**Wrestling with Shylock** Edna Nahshon, Michael Shapiro, 2017-03-10 Shakespeare's *The Merchant of Venice* occupies a unique place in world culture. As the fictional, albeit iconic, character of Shylock has been interpreted as exotic outsider, social pariah, melodramatic villain and tragic victim, the play, which has been performed and read in dozens of languages, has served as a lens for examining ideas and images of the Jew at various historical moments. In the last two hundred years, many of the play's stage interpreters, spectators, readers and adapters have themselves been Jews, whose responses are often embedded in literary, theatrical and musical works. This volume examines the ever-expanding body of Jewish responses to Shakespeare's most Jewishly relevant play.

**Bryophyte Ecology and Climate Change** Zoltán Tuba, Nancy G. Slack, Lloyd R. Stark, 2011-01-06 Bryophytes, especially mosses, represent a largely untapped resource for monitoring and indicating effects of climate change on the living environment. They are tied very closely to the external environment and have been likened to 'canaries in the coal mine'. *Bryophyte Ecology and Climate Change* is the first book to bring together a diverse array of research in bryophyte ecology, including physiology, desiccation tolerance, photosynthesis, temperature and UV responses, under the umbrella of climate change. It covers a great variety of ecosystems in which bryophytes are important, including aquatic, desert, tropical, boreal, alpine, Antarctic, and Sphagnum-dominated wetlands, and considers the effects of climate change on the distribution of common and rare species as well as the computer modeling of future changes. This book should be of particular value to individuals, libraries, and research institutions interested in global climate change.

**Soil Microbial Communities in Early Ecosystems** Aria Stefanee Hahn, 2012

**Pacific Coast Musical Review**, 1919

**Schwann Supplementary Catalog**, 1970

**Daniels' Orchestral Music** David Daniels, David W. Oertel, David A. Rahbee, 2022-06-30 *Daniels' Orchestral Music* is the gold standard reference for conductors, music programmers, librarians, and any other music professional researching an orchestral program. This sixth edition, celebrating the fiftieth anniversary of the original work, includes over 14,000 entries with a vast number of new listings and updates.

**Art in America** Frank Jewett Mather, Frederic Fairchild Sherman, 1985-07

*Word Art + Gesture Art = Tone Art* Hanns-Werner Heister, Hanjo Polk, Bernhard Rusam, 2023-03-06 This book offers a truly interdisciplinary discussion on the relationship between the vocal and the instrumental in music and other arts and in everyday communication alike. Presenting an in-depth systematical and historical analysis of the evolution of word and gesture art, it gives extensive information on the anthropological, biological, and physiological influences and interactions in music and beyond. The book gives a unique definition of the genuinely vocal and instrumental from their generative deep structure: They derive from and are determined in their production by the duality of voice and hands, and in terms of product as the tone or 'tonal' on the one hand, and the percussive, that is noise plus rhythm, on the other. This book succeeds in bringing together perspectives from art, and from natural and social sciences, merging them to offer new explanations about the relationship between the vocal and instrumental, and eventually about the origins of music, arts, and language. It offers new perspectives on the intertwining between the vocal and the instrumental, specifically in the context of the expressions of human languages. At the same time, this book aims at clarifying and explaining the role of words and gestures in different contexts, such as society and communication, education, and arts.

**Musical America**, 1916

**Yuarn Music Dramas** Dale Johnson, 2020-08-06 Part One of *Yuarn Music Dramas* presents a detailed analysis of form and structure in Yuarn music

drama, with sections on the act, the suite, the aria, the verse, metrics of repeated graph patterns, parallelism, and the matching of suite and mode. [vii] Part Two presents the first catalogue of arias of its kind to be published in a language other than Chinese. It is a compilation of all of the arias in the northern dramatic style that are found in the 162 titles contained in the Yuarn-chyuu shyuann and the Yuarn-chyuu shyuaan waih-bian. It is modeled on several such catalogues compiled over the past six hundred years. [99]

