Armenian-Americans Anny Bakalian,2017-07-12 Assimilation has been a contentious issues for most immigrant groups in the United States. The host society is assumed to lure immigrants and their descendants away from their ancestral heritage. Yet, in their quest for a better life, few immigrants intentionally forsake their ethnic identity; most try to hold onto their culture by transplanting their traditional institutions and recreating new communities in America. Armenian-Americans are no exception. Armenian-Americans have been generally overlooked by census enumerators, survey analysts, and social scientists because of their small numbers and relative dispersion throughout the United States. They remain a little-studied group that has been called a hidden minority. Armenian Americans fills this significant gap. Based on the results of an extensive mail questionnaire survey, in-depth interviews, and participant observation of communal gatherings, this book analyzed the individual and collective struggles of Armenian-Americans to perpetuate their Armenian legacy while actively seeking new pathways to the American Dream. This volume shows how men and women of Armenian descent become distanced from their ethnic origins with the passing of generations. Yet assimilation and maintenance of ethnic identity go hand-in-hand. The ascribed, unconscious, compulsive Armenianness of the immigrant generation is transformed into a voluntary, rational, situational Armenianness. The generational change is from being Armenian to feeling Armenian. The Armenian-American community has grown and prospered in this century. Greater tolerance of ethnic differences in the host society, the remarkable social mobility of many Armenian-Americans and the influx of large numbers of new immigrants from the Middle East and Soviet bloc in recent decades have contributed to this development. The future of this community, however, remains precarious as it strives to adjust to the ever changing social, economic, and political conditions affect

Lebanon Paul Doyle,2016-12 his new edition of Bradt's Lebanon remains the most comprehensive and detailed English-language guide available. In addition to its more in-depth coverage of essential background information such as history, culture and religion the guide has expanded treatment for the business traveller and prospective property buyer. Subjects such as the environment and responsible travel are given increased emphasis, and there is plenty of additional information for those interested in volunteering opportunities. The guide also caters for all types of travellers and budgets with extensive listings and reviews for accommodation and restaurants. There is also a new section on travelling with children. With a comprehensive language appendix covering both Arabic and French together with an expanded further reading section for this new edition, Bradt's Lebanon is an indispensable practical companion for use within the country and a useful work of reference for armchair travellers too. Although only half the size of Wales, Lebanon offers extraordinary diversity. Here, some of the oldest human settlements in the world at the Phoenician ports of Tyre, Sidon and Byblos sit alongside modern Beirut, popular for its cuisine, eclectic nightlife and mosaic of peoples. In Lebanon's second city, Tripoli, busy medieval souks are watched over by a vast Crusader castle. Outside the city, snow-capped mountains and the lush Qadisha Valley with its snaking river and waterfalls provide entertainment for skiers and hikers, while the Mediterranean Sea draws sun and watersports enthusiasts. Bradt's Lebanon provides detailed cultural and practical information to this increasingly popular destination. It also provides in-depth historical and religious background enabling visitors to travel with awareness and sensitivity.

Farewell, Aylis Akram Aylisli,2019-07-31 The three novellas of Farewell, Aylis take place over decades of transition in a country that rather resembles modern-day Azerbaijan. In Yemen, a Soviet traveler takes an afternoon stroll and finds himself suspected of defecting to America. In Stone Dreams, an actor explores the limits of one man's ability to live a moral life amid conditions of sociopolitical upheaval, ethnic cleansing, and petty professional intrigue. In A Fantastical Traffic Jam, those who serve the aging leader of a corrupt, oil-rich country scheme to stay alive. Farewell, Aylis, a new essay by the author that reflects on the political firestorm surrounding these novellas and his current situation as a prisoner of conscience in Azerbaijan, was commissioned especially for this Academic Studies Press edition.

Too Soon To Tell David A. Grier,2009-03-27 Based on author David A. Grier's column In Our Time, which runs monthly in Computer magazine, Too Soon To Tell presents a collection of essays skillfully written about the computer age, an era that began February 1946. Examining ideas that are both contemporary and timeless, these chronological essays examine the revolutionary nature of the computer, the relation between machines and human institutions, and the connections between fathers and sons to provide general readers with a picture of a specific technology that attempted to rebuild human institutions in its own image.

Kurds and Their Struggle for Autonomy Mehran Tamadonfar,Roman Lewis,2022 Kurds and their Struggle for Autonomy: Enduring Identity and Clientelism is a comprehensive study of the roots of Kurdish identity, the processes of identity formation among the Kurds, and the Kurds' seemingly never-ending struggle for self-determination. By relying on a hybrid theoretical model of identity politics, this book offers a thorough treatment of the origins, characteristics, and evolution of Kurdish culture in general, and political culture in particular. It also examines the historical explanations and nuances of Kurdish struggles for some form of autonomy, assesses economic imperatives that shape the potentials and challenges of Kurdish social and political life, and offers a critical review of the contemporary Kurdish institutional and policy dynamics in Iraq and Syria.
