*Vedic Cosmography and Astronomy* Richard L. Thompson, 2004 The mysteries of the fifth Canto of the Srimad Bhagavatam have long puzzled students of Vedic cosmography and astronomy. Confronted with a description of the universe that seems much at variance with the information provided by our senses and standard astronomical calculations, foreign observers and even Indian commentators from the middle ages up to the present have concluded that the Bhagavatam's account elaborated in other Puranas must be mythological. On the other hand the same persons have been much impressed with vedic astronomical treatises the jyotissastras which provide remarkably accurate measurements of the solar system.

**Health and Wellness Tourism** Patricia Erfurt-Cooper, Malcolm Cooper, 2009-07-27 Geothermal springs constitute a major tourism resource, providing spectacular settings, recreation facilities, a

recognised value in treatments beneficial for health and wellness, a sense of heritage and adventure, and links with the natural environment. Health and wellness tourism accounts for a significant proportion of the world's tourism consumption, with components ranging from hot spring bathing for leisure and recreation, through mineral water use in health treatments under the supervision of highly specialised medical professionals, to water treatments in the wellness and beauty therapy sector and the use of mineral water for drinking purposes. This makes it an economically and socially important area of tourism demanding in-depth analysis. This book explores health and wellness tourism from a range of perspectives including usage, heritage, management, technology, environmental and cultural features, and marketing.

**Hinduism for Our Times** Arvind Sharma,1996 This book examines the contours of this creative tension in the context of Hinduism in our own times. For Hinduism, a religion of unknown antiquity, is also, in several ways, surprisingly modern. *Hinduism for Our Times* is an attempt to raise this dimension of Hinduism to an unprecedented level of self-awareness.

*Around and about Paris* Thirza Vallois,1998 Never before has there been a guide for the visitor on foot that is so far reaching, so comprehensive, so detailed or so deeply researched. *Around and About Paris* is the perfect companion to the city. Entertaining and informative, *Around and About Paris* will show you both the Paris that flirts and flaunts itself and the hidden Paris that lies behind windows, within courtyards, around street corners and even under the cobblestones. It will enlighten you about the past, present and future of what you see -- the history, the tensions, the developments, the schemes. And it will show you the gems -- the places that have universal appeal simply because of their supreme beauty. -- From publisher's description

*The Hidden Lamp* Zenshin Florence Caplow,Reigetsu Susan Moon,2013-10-21 *The Hidden Lamp* is a collection of one hundred koans and stories of Buddhist women from the time of the Buddha to the present day. This revolutionary book brings together many teaching stories that were hidden for centuries, unknown until this volume. These stories are extraordinary expressions of freedom and fearlessness, relevant for men and women of any time or place. In these pages we meet nuns, laywomen practicing with their families, famous teachers honored by emperors, and old women selling tea on the side of the road. Each story is accompanied by a reflection by a contemporary woman teacher--personal responses that help bring the old stories alive for readers today--and concluded by a final meditation for the reader, a question from the editors meant to spark further rumination and inquiry. These are the voices of the women ancestors of every contemporary Buddhist.

**The First Hindu Mission to America** Sunrit Mullick,2010 This book positions Brahmo Samaj leader Protap Chunder Mozoomdar as the originator of the Hindu mission movement to the United States of America in the late 19th century. It is known that Protap Mozoomdar, together with Swami Vivekananda, represented Hinduism at the Parliament of Religions at Chicago in 1893. But what has missed the focus of scholars is that Mozoomdar visited the United States ten years earlier in 1883, making him the pioneer of the Hindu mission movement to the United States. The book is the first detailed study of Protap Chunder Mozoomdar in America. It is written through primary research on American newspapers, periodicals, manuscripts, diaries and archival material available in American libraries, and material in possession of the author. On the whole, the book presents new information of interest to both the general reader and the scholarly community.

*Handbook of Hospitality Strategic Management* Michael Olsen, Jinlin Zhao, 2008-09-10 Handbook of Hospitality Strategic Management provides a critical review of mainstream hospitality strategic management research topics. The Uddhava Gita , 2002-09-28 Widely read, The Bhagavad Gita is a classic of world spirituality while The essential companion to The Bhagavad Gita, The Uddhava Gita has remained overlooked. This new accessible and only English translation in print of The Uddhava Gita offers a previously unexplored path to understanding Hinduism and Krishna's wisdom. Written centuries apart, the ideas of the two dialogues are similar although their approach and contexts differ. The Bhagavad Gita is filled with the urgency of battle while The Uddhava Gita takes place on the eve of Krishna's departure from the world. The Uddhava Gita offers the reader philosophy, sublime poetry, practical guidance, and, ultimately, hope for a more complete consciousness in which the life of the body better reflects the life of the spirit.

*Building Sharjah* Sultan Sooud Al Qassemi,Todd Reisz,2021-07-05 Building Sharjah reveals how modern architecture unfurled across the United Arab Emirates' third-largest city. An oil discovery in 1972 positioned Sharjah as one of the world's final cities shaped by transformative fortune. In the footsteps of Kuwait, Riyadh, and Dubai, Sharjah faced a metamorphosis: either one that repeated the past's mistakes or one that reimagined how wealth can build a city. Sharjah's potential enticed an international cast of experts to create a bold, new city. As their projects begin to vanish, this book preserves them through unseen photographs and recovered documents. New writing chronicles how local and arriving residents arranged the designed, concrete environment into a home. Beyond just a local artifact, this book examines the confident promises made by global practices of urbanization.

*Hindus Under Siege* Subramanian Swamy,2006 Suggests that the siege against Hinduism today is visible in 4 dimensions - religious, psychological, physical and Cultural.

*The Mandala Astrological Tarot* A. T. Mann,2009 There are many tarot sets on the market?but not one like this! The first thing you'll notice about this unique book-and-card set is the deck's square shape, which allows each card to be positioned facing not just two, but all four cardinal points of the compass: this provides readings of great depth and accuracy. Then, the original design eliminates the conventional human figures of the tarot, replacing them with mandala images that aid meditation. What's more, the 22 major arcane signs are divided into three groups corresponding to the signs of the zodiac, the elements, and the planets. This spiritually aware approach to the tarot provides a remarkable new set of tools for understanding the forces that shape our lives.
