Jon Baggaley,Tian Belawati

New Asian Cuisine Wendy Chan, Grace Niwa, 2006-01-01 For Asian food aficionados, your time has arrived and so has the cookbook you have been waiting for? New Asian Cuisine: Fabulous Recipes from Celebrity Chefs. This new cookbook features more than 200 recipes from over 90 celebrity chefs, Asian and non-Asian, and presents the Asian version of the new USDA food pyramid. The Asian Food Pyramid was created with the help of Professor Michael Pardus, Certified Hospitality Educator (CHE). Recipes that follow these guidelines in the book are labeled with the pyramid logo. Participating celebrity chefs from around the world include Nobu Matsuhisa, Ming Tsai, Martin Yan, Norman Van Aken, Roy Yamaguchi, Ian Chalmers, Anita Lo, Todd English, Sanjeev Kapoor (India), Mario Lohninger (Germany), Tseng Hsiu-Pao (Taiwan), Carol Selva Rajah (Sydney), Paul Rankin (Ireland), Pauline Loh (Singapore), Kwong Wai Keung (Hong Kong), An Jung-Hyun (Korea), Didier Corlou (Vietnam), Mari Fuji (Japan), Susur Lee (Canada) as well as members of the Asian Chefs Association.

Blockchain Chicken Farm Xiaowei Wang, 2020-10-13 A New York Times Book Review Editors' Choice A brilliant and empathetic guide to the far corners of global capitalism. --Jenny Odell, author of *How to Do Nothing* From FSGO x Logic: stories about rural China, food, and tech that reveal new truths about the globalized world In *Blockchain Chicken Farm*, the technologist and writer Xiaowei Wang explores the political and social entanglements of technology in rural China. Their discoveries force them to challenge the standard idea that rural culture and people are backward, conservative, and intolerant. Instead, they find that rural China has not only adapted to rapid globalization but has actually innovated the technology we all use today. From pork farmers using AI to produce the perfect pig, to disruptive luxury counterfeits and the political intersections of e-commerce villages, Wang unravels the ties between globalization, technology, agriculture, and commerce in unprecedented fashion. Accompanied by humorous "Sinofuturist" recipes that frame meals as they transform under new technology, *Blockchain Chicken Farm* is an original and probing look into innovation, connectivity, and collaboration in the digitized rural world. FSG Originals x Logic dissects the way technology functions in everyday lives. The titans of Silicon Valley, for all their utopian imaginings, never really had our best interests at heart: recent threats to democracy, truth, privacy, and safety, as a result of tech's reckless pursuit of progress, have shown as much. We present an alternate story, one that delights in capturing technology in all its contradictions and innovation, across borders and socioeconomic divisions, from history through the future, beyond platitudes and PR hype, and past doom and gloom. Our collaboration features four brief but provocative forays into the tech industry's many worlds, and aspires to incite fresh conversations about technology focused on nuanced and accessible explorations of the emerging tools that reorganize and redefine life today.

Guide for the Care and Use of Laboratory Animals National Research Council, Division on Earth and Life Studies, Institute for Laboratory Animal Research, Committee for the Update of the Guide for the Care and Use of Laboratory Animals, 2011-01-27 A respected resource for decades, the *Guide for the Care and Use of Laboratory Animals* has been updated by a committee of experts, taking into consideration input from the scientific and laboratory animal communities and the public at large. The Guide incorporates new scientific information on common laboratory animals, including aquatic species, and includes extensive references. It is organized around major components of animal use: Key concepts of animal care and use. The Guide sets the framework for the humane care and use of laboratory animals. Animal care and use program. The Guide discusses the concept of a broad Program of Animal Care and Use, including roles and responsibilities of the Institutional Official, Attending Veterinarian and the Institutional Animal Care and Use

