The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

You Are Enough: A Book About Inclusion Margaret O'Hair, Sofia Sanchez, 2021-03-02 A beautiful and inclusive picture book all about celebrating being yourself from Down syndrome advocate and viral sensation Sofia Sanchez! It can be hard to be different -- whether because of how you look, where you live, or what you can or can't do. But wouldn't it be boring if we were all the same? Being different is great! Being different is what makes you YOU. This inclusive and empowering picture book from Sofia Sanchez -- an 11-year-old model and actress with Down syndrome -- reminds readers how important it is to embrace your differences, be confident, and be proud of who you are. Imagine all of the wonderful things you can do if you don't let anyone stop you! You are enough just how you are. Sofia is unique, but her message is universal: We all belong. So each spread will feature beautiful, full-color illustrations of a full cast of kid characters with all kinds of backgrounds, experiences, and abilities. This book will also include back matter with a brief bio of Sofia and her journey so far, as well as additional information about Down syndrome and how we can all be more accepting, more inclusive, and more kind.

SHADOWBOXING Jorge A Barriere-Mendez, 2015-03-13 A short story collection conceived out of a life-long intuition: know FEAR, with all of its versions and manifestations, and one will know MAN.

The collection is a dissertation of fears. It is ten years of accumulated story telling, in itself, a postulation that reflects the many changes in the life of a writer. Section One is the process that one particular man undertook to get to authenticity; an inner-dialogue about existence, dying, and love, only to find himself at the end, alone and facing his own image in a bathroom mirror. Section Two is a compilation of short stories about the daily-ness of fears and the many ways in which they creep into our lives, deciding and acting for us. Section Three is an adventure story, a change of pace, an imagined and new beginning for mankind. Or perhaps, not!

The Eyes of the Eagle Gary Linderer,1991-03-02 In the 101st Airborne, if you cared enough to send the very best, you sent The Howlers. Gary Linderer volunteered for the Army, then volunteered for Airborne training. When he reached Vietnam in 1968, he was assigned to the famous "Screaming Eagles," the 101st Airborne Division. Once there, he volunteered for training and duty with F Company 58th Inf, the Long Range Patrol company that was "the Eyes of the Eagle." F Company pulled reconnaissance missions and ambushes, and Linderer recounts night insertions into enemy territory, patrols against NVA antiaircraft emplacements and rocket-launching facilities, the fragging of an unpopular company commander, and one of the bravest demonstrations of courage under fire

that has ever been described. The Eyes of the Eagle is an accurate, exciting look at the recon soldier's war. There are none better.
