The PRS Guitar Book Dave Burrluck,2007 (Guitar Reference). The PRS Guitar Book details every facet of the wonderful electric guitars made by PRS, the Maryland-based company founded in 1985 by musician and guitar builder Paul Reed Smith. The paperback edition is updated to include all the latest information on the acclaimed Singlecut models, as well as the intriguing story of the Santana SE the company's first venture into overseas manufacture. An inviting narrative describes the evolution of this internationally renowned guitar maker, while dynamic color photography spotlights outstanding PRS guitars such as the Signature, signed by Smith; the Dragon, sporting opulent shell inlays; the Swamp Ash Special and Rosewood Limited, using non-standard materials; and ultra-rare models from limited and custom runs. Other featured guitars include the latest acoustic-electrics, and the Santana models that celebrate the partnership between PRS guitars and their best-known player, Carlos Santana. A special section highlights the company's famed use of highly patterned maple woods, displaying the most stunning flame-top and quilt-top examples. This definitive book also provides an absorbing photo-essay on the making of a PRS guitar, plus specifications for identifying and dating PRS instruments. Elvis—this is the ultimate record of all those who arrived,

cars, private jets, hard drugs, and reckless living. The truths
behind thousands of fascinating stories—such as how Buddy
Holly only decided to fly so he'd have time to finish his
laundry—are coupled with perennial questions, including
Which band boasts the most dead members? and Who had
the bright idea of changing a light bulb while standing in the
shower?, as well as a few tales of lesser-known rock
tragedies. Updated to include all the rock deaths since the
previous edition—including Ike Turner, Dan Fogelberg, Bo
Diddley, Isaac Hayes, Eartha Kitt, Michael Jackson, Clarence
Clemons, Amy Winehouse, and many, many more—this new
edition has been comprehensively revised throughout. An
indispensable reference full of useful and useless
information, with hundreds of photos of the good, the bad,
and the silly, this collection is guaranteed to rock the world

Rock'n America Deena Weinstein, 2015-01-27 What is rock? This book offers a new and systematic approach to understanding rock by applying sociological concepts in a historical context. Deena Weinstein, a rock critic, journalist, and academic, starts by outlining an original approach to understanding rock, explaining how the form has developed through a complex and ever-changing set of relations between artists, fans, and mediators. She then traces the history of rock in America through its distinctive eras, from rock's precursors to rock in the digital age. The book includes suggested listening lists to accompany each chapter, a detailed filmography of movies about rock, and a wide range of visuals and fascinating anecdotes. Never separating rock music from the social, political, economic, and cultural changes in America's history, *Rock'n America* provides a comprehensive overview of the genre and a new way of appreciating its place in American society.
