📖 **THE ALCALDE** ,1997-09 As the magazine of the Texas Exes, The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years. The Alcalde serves as an intellectual crossroads where UT’s luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine’s unique name is Spanish for mayor or chief magistrate; the nickname of the governor who signed UT into existence was The Old Alcalde.

📖 **A SIMPLE GOVERNMENT** MIKE HUCKABEE,2011-02-22 We need a simple government. Don’t get me wrong; I know that many of the nation’s problems are highly complex. But I also know that the governing principles that can solve them, if we work together, are simple. Armed with little money but a lot of common sense, former Arkansas Governor Mike Huckabee surprised the nation by coming in second during the 2008 Republican presidential primaries. He connected with millions of voters by calling for a smaller, simpler government that would get out of the way when appropriate. (Unfortunately, there weren’t quite enough of those voters to prevent the election of Barack Obama.) Since then, President Obama’s message has morphed from hope and change to tax and spend and borrow and spend and over-regulate and spend. The stimulus failed to stop the recession, the deficit exploded to unimaginable heights, and the Democrats jammed through Congress a financial reform bill that didn’t really reform anything and a healthcare monstrosity that gave the government more power over our personal lives than ever. Meanwhile, Huckabee has continued to be the voice of common sense conservatism, through his television talk show, his radio commentaries, and his lectures around the country. Now he’s written a book that sums up the twelve things we really need from Washington to get the country back on the right track. These twelve essential truths will have you nodding in agreement, whether you’re a Republican, an Independent, or even an open-minded Democrat. They can help us put aside our differences, tone down the partisan rancor, and return to the simple principles of the Founding Fathers: liberty, justice, personal freedom, and civic virtue. And they can help us tackle even the most seemingly complicated of today’s problems. For instance: * You can’t spend what you don’t have; you can’t borrow what you can’t pay back. Families, businesses, towns, cities, and states all have to balance their budgets or face dire consequences. Why shouldn’t the federal government be held to the same standard? And if that means making some hard choices now, it’s a far better alternative than saddling our kids and grandkids. * The further you drift from shore, the more likely you are to be lost at sea. The founders expected the federal government to be subordinate to state and local governments. How can politicians in DC know the best way to help farmers in Iowa, autoworkers in Michigan, or teachers in California? They can’t. So every problem should be solved at the most local level capable of solving it. * Bullies in the playground only understand one thing. There’s a time and place for diplomacy, but we can’t protect the country just by negotiating with our enemies. We need a strong national defense and a counterterrorism policy that focuses on effectiveness, not political correctness. * The most important form of government is the family. In the long run, the only way to ensure prosperity, safety, and equal opportunity is to make sure we raise our children to be ethical and productive citizens. No bureaucracy can replace parents in that essential role, so we have to do everything possible to help parents do their job. A Simple Government will inspire any American looking forward to a better future.

📖 **SOUL SURVIVOR**JIMMY McDONOUGH,2017-08-29 The bestselling author of Shakey: Neil Young’s Biography presents the first in-depth biography of the legendary soul singer Al Green. Al Green has blessed listeners with some of the biggest hits of the past fifty years. Love and Happiness, I’m Still in Love with You, Let’s Get Married, and I’m Tired of Being Alone are but a sampling of the iconic songs that led a generation to embrace love in perhaps the most tumultuous period in this country’s history, an unparalleled body of work that has many calling Green one of the greatest soul singers of all time. The music legend has sold over 20 million albums and been sampled by numerous rappers, and even President Obama has been known to sing a chorus or two. The now-Bishop Green is without a doubt one of the most beloved yet inscrutable figures ever to grace the popular music stage, and he has managed to magically sidestep being successfully scrutinized in print. Until now. Acclaimed journalist and author Jimmy McDonough expertly tackles this most elusive of subjects and aims to present readers with the definitive portrait of a man everyone knows but few understand. McDonough manages to break through Green’s joyous veneer to reveal the contrary, tortured, and solitary individual beneath, a man who spent decades dancing an uneasy tightrope between the sacred and the profane. From his childhood in the backwaters of Arkansas to commanding the stage in front of throngs of lusting fans to addressing a very different audience from the pulpit of his own church, readers will bear witness to the creation of some of the most electrifying soul music ever recorded; learn the hitherto untold real story behind Green’s colorful down-home Memphis label, Hi Records; and--by way of countless in-depth interviews with major players in the story, some speaking for the very first time--unravel one of the last great mysteries in popular music: Al Green.

