Who Runs the Artworld Brad Buckley,John Conomos,2017 Who Runs the Artworld: Money, Power and Ethics examines, using transdisciplinary strategies, the economics and mythologies of today's global artworld. It unmaskes the complex web of relationships that now exist between, high profile curators, collectors, museum trustees and corporate sponsors, and the historic and ongoing complicity between the art and money markets. It also examines alternative models being deployed by curators and artists influenced by the 2008 global financial crisis and the international socio-political Occupy movement. With a particular focus on a renewed activism by artists, coupled with an institutional and social critique led by groups such as Liberate Tate, the Precarious Workers Brigade and Strike Debt. Who Runs the Artworld: Money, Power and Ethics is one of the first books that brings together a diverse range of thinkers.

Rebel Chef Dominique Crenn,Emma Brockes,2021-06-01 “Dominique Crenn is a hero to so many of us, both inside and out of the restaurant industry. She has unlimited courage to always follow her own path, to carve her own way in the world. This book, and Dominique’s whole life, show that everything and anything is possible if you believe in yourself and you keep pushing forward, always forward.” —José Andrés The inspiring and deeply personal memoir from highly acclaimed chef Dominique Crenn When Dominique Crenn decided to become a chef, she knew it was a near impossible dream in France where almost all restaurant kitchens were run by men. She left her home and everything she knew to move to San Francisco, and almost thirty years later was awarded three Michelin stars in 2018 for her influential restaurant Atelier Crenn, the first female chef in the United States to receive this honor—no small feat for someone who hadn’t been formally trained. In Rebel Chef, Crenn tells of her untraditional coming-of-age as a chef. Adopted as a toddler, she didn’t resemble her parents, and was haunted by a past she knew nothing about. But after years of working to fill this blank space, Crenn embraced the power her history gave her to be whoever she wants to be. In this disarmingly honest look at one woman’s evolution from a daring young chef to a respected activist, Crenn reflects on the years she spent working in the male-centric

world of professional kitchens and tracks her career from struggling cook to running one of the world's most celebrated restaurants. At once a tale of personal discovery and a tribute to unrelenting determination, *Rebel Chef* is the story of one woman making a place for herself in the kitchen, and in the world.

Architecture for the Poor Hassan Fathy, 2010-02-15 *Architecture for the Poor* describes Hassan Fathy's plan for building the village of New Gurna, near Luxor, Egypt, without the use of more modern and expensive materials such as steel and concrete. Using mud bricks, the native technique that Fathy learned in Nubia, and such traditional Egyptian architectural designs as enclosed courtyards and vaulted roofing, Fathy worked with the villagers to tailor his designs to their needs. He taught them how to work with the bricks, supervised the erection of the buildings, and encouraged the revival of such ancient crafts as claustra (lattice designs in the mudwork) to adorn the buildings.

War On Wealth, The: Fact And Fiction In British Finance Since 1800 Ranald Michie, 2023-03-21 This book addresses the divide that exists between the reality of finance and the image it projects. A functioning financial system is an essential feature of a modern economy, providing it with money, credit, capital, and investments. Conversely, those who provide this essential service are neither respected nor trusted. The causes and consequences of this divide is explored using the British experience from 1800 to the present, drawing upon a mixture of factual evidence and contemporary fiction. Nothing of this scale has been attempted before and this is the product of 50 years of research.

You, Inc. Harry Beckwith, Christine Clifford Beckwith, 2007-03-01 In *You, Inc.* Beckwith provides practical tips, anecdotes and insights based on his 30 years of marketing and selling his advertising services. Beckwith learned early on in his career that no matter what product you're selling, the most important component of the product is you. In *You, Inc.: A Field Guide to Selling Yourself*, Beckwith relates tantalizing tidbits and real stories of how to harness your enthusiasm with an ability to impress your key accounts. Written in his traditional homespun style, Beckwith offers doses of humour and pithy knowledge to anyone who wants to seal the deal and thrive in business.

Tacitus, Annals, 15.20-23, 33-45 Mathew Owen, Ingo Gildenhard, 2013-09-23 The emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains, and Tacitus' *Annals* have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece; his participation in a city-wide orgy climaxing in his publicly consummated 'marriage' to his toy boy Pythagoras; the great fire of AD 64, during which large parts of central Rome went up in flames; and the rising of Nero's 'grotesque' new palace, the so-called 'Golden House', from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre, who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.
