The Judgment of Culture Lawrence Rosen,2017-08-09 Legal systems do not operate in isolation but in complex cultural contexts. This original and thought-provoking volume considers how cultural assumptions are built into American legal decision-making, drawing on a series of case studies to demonstrate the range of ways courts express their understanding of human nature, social relationships, and the sense of orderliness that cultural schemes purport to offer. Unpacking issues such as native heritage, male circumcision, and natural law, Rosen provides fresh insight into socio-legal studies, drawing on his extensive experience as both an anthropologist and a law professional to provide a unique perspective on the important issue of law and cultural practice. The Judgement of Culture will make informative reading for students and scholars of anthropology, law, and related subjects across the social sciences.

Leslie Marmon Silko David L. Moore,2016-09-22 A major American writer at the turn of this millennium, Leslie Marmon Silko has also been one of the most powerful voices in the flowering of Native American literature since the publication of her 1977 novel Ceremony. This guide, with chapters written by leading scholars of Native American literature, explores Silko's major novels Ceremony, Almanac of the Dead, and Gardens in the Dunes as an entryway into the full body of her work that includes poetry, essays, short fiction, film, photography, and other visual art. These chapters map Silko's place in the broad context of American literary history. Further, they trace her pivotal role in prompting other Indigenous writers to enter the conversations she helped to launch. Along the way, the book engages her historical themes of land, ethnicity, race, gender, trauma, and healing, while examining her narrative craft and her mythic lyricism.

Lucy Stone Sally G. McMillen,2014-12-30 In the rotunda of the nation's Capital a statue pays homage to three famous nineteenth-century American women suffragists: Elizabeth Cady Stanton, Susan B. Anthony, and Lucretia Mott. Historically, the inscription beneath the marble statue notes, these three stand unique and peerless. In fact, the statue has a glaring omission: Lucy Stone. A pivotal leader in the fight for both abolition and gender equality, her achievements marked the beginning of the women's rights movement and helped to lay the groundwork for the eventual winning of women's suffrage. Yet, today most Americans have never heard of Lucy Stone. Sally McMillen sets out to address this significant historical oversight in this engaging biography. Exploring her extraordinary life and the role she played in crafting a more just society, McMillen restores Lucy Stone to her rightful place at the center of the nineteenth-century women's rights movement. Raised in a middle-class Massachusetts farm family, Stone became convinced at an early age that education was key to women's independence and selfhood, and went on to attend the Oberlin Collegiate Institute. When she graduated in 1847 as one of the first women in the US to earn a college degree, she was drawn into the public sector as an activist and quickly became one of the most famous orators of her day. Lecturing on anti-slavery and women's rights, she was instrumental in organizing and speaking at several annual national woman's rights conventions throughout the 1850s. She played a critical role in the organization and leadership of the American Equal Rights Association during the Civil War, and, in 1869, cofounded the American Woman Suffrage Association, one of two national women's rights organizations that fought for women's right to vote. Encompassing Stone's marriage to Henry Blackwell and the birth of their daughter Alice, as well as her significant friendships with Frederick Douglass, Susan B. Anthony, and others, McMillen's biography paints a complete picture of Stone's influential and eminently important life and work. Self-effacing until the end of her life, Stone did not relish the limelight the way Elizabeth Cady Stanton did, nor did she gain the many followers whom Susan B. Anthony attracted through her extensive travels and years of dedicated work. Yet her contributions to the woman's rights movement were no less significant or revolutionary than those of her more widely lauded peers. In this accessible, readable, and historically-grounded work, Lucy Stone is finally given the standing she deserves.

The Complete Book of Colleges, 2013 Edition Princeton Review,2012-08-07 Profiles every four-year college in the United States, providing detailed information on academic programs, admissions requirements, financial aid, services, housing, athletics, contact names, and campus life.

The Little Spark Carrie Bloomston,2014 Ignite that inner fire with the 30 engaging exercises, fun activities, inspirational images, and motivating ideas in this book. Learn what your Little Spark of creative passion looks like, how to capture it, and how to make room for it in your life. Use this guide as a month-long creative roadmap, or just dip into the exercises as your time and inclination allow. Either way, you will change your life.

