valid for the crowd but not for an initiated person. The book chapters are dedicated to the magic of the Magi, Magic in Ancient Greece, the Kabbalah, primitive symbolism, mysticism, oracles, magical monuments, the relations between magic and Christianity, pagan magic, masons, Illuminati, and more. Lévi's books greatly influenced the development of different occult and mystical movements in Europe and the United States, including the Theosophical Society of Helena Blavatsky.

[Magic Rising: An Elemental Witches Paranormal Romance](#) Elsa Jade, 2023-04-27 Enter a secret world hidden within our own, where elemental witches once wove the energies of Earth, Fire, Water, and Air into an ancient artifact of power that changed humanity. The Sundered Chalice was buried for a millennia, but it's about to be found again... I'm Evalith Azarra—an Earth witch with broken magic. When I lost control of my magic, I was banished. Luckily, in Iceland no one minds a few earthquakes. But plagued by nightmares of an elemental apocalypse, I'm forced back to the West Coast alchemancers. My sister is in danger as she ascends to rule House Azarra—a place that would've been mine. I don't belong there anymore, and with my Earth magic twisted by chaos, I bring more trouble than answers. Now I'm stuck with my sister's bodyguard. He's buff, badass—and a disbeliever, with no magical awareness...until me. I'm Van Asher—just a bodyguard who never had to believe in magic. The gold flecks in her eyes are too rich for my blood, and the fairy tales she tells too impossible to imagine. But when this barefoot witchy princess literally rocks my world, I have no chance: we're bonded. Evalith claims she has no power, but she does...over me. Not a problem, since the explosions she triggers and bone-deep desire—also her fault—will probably kill me. Weirdly, there's no place else I want to be, even if this bewitching Earth becomes my grave. We seek the Sundered Chalice—a long-lost elemental relic that might save our world...or unleash the shockwave that destroys it. Magic is rising, and whispers of upheaval threaten to unbalance House Azarra. We must unite the alchemancers once again. But our quest will compel us together too—too close, when every touch risks shattering the separation between magic and disbelief that's protected both our worlds. And we're not the only ones searching for the Sundered Chalice... \*\*\* MAGIC RISING is the first book in a new contemporary paranormal urban fantasy romance series from Elsa Jade (ExCap Files, Masters of the Flame, Big Sky Alien Brides) with three Gen Z witch sisters finding the right place—and love—for themselves while fighting to bring magic back to our everyday world.