📖 **THE RED HOURGLASS** GORDON GRICE,2009-10-21 Snake venom that digests human flesh. A building cleared of every living thing by a band of tiny spiders. An infant insect eating its living prey from within, saving the vital organs for last. These are among the deadly feats of natural engineering you’ll witness in The Red Hourglass, prize-winning author Gordon Grice’s masterful, poetic, often dryly funny exploration of predators he has encountered around his rural Oklahoma home. Grice is a witty and intrepid guide through a world where mating ends in cannibalism, where killers possess toxins so lethal as to defy our ideas of a benevolent God, where spider remains, scattered like the cast-off coats of untidy children, tell a quiet story of violent self-extermination. It’s a world you’ll recognize despite its exotic strangeness--the world in which we live. Unabashedly stepping into the mix, Grice abandons his role as objective observer with beguiling dark humor--collecting spiders and other vermin, decorating a tarantula’s terrarium with dollhouse furniture, or forcing a battle between captive insects because he deems one too stupid to live. Kill. Eat. Mate. Die. Charting the simple brutality of the lives of these predators, Grice’s starkly graceful essays guide us toward startling truths about our own predatory nature. The Red Hourglass brings us face to fanged face with the inadequacy of our distinctions between normal and abnormal, dead and alive, innocent and evil.

📖 **THE CHRIS FARLEY SHOW** TOM FARLEY,TANNER COLBY,2008 A portrait based on personal stories by friends and family members traces the late comedian’s passionate dedication to bringing laughter into the lives of others, his successes on SNL and in numerous top films, and the incapacity for moderation that led to his fatal battle with drugs and alcohol.

📖 **PLAY THEIR HEARTS OUT** GEORGE DOHRMANN,2012-02-07 “A tour de force of reporting” (The Washington Post) from a Pulitzer-prize winning journalist that examines the often-corrupt machine producing America’s basketball stars “Indispensable.”—The Wall Street Journal “Often heart-breaking, always riveting.”—The New York Times Book Review “Tremendous.”—The Plain Dealer Winner of the PEN/ESPN Award for Literary Sportswriting• Winner of the Award for Excellence in the Coverage of Youth Sports Using eight years of unfettered access and a keen sense of a story’s deepest truths, journalist George Dohrmann reveals a cutthroat world where boys as young as eight or nine are subjected to a dizzying torrent of scrutiny and exploitation. At the book’s heart are the personal stories of two compelling figures: Joe Keller, an ambitious coach with a master plan to find and promote “the next LeBron,” and Demetrius Walker, a fatherless latchkey kid who falls under Keller’s sway and struggles to live up to unrealistic expectations. Complete with a new “where-are-they-now” epilogue by the author, Play Their Hearts Out is a thoroughly compelling narrative exposing the gritty reality that lies beneath so many dreams of fame and glory. One of GQ’s 50 Best Books of Literary Journalism of the 21st Century • One of the Best Books of the Year: Los Angeles Times, The Christian Science Monitor, Kirkus Reviews This edition includes an exclusive conversation between George Dohrmann and bestselling author Seth Davis.

📖 **REGENESIS** GEORGE M CHURCH,EDWARD REGIS,2014-04-08 A Harvard biologist and master inventor explores how new biotechnologies will enable us to bring species back from the dead, unlock vast supplies of renewable energy, and extend human life. In Regensis, George Church and science writer Ed Regis explore the possibilities of the emerging field of synthetic biology. Synthetic biology, in which living organisms are selectively altered by modifying substantial portions of their genomes, allows for the creation of entirely new species of organisms. These technologies--far from the out-of-control nightmare depicted in science fiction--have the power to improve human and animal health, increase our intelligence, enhance our memory, and even extend our life span. A breathtaking look at the potential of this world-changing technology, Regensis is nothing less than a guide to the future of life.