Secrets of Silicon Valley Deborah Perry Piscione,2013-04-02 While the global economy languishes, one place just keeps growing despite failing banks, uncertain markets, and high unemployment: Silicon Valley. In the last two years, more than 100 incubators have popped up there, and the number of angel investors has skyrocketed. Today, 40 percent of all venture capital investments in the United States come from Silicon Valley firms, compared to 10 percent from New York. In *Secrets of Silicon Valley*, entrepreneur and media commentator Deborah Perry Piscione takes us inside this vibrant ecosystem where meritocracy rules the day. She explores Silicon Valley's exceptionally risk-tolerant culture, and why it thrives despite the many laws that make California one of the worst states in the union for business. Drawing on interviews with investors, entrepreneurs, and community leaders, as well as a host of case studies from Google to Paypal, Piscione argues that Silicon Valley's unique culture is the best hope for the future of American prosperity and the global business community and offers lessons from the Valley to inspire reform in other communities and industries, from Washington, DC to Wall Street.

The Garden of Last Days: A Novel Andre Dubus III,2009-06-01 "So good, so damn compulsively readable, that I can hardly believe it." —Stephen King, *Entertainment Weekly* In his stunning follow-up to the #1 best-selling *House of Sand and Fog*, Andre Dubus draws us into the lives of three deeply flawed, driven people whose paths intersect on a September night in Florida. April, a stripper, has brought her daughter to work at the Puma Club for Men. There she encounters Bassam, a foreign client both remote and too personal, and free with his money. Meanwhile, another man, AJ, has been thrown out of the club, and he's drunk and angry and lonely. From these explosive elements comes a relentless, raw, and page-turning narrative that seizes the reader by the throat with psychological tension, depth, and realism.

The Southern Register ,2013

The Elgar Companion to Public Choice William F. Shughart,Laura Razzolini,2003-01-01 '. . . this compendium offers a solid introduction into an economic field that is gaining in influence.' - Detmar Doering, *Frankfurter Allgemeine Zeitung* 'The first essay in this volume, Public Choice at the Millennium, by the two editors, sets a high standard for all the essays to follow. . . The essay takes us through the early history of public choice research in a particularly lucid fashion. . . This first article is destined to be a must-read on many reading lists on both graduate and undergraduate courses in political economy. . . the volume is likely to become a much-used reference tool. . . for those researchers interested in a comprehensive discussion of the far-reaching literature in this area, and want some provocation in the mix, this is clearly the right choice.' - Sharon M. Oster, *Public Choice* 'Many of the chapters of this handbook will be an indispensable addition to any course reading list in public choice, or public economics. They serve as an excellent complement, integrating diverse lines of thoughts, to the core scholarly writings in the field. The essays are well-written and succeed, admirably, in accomplishing what a handbook must, making difficult and disparate material quite comprehensible to someone who wishes to become acquainted with the area.' - Harold M. Hochman, Lafayette College, US 'This is an extremely valuable insiders' account of what public choice is about. Presented in thirty well-reasoned and documented chapters, the book is a treasure trove for every political economist.' - Jürgen G. Backhaus, Maastricht University, The Netherlands This authoritative and encyclopaedic reference work provides a thorough account of the public choice approach to economics and politics. The Companion breaks new ground by joining together the most important issues in the field in a single comprehensive volume. It contains state-of-the-art discussions of both old and contemporary problems, including new work by the founding fathers as well as contributions by a new generation of younger scholars. The book reviews the literature of public choice, highlighting the common ground between all rational choice approaches to politics. It demonstrates the important impact of public choice on economics, political science, philosophy and sociology. It will be an indispensable source of reference for many years to the ideas, analytical methods and empirical research in the field. The

Companion will serve as the standard reference work for all those engaged in the field of public choice and will be essential reading for politicians and policymakers, scholars in political science, public and social choice, as well as graduate students in economics, political science and public administration.

Women and Capital Punishment in the United States David V. Baker,2015-11-26 The history of the execution of women in the United States has largely been ignored and scholars have given scant attention to gender issues in capital punishment. This historical analysis examines the social, political and economic contexts in which the justice system has put women to death, revealing a pattern of patriarchal domination and female subordination. The book includes a discussion of condemned women granted executive clemency and judicial commutations, an inquiry into women falsely convicted in potentially capital cases and a profile of the current female death row population.