Committee. Animal environment, husbandry, and management. A chapter on this topic is now divided into sections on terrestrial and aquatic animals and provides recommendations for housing and environment, husbandry, behavioral and population management, and more. Veterinary care. The Guide discusses veterinary care and the responsibilities of the Attending Veterinarian. It includes recommendations on animal procurement and transportation, preventive medicine (including animal biosecurity), and clinical care and management. The Guide addresses distress and pain recognition and relief, and issues surrounding euthanasia. Physical plant. The Guide identifies design issues, providing construction guidelines for functional areas; considerations such as drainage, vibration and noise control, and environmental monitoring; and specialized facilities for animal housing and research needs. The Guide for the Care and Use of Laboratory Animals provides a framework for the judgments required in the management of animal facilities. This updated and expanded resource of proven value will be important to scientists and researchers, veterinarians, animal care personnel, facilities managers, institutional administrators, policy makers involved in research issues, and animal welfare advocates.

Mommy Cusses Dorman Serena, 2021-06-25 For fans of *Go the F*ck to Sleep*, *Mommy Cusses* is a hilarious novelty parenting book full of tell-it-like-it-is quotes, snarky lists, and too-true anecdotes that will resonate with new moms everywhere. For new-ish mothers who need to laugh at the absurdity of parenting so they don't cry, who are looking for a we're-in-this-together sense of solidarity, and who don't have time to read a real book, here is a hilarious and highly relatable collection of mom malarkey. There are real-talk quotes, helpful lists (such as *How to Look Like You Have Your Act Together*), mom-tivities, and quizzes, all delivered with a healthy dose of sarcasm. Packaged in a handy trim size with colorful illustrations throughout, *Mommy Cusses* is the perfect gift for moms and moms-to-be who need some comic relief. • GREAT GIFT: *Mommy Cusses* is super relatable and laugh-out-loud funny, making it an easy gift for Mother's Day or a baby shower, or an anytime gift for a parent. • PERENNIAL TOPIC: It doesn't take long to experience all the ups and downs of parenting. *Mommy Cusses* features timeless mommy humor that won't go out of style and a fresh look and feel that speaks to young parents. Perfect for: • Expectant parents and parents of children under 5 • Shoppers looking for a baby shower or Mother's Day gift for a friend, spouse, or daughter • Followers of the *Mommy Cusses* blog or Instagram account

Snakeheads (Pisces, Channidae) Walter R. Courtenay, James David Williams, 2004

Distance Education Technologies in Asia Jon Baggaley, Tian Belawati, 2010-11-10 In Asia, Distance Education (DE) is providing major solutions in the areas of education and training. DE methods that are standard in other parts of the world, however, have yet to demonstrate their full potential in Asia. Covering nine DE projects by 39 researchers from 13 countries, this book analyses the DE scenario in Asia, the successes, the failures and the reasons behind them. This book is a unique collation of the results of studies of educational technologies across an extensive network of Asian countries. It also provides a useful snapshot of DE's development in Asia in the early years of the 21st century. The surveys reported cover different DE contexts, methodologies, and levels of generalisability, and add to the existing scholarship on the subject by providing previously unavailable, firm evidence about DE's prospects in Asia. The contributors give important recommendations that can be translated into practical and political actions to help solve critical socio-economic problems of Asia as well as other parts of the world.

Smart Trends in Information Technology and Computer Communications A.V. Deshpande, Aynur Unal, Kalpdrum

Passi, Dharm Singh, Malaya Nayak, Bharat Patel, Shafi Pathan, 2018-08-20 This book constitutes the refereed proceedings of the Second International Conference on Smart Trends in Information Technology and Computer Communications, SmartCom 2017, held in Pune,

India, in August 2017. The 38 revised papers presented were carefully reviewed and selected from 310 submissions. The papers address issues on smart and secure systems; smart and service computing; smart data and IT innovations.

Introductory Combinatorics Kenneth P. Bogart, 1990 *Introductory, Combinatorics, Third Edition* is designed for introductory courses in combinatorics, or more generally, discrete mathematics. The author, Kenneth Bogart, has chosen core material of value to students in a wide variety of disciplines: mathematics, computer science, statistics, operations research, physical sciences, and behavioral sciences. The rapid growth in the breadth and depth of the field of combinatorics in the last several decades, first in graph theory and designs and more recently in enumeration and ordered sets, has led to a recognition of combinatorics as a field with which the aspiring mathematician should become familiar. This long-overdue new edition of a popular set presents a broad comprehensive survey of modern combinatorics which is important to the various scientific fields of study.

