The Art of the Haunted W.F. James,2013-12-17 A group of inner city delinquent boys is engaging in a horrible crime of violence, when suddenly a strange man appears. He is immediately attacked, but he defeats their aggression. He subdues them and makes them listen to scary ghost stories, throughout the night until help arrives. The unwilling audience becomes enthralled by the excitement and thrills, and the mystery, as slowly the stranger captures their hearts and minds.

Finally a tale of Islamic Jihad in 12th Century Spain directly relates back to their own conflicts in the modern urban so-called "ghetto". The tales all touch on art, and the stranger is an artist, a tortured soul whose gifts and skills transform their lives, but at a terrible cost.

Bibliography of Art and Architecture in the Islamic World (2 Vol. Set) Susan Sinclair, C. H. Bleaney, Pablo García Suárez, 2012 Following the tradition and style of the acclaimed Index Islamicus, the editors have created this new Bibliography of Art and Architecture in the Islamic World. The editors have surveyed and, in many cases, annotated a wide range of books and articles from collected volumes and journals published in all European languages (except Turkish) between 1906 and 2011. The editors have ensured that material from a wide range of scholarly traditions and approaches has been consulted in order to make this comprehensive bibliography an indispensable tool for everyone involved in the study of material culture in Muslim societies.

Akbar's Religious Thought Emmy Wellesz, 2021-11-29 Originally published in 1952, the first part of this book gives a portrait of Akbar (1542-1605), Emperor of India, not as a War Lord and Empire Builder, but as a man deeply absorbed in questions of the Spirit. It follows him in his quest after the various religions professed in India and the doctrines of the Christian faith. The text is illustrated by numerous reproductions of contemporary miniatures. Their style which, under Akbar's inspiring patronage, resulted from the collaboration of Muslim and Hindu artists who became acquainted with European paintings, reflects the universality of the Emperor's mind. The second part of the book

is concerned with the rise and development of this style.

The Throne of the Great Mogul in Dresden Dror Wahrman, 2023-04-25 A masterful deciphering of an extraordinary art object, illuminating some of the biggest questions of the eighteenth century The Throne of the Great Mogul (1701-8) is a unique work of European decorative art: an intricate miniature of the court of the Mughal emperor Aurangzeb depicted during the emperor's birthday celebrations. It was created by the jeweler Johann Melchior Dinglinger in Dresden and purchased by the Saxon prince Augustus the Strong for an enormous sum. Constructed like a theatrical set made of gold, silver, thousands of gemstones, and amazing enamel work, it consists of 164 pieces that together tell a detailed story. Why did Dinglinger invest so much time and effort in making this piece? Why did Augustus, in the midst of a political and financial crisis, purchase it? And why did the jeweler secrete in it messages wholly unrelated to the prince or to the Great Mogul? In answering these questions, Dror Wahrman, while shifting scales from microhistory to global history, opens a window onto major historical themes of the period: the nature of European absolutism, the princely politics of the Holy Roman Empire, the changing meaning of art in the West, the surprising emergence of a cross-continental lexicon of rulership shared across the Eastern Hemisphere, and the enactment in jewels and gold of quirky contemporary theories about the global history of religion.