The Innovative University Clayton M. Christensen, Henry J. Eyring, 2011-06-24 The Innovative University illustrates how higher education can respond to the forces of disruptive innovation , and offers a nuanced and hopeful analysis of where the traditional university and its traditions have come from and how it needs to change for the future. Through an examination of Harvard and BYU-Idaho as well as other stories of innovation in higher education, Clayton Christensen and Henry Eyring decipher how universities can find innovative, less costly ways of performing their uniquely valuable functions. Offers new ways forward to deal with curriculum, faculty issues, enrollment, retention, graduation rates, campus facility usage, and a host of other urgent issues in higher education Discusses a strategic model to ensure economic vitality at the traditional university Contains novel insights into the kind of change that is necessary to move institutions of higher education forward in innovative ways This book uncovers how the traditional university survives by breaking with tradition, but thrives by building on what it's done best.

125th Anniversary Alumni Directory Urbana-Champaign Campus 1998 University of Illinois (System). Alumni Association, 1998
Sleeper Agent Ann Hagedorn, 2022-06-28 The little-known story of a spy on the atom-bomb project in World War II who had top security clearance -- American born, Soviet trained, he was never even suspected until after his information was in Soviet hands and he was safe in the USSR. It's LeCarre and The Americans for real--

Legendary Locals of Tempe Stephanie R. deLusé, PhD with the support of the Tempe History Museum, 2016 This book delves into the history of some of the unique individuals and groups, past and present, who have made a memorable impact on their community throughout its history.

Navajo Sovereignty Lloyd L. Lee, 2017-04-11 A companion to Diné Perspectives: Revitalizing and Reclaiming Navajo Thought, each chapter of Navajo Sovereignty offers the contributors' individual perspectives. This book discusses Western law's view of Diné sovereignty, research, activism, creativity, and community, and Navajo sovereignty in traditional education. Above all, Lloyd L. Lee and the contributing scholars and community members call for the rethinking of Navajo sovereignty in a way more rooted in Navajo beliefs, culture, and values.

Criminal Justice Jay S. Albanese, 2004 Criminal Justice, 4/E Jay S. Albanese, Virginia Commonwealth University ISBN-10: 0205499090 Albanese's Criminal Justice, 4th edition is a thorough introduction to the field of criminal justice. In addition the major concepts, this text focuses on critical thinking as well as the media's influence on both criminal justice and the public's perception of criminal justice. Albanese gives new attention to up-to-the-minute laws and policies related to crime, search and seizure, and operations of the criminal justice system. The text examines cutting-edge issues of technology, including crimes facilitated by the Internet and identity theft. An experienced author, scholar, and past president of the Academy of Criminal Justice Sciences, Jay Albanese has received high marks for his appealing narrative style and comprehensive style.

The ISIS Crisis Gideon Rose, With the Islamic State of Iraq and al-Sham still on the rampage and at the top of the U.S. national security agenda, we at Foreign Affairs have put together this companion eBook to Endgame in Iraq, in which our authors carefully examine the nature of the ISIS threat, the current state of the war against it, and the options for what to do next. Bringing together a collection of our best coverage of the subject from both print and Web, The ISIS Crisis offers an unparalleled range of authoritative analysis on everything from the group’s ideology, strategy, and internal characteristics; to its operations across the Middle East and elsewhere; to the difficult tradeoffs involved in trying to halt and reverse its advance. The collection concludes with a fascinating survey of expert opinion on whether Washington should step up its anti-ISIS military campaign, in which 73 of the world’s most knowledgeable observers offer their personal take on the question. We can’t promise that after reading all this, you’ll know exactly what to do. But we can promise that you’ll have the information you need to think about the question intelligently.

When Breath Becomes Air Paul Kalanithi, 2016-01-12 #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper’s Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade’s worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When Breath Becomes Air chronicles Kalanithi’s transformation from a naïve medical student “possessed,” as he wrote, “by the question of what, given that all organisms die, makes a virtuous and meaningful life” into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. “I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything,” he wrote. “Seven words from Samuel Beckett began to repeat in my head: ‘I can’t go on. I’ll go on.’” When Breath Becomes Air is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.