Intelligent Communication, Control and Devices Sushabhan Choudhury, Ranjan Mishra, Raj Gaurav Mishra, Adesh Kumar, 2019-08-28 The book focuses on the integration of intelligent communication systems, control systems, and devices related to all aspects of engineering and sciences. It includes high-quality research papers from the 3rd international conference, ICICCD 2018, organized by the Department of Electronics, Instrumentation and Control Engineering at the University of Petroleum and Energy Studies, Dehradun on 21-22 December 2018. Covering a range of recent advances in intelligent communication, intelligent control and intelligent devices., the book presents original research and findings as well as researchers' and industrial practitioners' practical development experiences of.

Vibrant India Chitra Agrawal, 2017-03-21 From the acclaimed chef and owner of Brooklyn Delhi, a debut cookbook focused on the celebrated vegetarian fare of South India. Lifelong vegetarian and chef Chitra Agrawal takes you on an epicurean journey to her mother's hometown of Bangalore and back to Brooklyn, where she adapts her family's South Indian recipes for home cooks. This particular style of Indian home cooking, often called the "yoga diet," is light and fresh, yet satisfying and rich in bold and complex flavors. Grains, legumes, fresh produce, coconut, and yogurt—along with herbs, citrus, chiles, and spices—form the cornerstone of this delectable cuisine, rooted in vegetarian customs and honed over centuries for optimum taste and nutrition. From the classic savory crepe dosa, filled with lemony turmeric potatoes and cilantro coconut chutney, to new creations like coconut polenta topped with spring vegetables 'upma and homemade yogurt, the recipes in *Vibrant India* are simple to prepare and a true celebration of color and flavor on a plate. Chitra weaves together the historical context behind the region's cuisine and how she brought some of these age-old traditions to life thousands of miles away in Brooklyn during the city's exciting food renaissance. Relying on her experience as a culinary instructor, Chitra introduces the essential Indian cooking techniques, tips, and ingredients you'll need to prepare a full range of recipes from quick vegetable stir fries (corn, basil, and leeks flavored with butter, cumin, and black pepper), salads (citrus red cabbage and fennel slaw with black mustard seeds, curry leaves, and chile), yogurt raitas (shredded beets and coconut in yogurt), and chutneys and pickles (preserved Meyer lemon in chile brine) to hearty stews (aromatic black eyed peas, lentils, and greens), coconut curries (summer squash in an herby coconut yogurt sauce), and fragrant rice dishes (lime dill rice with pistachios). Rounding out the book is an array of addictive snacks (popcorn topped with curry leaf butter), creative desserts (banana, coconut, and cardamom ice cream), and refreshing drinks (chile watermelon juice with mint). Chitra provides numerous substitutions to accommodate produce seasonality, ingredient availability, and personal tastes. The majority of recipes are gluten-free and vegan or can be easily modified to

adhere to those dietary restrictions. Whether you are a vegetarian or just looking for ways to incorporate more vegetarian recipes into your repertoire, *Vibrant India* is a practical guide for bringing delicious Indian home cooking to your table on a regular basis.

