Al Sweigart

Ribofunk Paul Di Filippo, 2014-04-01 Tackling genetic engineering, “Di Filippo’s effervescent prose can provoke both hilarity and haunting reflections on our species’ possible fate” (Publishers Weekly). Ribofunk contains eleven masterful and surprising works of imagination. In all of them, biology is the science that drives the engine of life and of story: the Protein Police patrol for renegade gene-splicers; part-human sea creatures live in the Great Lakes and clean up toxic spills; a river has become sentient; there is a bodyguard who is part wolverine and a thrill-seeker climbs a skyscraper and gets stuck, literally.

Pro Full-Text Search in SQL Server 2008 Hilary Cotter, Michael Coles, 2009-01-29 Businesses today want actionable insights into their data—they want their data to reveal itself to them in a natural and user-friendly form. What could be more natural than human language? Natural-language search is at the center of a storm of ever-increasing web-driven demand for human-computer communication and information access. SQL Server 2008 provides the tools to take advantage of the features of its built-in enterprise-level natural-language search engine in the form of integrated full-text search (iFTS). iFTS uses text-aware relational queries to provide your users with fast access to content. Whether you want to set up an enterprise-wide Internet or intranet search engine or create less ambitious natural-language search applications, this book will teach you how to get the most out of SQL Server 2008 iFTS: Introducing powerful iFTS features in SQL Server, such as the FREETEXT and CONTAINS predicates, custom thesauruses, and stop lists Showing you how to optimize full-text query performance through features like full-text indexes and iFilters Providing

examples that help you understand and apply the power of iFTS in your daily projects

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Bone Detective: Lorraine Jean Hopping, 2006-04-30 Diane France loves bones. Why? Because they talk to her. Every skeleton she meets whispers secrets about the life-and death-of its owner. Diane France can hear those secrets because she's a forensic anthropologist, a bone detective. She has the science skills and know-how to examine bones for clues to a mystery: Who was this person and how did he or she die? Bones tell Diane about the life and times of famous people in history, from a Russian royal family to American outlaws and war heroes. They speak to her about murders, mass disasters, and fatal accidents. One day she's collecting skeletal evidence at a crime scene. A phone call later she's jetting to the site of a plane crash or other

unexpected tragedy to identify victims. Young readers will be captivated by the thrilling real-life story of this small-town girl full of curiosity and mischief who became a world-famous bone detective.

Hacking Secret Ciphers with Python Al Sweigart, 2013 * * * This is the old edition! The new edition is under the title Cracking Codes with Python by Al Sweigart * * * Hacking Secret Ciphers with Python not only teaches you how to write in secret ciphers with paper and pencil. This book teaches you how to write your own cipher programs and also the hacking programs that can break the encrypted messages from these ciphers. Unfortunately, the programs in this book won't get the reader in trouble with the law (or rather, fortunately) but it is a guide on the basics of both cryptography and the Python programming language. Instead of presenting a dull laundry list of concepts, this book provides the source code to several fun programming projects for adults and young adults.

Mike Matusow: Check-Raising the Devil Mike Matusow, Amy Calistri, Tim Lavalli, 2012-05-01 The tumultuous rags to riches, fame to fortune, dream to nightmare autobiography of the most volatile and colorful poker player in the world, fan and media favorite Mike "The Mouth" Matusow. This book has it all: drugs, sex, partying like a rock star, jail, suicidal depression, bipolar bouts and world championship poker. Mike "The Mouth" Matusow, one of the top professional poker players in the world (with over \$6 million in tournament earnings) has become more than just a household name. He's a favorite among the millions of television viewers who have come to count on his outrageously candid comments, emotional outbursts, and constant taunts that affirm the aptness of his nickname and make for great television theatre. A rags-to-riches success story, Matusow's life has been as much nightmare as it has

been dream. His struggle with undiagnosed bipolar and ADHD disorders led to self-medication with illegal drugs, such as crystal meth and ecstasy, and a tumultuous descent in the drug-fueled Las Vegas club scene. As drug use turned to drug abuse, Matusow's descent, taking his multi-million dollar bankroll along, went on the downward spiral that led to an arrest for a narcotics buy and the specter of a ten-year prison term (subsequently plea bargained down to a six month jail sentence). The Mouth's story is a high stakes rollercoaster ride featuring an insider's view of some of the world's largest poker tournaments, unbearable depression and suicidal tendencies, the Las Vegas party scene, rock star-like excess, outrageous antics, drug abuse, jail, and, in many ways, salvation. And through the worst of it, Matusow's phenomenal talent and tenacity prevailed; there was never a year that Mike failed to make a final table in a World Series of Poker event. This memoir is funny, outspoken and brash, while humbly and painfully honest about the highs and lows of poker, life, and the odyssey of overcoming psychological illness in a bastion of pressure and temptation. There is also a foreword by Phil Hellmuth, 11-time World Series of Poker bracelet holder.
