*Art Through the Eyes of the Soul* Cheryl Yambrach Rose-Hall,2010-05-25 In this book, Cheryl Rose-Hall shares the unique painting technique that she has developed. As a sensitive, she shares how she paints by attuning to her subjects through the eyes and spirals out from that central point. Using historical data along with her psychic impressions, she creates empowered works of art based on sacred sites and their mythology. This book includes photos, images, and research that the public has never seen before. This is reiterated in the brilliant forward by Dr. Jean Houston. The book is divided into the four mythic lands where Cheryl lives and creates. Narnia (Northern Ireland), Lemuria (Mt. Shasta), Avalon (UK), and Bohemia (Prague, Czech Republic). There are 120 color photos and 60 color paintings and their stories. Some of the highlights include The real portrait of Mary painted by St. Luke, the actual Kingdom of Narnia, and the rarely seen ancient Lemurian petroglyphs near Mt. Shasta documented by archeologists.

Galactic Heritage Cards Lyssa Royal Holt,2013-04-02 The Galactic Heritage Cards were first introduced in Japan, where hundreds of Lyssa's students have since used them with profound results. USING THE CARDS: The overall concept of the cards is to explore the journey from unity to fragmentation/polarity and back to reintegration. Since each of us is part of the same one consciousness, this is a holographic journey that unifies us all. The card system uses the holographic concept that we are experiencing both unity and separation simultaneously. The components of the cards explore this journey in a variety of ways, including: SPECIES or STAR SYSTEM: Twenty-one different species or star systems are represented in the four suits (or time streams) of cards to symbolize the main archetypal groups who have influenced the development of our galactic family. THEME: Each card has a theme or lesson that is connected to the civilization it depicts. Contemplative text and deeper commentary are presented for each card to help users understand how to apply this wisdom in their current lives. ARTWORK: The architect of these cards, the multidimensional consciousness Germane channeled through Lyssa, also assisted Hong Kong artist David Cow in the channeling of the images. Contemplating the artwork allows more information and energy to be transmitted that goes beyond the text for each card. The art works deeply with the subconscious and adds a powerful dimension to the user's inner work with the cards. In addition to the individual card art, an underlying image spans all the cards when they're laid out

on a grid with 18 cards per row. This image represents our journey back to integration, and thus each card carries an embedded energy of unity even within the uniqueness and separate journey of each card. When the final card was channeled, the total number was 108 -- a sacred number in many traditions that reflects the idea of wholeness and completion. GETTING STARTED: In the accompanying booklet we offer more information, the text and commentary for each card, and several recommended spreads to help you get started.

*Old In Art School* Nell Painter, 2019-08-27 A finalist for the National Book Critics Circle Award, this memoir of one woman's later in life career change is "a smart, funny and compelling case for going after your heart's desires, no matter your age" (Essence). Following her retirement from Princeton University, celebrated historian Dr. Nell Irvin Painter surprised everyone in her life by returning to school--in her sixties--to earn a BFA and MFA in

painting. In *Old in Art School*, she travels from her beloved Newark to the prestigious Rhode Island School of Design; finds meaning in the artists she loves, even as she comes to understand how they may be undervalued; and struggles with the unstable balance between the pursuit of art and the inevitable, sometimes painful demands of a life fully lived. How are women and artists seen and judged by their age, looks, and race? What does it mean when someone says, "You will never be an artist"? Who defines what an artist is and all that goes with such an identity, and how are these ideas tied to our shared conceptions of beauty, value, and difference? Bringing to bear incisive insights from two careers, Painter weaves a frank, funny, and often surprising tale of her move from academia to art in this glorious achievement--bighearted and critical, insightful and entertaining. This book is a cup of courage for everyone who wants to change their lives (Tayari Jones, author of *An American Marriage*).