Forthcoming Books Rose Arny, 2002-02

Social and Sustainability Marketing Jishnu Bhattacharyya, Manoj Kumar Dash, Chandana Hewege, M.S. Balaji, Weng Marc Lim, 2021-09-26 ... an important intervention in the conversation around social and ecological sustainability that draws on both micromarketing and macromarketing scholarship to help the reader understand the challenges with illustrations from insightful cases both from emerging and developed economies. This compilation should be essential reading for the discerning student of sustainable consumption and production. -- Professor Pierre McDonagh, Associate Editor, *Journal of Macromarketing* (USA); Professor of Critical Marketing & Society, University of Bath, UK Experts in the field of economics, management science, and particularly in the marketing domain have always been interested in and acknowledged the importance of sustaining profitable businesses while incorporating societal and environmental concerns; however, the level of existing literature and availability of teaching cases reflect a dearth of real case studies, especially those focused on marketing for social good. This book of actual case studies will address that need. In addition, this book is important and timely in providing a case book for instructors (those in both industry and academia) to help them in teaching and training the next generation of leaders through corporate training and universities. Currently, marketing for social good is increasingly becoming a part of most curriculums under the umbrella of different titles, such as social marketing, green marketing, and sustainability marketing. The relevance of these studies is increasing across the globe. This book is composed of long and short real cases with varying complexity in different sectors. This case book will also cover some review articles for an overview of the recent developments in the study area. With these case studies, collections of questions, teaching materials, and real-life marketing scenarios, this book offers a unique source of knowledge to marketing professionals, students, and educators across the world. The main objective of this case book is to understand the applicability of marketing science (marketing for social good context, such as social marketing and sustainability marketing) in internet marketing related to e-buying behavior and e-WOM. In addition, it illustrates the various types of existing marketing practices that are relevant from both theoretical and practical points of view in this electronic era, as well as discussing other non-electronic marketing practices and focusing on consumer buying behavior. As a result, marketing managers can treat their customers according to their desired value. This book particularly explores the possibilities and advantages created by social marketing and sustainability marketing through the presentation of thorough review articles and case studies. This case book helps corporate training centers and universities with compact teaching reference materials in their relevant courses.

Microwave Engineering David M. Pozar, 2011-11-22 Pozar's new edition of *Microwave Engineering* includes more material on active circuits, noise, nonlinear effects, and wireless systems. Chapters on noise and nonlinear distortion, and active devices have been added along with the coverage of noise and more material on intermodulation distortion and related nonlinear effects. On active devices, there's more updated material on bipolar junction and field effect transistors. New and updated material on wireless communications systems, including link budget, link margin, digital modulation methods, and bit error rates is also part of the new edition. Other new material includes a section on transients on transmission lines, the theory of power waves, a discussion of higher order modes and frequency effects for microstrip line, and a discussion of how to determine unloaded.

Guidelines for the Management of Snakebites Second Edition Who Regional Office for South-East Asia,2016-08-17 Snakebites are well-known medical emergencies in many parts of the world especially in rural areas. Agricultural workers and children are most affected. The incidence of snakebite mortality is particularly high in South-East Asia. Rational use of snake anti-venom can substantially reduce mortality and morbidity due to snake bites. These guidelines are a revised and updated version of those published in 2011. The geographical coverage extends from India in the west to DPR Korea and Indonesia in the east Nepal and Bhutan in the north and to Sri Lanka and Indonesia in the south and south-east. Snakes inhabiting the Indonesian islands east of Wallace's line (West Papua and Maluku Islands) are part of the Australasian elapid fauna differing from those west of this line. This publication aims to pass on a digest of available knowledge about all clinical aspects of snake-bite to medically trained personnel including medical doctors nurses dispensers and community health workers. They aim to provide sufficient practical information to allow medically trained personnel to assess and treat patients with snake-bites at different levels of the health service.

Guidelines for the management of symptomatic sexually transmitted infections World Health Organization,2021-07-15 The WHO global health sector strategy on sexually transmitted infections, 2016–2021, endorsed by the World Health Assembly in 2016, aims to eliminate STIs as a public health threat by 2030. In 2019, WHO published estimates of new cases of chlamydia, gonorrhoea, syphilis and trichomoniasis. Recent changes in the epidemiology of STIs and progress in prevention, diagnosis and treatment of STIs and HIV have necessitated changes in approaches to STI prevention and management. To address these STIs, the most widely used approach in clinical settings is the syndromic management of STIs. In most resource-limited settings, the syndromic management flow charts are still the standard of care where laboratory diagnosis is not available or is hard to access. The objectives of these guidelines are to provide updated, evidence-informed clinical and practical recommendations on the case management of people with symptoms of STIs; and to support countries in updating their national guidelines for the case management of people with symptoms of STIs. These guidelines include the management of symptomatic infections related to urethral discharge syndrome, including persistent urethral discharge syndrome; vaginal discharge syndrome, including persistent vaginal discharge; anorectal infection; genital ulcer disease syndrome; and lower abdominal pain syndrome. These guidelines are intended for programme managers for STI prevention and control at the national level and the health-care providers at the frontline – primary, secondary and tertiary health care.