*La radiologia medica rivista mensile* ,1928

*American Record Guide* ,2002

**Gustav Mahler: Volume 3. Vienna: Triumph and Disillusion (1904-1907)** Henry-Louis de La Grange,1995 When the second volume of de La Grange's monumental study of Mahler appeared, it was hailed in *The New Yorker*, *The Washington Post*, *The Los Angeles Times*, and many other publications as an indispensable portrait of the great composer. Here at last is the third volume of this magisterial work. Ranging from 1904 to 1907, it explores Mahler's final years as administrator, producer, and conductor of the Vienna Opera. It was a time of intense inner struggle, with Mahler's energy and creative powers drained by the competing demands of running the Hofoper and struggling for recognition as a composer. And they were tragic years as well, especially 1907, Mahler's last year in Vienna, when the death of his daughter and the diagnosis of heart disease forced him to leave the Opera. Throughout the book, de La Grange offers true-to-life portraits of Mahler the human being, the family man, and the composer, and he weaves in innumerable testimonies and anecdotes that throw new light on the great composer's complex personality. The product of forty years of research, here is the definitive study of a musical giant. It is, as *The Wall Street Journal* said of volume two, a work of the first importance, one that nobody seriously interested in Mahler can possibly afford to skip.

*Society; Or, High Life in Germany* Ida Hahn-Hahn (Gra),1854

The Jewess Pallas Athena Barbara Hahn,2016-07-26 This book begins in the mid-eighteenth century with the first Jewish women to raise their voices in German. It ends two hundred years later, with another group of Jewish women looking back at a country from which they had been expelled and to which they would never want to return. Among the many prominent female intellectuals and literary figures Barbara Hahn discusses are Hannah Arendt, Gertrud Kantorowicz, Rosa Luxemburg, Else Lasker-Schuler, Margarete Susman, and Rahel Levin Varnhagen. In examining their writing, she reflects upon the question of how German culture was constructed - with its inherent patterns of exclusion.--Jacket.

**Neue Ausgabe sämtlicher Werke: Kantaten** Johann Sebastian Bach,1954

Wireless World ,1934

**Die Frau Ohne Schatten by Hugo Von Hofmannsthal and Richard Strauss** Sherrill Hahn Pantle,1978 Many of Strauss's and Hofmannsthal's biographers have censured the collaboration in which these two men engaged. The Hofmannsthal scholars express the belief that Strauss's sensual settings inundate the libretti, while the Strauss biographers tend to blame the poet for the composer's loss of pre-eminence in the musical avant-garde. The assumption that the poet or the composer would have produced better works had he not collaborated with the other stands behind criticisms of this nature. This study avoids such prejudicial methodology by basing its conclusions upon an exhaustive analysis of one opera and by confining its discussion to the soluble question of whether or not Strauss was successful in fulfilling Hofmannsthal's desires for the libretto of that opera.

*The Vortex* Noël Coward,2023-05-11 The roaring twenties. A world in flux. The magnetic Florence Lancaster draws people to her like moths to a flame. But when her son Nicky arrives home from Paris with an unexpected fiancée and a secret, it sets off a chain of events which threatens to pull them all into a maelstrom. Noël Coward's brilliantly witty and stinging portrait of the darkness beneath the glittering surface of the Jazz Age is as vivid today as when it premiered, causing a sensation and catapulting its young writer to his first great success. This revised edition returns to Coward's

original drafts and was published to coincide with Chichester Festival Theatre's new production directed by Daniel Raggett and starring Lia Williams and Joshua James, in April 2023.

**The Vortex** Noel Coward, 2022-08-21 Published in 1924, *The Vortex* is a play in three acts by the English writer and actor Noël Coward. The play depicts the sexual vanity of a rich, ageing beauty, her troubled relationship with her adult son, and drug abuse in British society circles after the First World War. The son's cocaine habit is seen by many critics as a metaphor for homosexuality, then taboo in Britain. Despite, or because of, its scandalous content for the time, the play was Coward's first great commercial success.
