The Skinning Tree Srikumar Sen,2013-01-31 Nine-year-old Sabby lives in his imagination, at his grandmother's house in Calcutta. He lives in a family where the anglicised sophistication of bridge and dinner parties co-exist with Indian values and nationalism. Sabby's world is filled with the adventures of comic book heroes, tales from far and away, successfully pulling him away from the city that breathes outside his doorstep. But when the Japanese advance on India during World War II, Sabby finds himself being sent to a boarding school in northern India. In a regime of rules and punishments, the schoolboys are beaten and brutalized by the teachers; they are transformed into mirrors of their abusers. From the mindless killing of birds and animals, the bodies of their skinned trophies are thrown on to a cactus known as the Skinning Tree, the boys' thoughts turn to murder, which to them feels like a natural consequence of the pain inflicted on them. Conspiratorial whisperings and talk of killing and revenge spiral into a tragedy engulfing Sabby. Revisiting the ghosts of memory that haunted a boyhood, *The Skinning Tree* marks an evocative and elegant debut.

Golden Gulag Ruth Wilson Gilmore,2007-01-08 Since 1980, the number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called the biggest prison building project in the history of the world. *Golden Gulag* provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the three strikes law—pose profound and troubling questions for the future of California, the United States, and the world. *Golden Gulag* provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.

The Searcher Tana French,2020-10-06 Best Book of 2020 New York Times |NPR | New York Post This hushed suspense tale about thwarted dreams of escape may be her best one yet . . . Its own kind of masterpiece. --Maureen Corrigan, *The Washington Post* A new Tana French is always cause for celebration . . . Read it once for the plot; read it again for the beauty and subtlety of French's writing. --Sarah Lyall, *The New York Times* Cal Hooper thought a fixer-upper in a bucolic Irish village would be the perfect escape. After twenty-five years in the Chicago police force and a bruising divorce, he just wants to build a new life in a pretty spot with a good pub where nothing much happens. But when a local kid whose brother has gone missing arm-twists him into investigating, Cal uncovers layers of darkness beneath his picturesque retreat, and starts to realize that even small towns shelter dangerous secrets. One of the greatest crime novelists writing today (Vox) weaves a masterful, atmospheric tale of suspense, asking how to tell right from wrong in a world where neither is simple, and what we stake on that decision.

Storm-Wake Lucy Christopher,2018-07-31 A tour de force retelling of *The Tempest* from a romantic, emotional, and inspiring voice, perfect for passionate readers of all ages. Moss has grown up on the strangest and most magical of islands. Her father has a plan to control the tempestuous weather that wracks the shores. But the island seems to have a plan of its own once Callan -- a wild boy her age -- appears on its beaches. Her complex feelings for Callan shift with every tide, while her love for the island, and her father, are thrown into doubt...And when one fateful day, a young man from the outside world washes up on the beach, speaking of the Old World, nothing will ever be the same. A dark reflection of Shakespeare's *The Tempest*, *Storm-wake* is one girl's voyage of discovery -- a mesmerizing tale of magic, faith, and love.

The Way We Weren't Phoebe Fox,2021-11-09 An unlikely friendship between a septuagenarian and a younger woman becomes a story of broken trust, lost love, and the unexpected blooming of hope against the longest odds. You trying to kill yourself, or are you just stupid? Marcie Malone didn't think she was either, but when she drives from Georgia to the southwestern shore of Florida without a plan and wakes up in a stranger's home, she doesn't seem to know anymore. Despondent and heartbroken over an unexpected loss and the man she thought she could count on, Marcie leaves him behind, along with her job and her whole life, and finds she has nowhere to go. Herman Flint has seen just about everything in his seventy years living in a fading, blue-collar Florida town, but the body collapsed on the beach outside his window is something new. The woman is clearly in some kind of trouble and Flint wants no part of it—he's learned to live on his own just fine, without the hassle of worrying about others. But against his better judgment he takes Marcie in and lets her stay until she's on her feet on the condition she keeps out of his way. As the unlikely pair slowly copes with the damage life has wrought, Marcie and Flint have to decide whether to face up to the past they've each been running from, and find a way to move forward with the people they care about most.