Stories We Never Tell Savi Sharma,2022-12-22 There are stories we never talk about. Stories we are afraid to share. Simply because they hurt too much or no one wants to listen to them. Such was the story of Jhanvi, who is a budding social media influencer. She appears to have it all together, living her ideal life, but something is missing: Jhanvi has this impossible need that drives her to be more perfect than any person could possibly be. And the story of Ashray, who had a rocky start in life. With hard work and determination, he translates his dreams into reality, but his deep-seated insecurities come to the fore when life throws him a curveball. As their stories intersect, their lives change in ways they never expected. In a world of loss, darkness and destruction, will Jhanvi and Ashray be able to tell a story of hope, light and recovery?

Health-Related Emergency Disaster Risk Management (Health-EDRM) Emily Ying Yang Chan ,Holly Ching Yu Lam,2020-12-29 Disasters such as earthquakes, cyclones, floods, heat waves, nuclear accidents, and large scale pollution incidents take lives and cause exceptionally large health problems. The majority of large-scale disasters affect the most vulnerable populations,

which are often comprised of people of extreme ages, in remote living areas, with endemic poverty, and with low literacy. Health-related emergency disaster risk management (Health-EDRM) [1] refers to the systematic analysis and management of health risks surrounding emergencies and disasters; it plays an important role in reducing hazards and vulnerability along with extending preparedness, response, and recovery measures. This concept encompasses risk analyses and interventions, such as accessible early warning systems, timely deployment of relief workers, and the provision of suitable drugs and medical equipment, to decrease the impact of disaster on people before, during, and after disaster events. Disaster risk profiling and interventions can be at the personal/household, community, and system/political levels; they can be targeted at specific health risks including respiratory issues caused by indoor burning, re-emergence of infectious disease due to low vaccination coverage, and gastrointestinal problems resulting from unregulated waste management. Unfortunately, there has been a major gap in the scientific literature regarding Health-EDRM. The aim of this Special Issue of IJERPH was to present papers describing/reporting the latest disaster and health risk analyses, as well as interventions for health-related disaster risk management, in an effort to address this gap and facilitate major global policies and initiatives for disaster risk reduction.

Information and Communication Technologies in Tourism 2021 Wolfgang Wörndl, Chulmo Koo, Jason L. Stienmetz, 2021-01-11 This open access book is the proceedings of the International Federation for IT and Travel & Tourism (IFITT)'s 28th Annual International eTourism Conference, which assembles the latest research presented at the ENTER21@yourplace virtual conference January 19-22, 2021. This book advances the current knowledge base of information and communication technologies and tourism in the areas of social media and sharing economy, technology including AI-driven technologies, research related to destination management and innovations, COVID-19 repercussions, and others. Readers will find a wealth of state-of-the-art insights, ideas, and case studies on how information and communication technologies can be applied in travel and tourism as we encounter new opportunities and challenges in an unpredictable world.

Book Review Index, 2005 Every 3rd issue is a quarterly cumulation.

Consumer Behavior Delbert I. Hawkins, Roger J. Best, Kenneth A. Coney, 2003-03 Consumer Behavior, 9/e, by Hawkins, Best, & Coney offers balanced coverage of consumer behavior including the psychological, social, and managerial implications. The new edition features current and exciting examples that are tied into global and technology consumer behavior issues and trends, a solid foundation in marketing strategy, integrated coverage of ethical/social issues and outlines the consumer decision process. This text is known for its ability to link topics back to marketing decision-making and strategic planning which gives students the foundation to understanding consumer behavior which will make them better consumers and better marketers.
