Imminent Science Giovanni F. Bignami, 2014-03-18 This is not science fiction. It's a voyage on the arrow of time to the coming fifty years. The legendary palindromic character Mr. Qfwfq from Italo Calvino's collection of short stories, The Cosmicomics, will go with us - he who knows all the answers but will give out no hints. He will help us to discover the innovations that will have changed our lives by 2062, when, riding astride Halley's Comet, our omniscient extraterrestrial will return to visit us. In this book, we shall learn how astronomers will devote themselves to the study of the mysterious force of dark energy, which makes up some three-quarters of the Universe. We shall also delve deeply into the study of our Earth, to exploit the immense thermal energy that lies beneath our feet. We shall solve

another enigma in today's science: the origin of life. We shall come to understand how to develop direct contacts between our brains and the rest of the world. We shall learn about the future of genetics, the reason for the longevity of Methuselah flies and the quest for prime numbers. These are only some of the exciting and important discoveries to be revealed in this intriguing book, which is designed for a broader public and not only for science fiction devotees.

Big Green Purse Diane Maceachern,2008-02-28 Read Diane McEachern's posts on the Penguin Blog. Protecting our environment is one of the biggest issues facing our planet today. But how do we solve a problem that can seem overwhelming-even hopeless? As Diane MacEachern argues in Big Green Purse, the best way to fight the industries that pollute the planet, thereby changing the marketplace forever, is to mobilize the most powerful consumer force in the world-women. MacEachern's message is simple but revolutionary. If women harness the power of their purse and intentionally shift their spending money to commodities that have the greatest environmental benefit, they can create a cleaner, greener world. Spirited and informative, this book: - targets twenty commodities-cars, cosmetics, coffee, food, paper products, appliances, cleansers, and more-where women's dollars can make a dramatic difference; - provides easy-to-follow guidelines and lists so women can choose the greenest option regardless of what they're buying, along with recommended companies they should support; - encourages women to spend wisely by explaining what's worth the premium price some green products cost, what's not, and when they shouldn't spend money at all; and - differentiates between products that are actually green and those that are simply marketed as

ecofriendly. Whether readers want to start with small changes or are ready to devote the majority of their budget to green products, MacEachern offers concrete and immediate ways that women can take action and make a difference. Empowering and enlightening, Big Green Purse will become the green shopping bible for women everywhere who are asking, What can I do?

Israel Eats Steven Rothfeld, 2016-06-21 Stories, photos, and recipes from Israel's culinary scene—a fusion of flavors from around the world. After years of travels elsewhere, photographer Steven Rothfeld visited Israel for the first time, spending several months exploring the small country's vibrant food scene. The locals guided him from one great restaurant to another, and to growers and producers of fine foods as well. This book is a delicious compilation of stories and reflections, recipes, and stunning photographs of Israel's food culture today. From north to south, Tel Aviv to Jerusalem, chefs and food growers have branched out from a vast array of cultural influences and historic traditions to create fresh, contemporary fusions and flavors. Rothfeld's friend Nancy Silverton, a winner of the James Beard Foundation's Outstanding Chef Award, contributes ten dishes inspired by the delicious fusion styles that have become a hallmark of the Israeli culinary community. "Learn about the cultural traditions underlying dishes like spiced lamb kabobs grilled on cinnamon sticks, beet puree with tahini and date syrup, a kumquat marmalade Rothfeld first tasted at an inn in the Golan Heights, and inventive variations on Israeli staples like cauliflower and eggplant."—St. Helena Star

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty,

practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of

The Secret Life of Uri Geller Jonathan Margolis,2017-02-21 New Biography Shows Celebrity Spoon Bender, Uri Geller, Secretly Worked for U.S. Intelligence Agencies This authorized biography of Uri Geller tells his life story and explores recent claims about his clandestine work with the CIA and the Israeli intelligence agency, the Mossad, during and after the Cold War. Geller is best-known for his Vegas-style act where he bends spoons, describes hidden drawings, and performs other paranormal feats. Technology journalist and former Time magazine correspondent, Jonathan Margolis, worked alongside Geller and Oscar-winning filmmaker Vikram Jayanti on the book, to be published October 15th Jayanti debuted a documentary at the Sheffield (UK) Film Festival commissioned by the BBC and entitled, The Secret Life of Uri Geller: Psychic Spy? Jayanti directed the Muhammad Ali documentary, When We Were Kings. "Now there is the internet and the NSA's ability to monitor massive amounts of chatter around the world," says Margolis. "40 years ago, however, intelligence agencies needed to explore way-out ways of monitoring the bad guys. The people I interviewed on-the-record for the book were adamant that Uri Geller wasn't only able to gather secret information remotely and perform other espionage tasks, but was extremely good at it." Throughout his career, Uri Geller has courted controversy. He is known globally as an entertainer and friend of pop star, Michael Jackson, who was best man at the renewal of Geller's wedding vows. He also made millions as a psychic adviser to the oil industry, but as a paranormalist was humiliated in a 1974 appearance on 'The Tonight Show' with Johnny Carson. And yet there are photographs from 1987 of Geller together with Al Gore, Yuli M. Vorontsov,

First Deputy Foreign Minister of the Soviet Union, and several other high ranking US officials at nuclear arms limitation talks between the U.S. and the Soviet Union. What was Geller doing in these pictures? Margolis brings proof that Geller was there at the invitation of the chairman of the Senate Foreign Relations committee to influence Vorontsov's to sign the treaty. There is also new testimony from a living senior former CIA official and others who worked for the Agency confirming that Geller was exhaustively laboratory tested on behalf of the CIA, and was used as an intelligence asset of the CIA and Defense Intelligence Agency - and that under President Carter's presidency, using psychics in intelligence matters was known about and accepted at the White House. Michael Mann, publisher at large for Watkins, said: "Uri is world-famous for mind reading and spoon bending but his work with the CIA and Mossad during the 60s and 70s as well as, it seems, in post 9/11 times, has until now remained secret. The Secret Life of Uri Geller tells the real story of his extraordinary life and his alleged continuing undercover work for the West's major spy agencies."

Greenhead Politics Patrick Costello, 2005-08-24 When John Costello was hired as the new Director of Public Works for the small island town of Brigantine, NJ, he was expected to maintain the status quo and enjoy the ride at taxpayers' expense. Costello instead began an earnest effort to clean up the city, which resulted in an immaculate town filled with delighted residents. Unfortunately, in the process, Costello also uncovered widespread corruption and abuse among Brigantine's elected officials and municipal employees. Corruption, theft and misconduct were only the tip of the iceberg. Costello also uncovered problems that endangered the health and safety of the island's residents, only to be ignored by city officials. Not content to turn a blind

eye, Costello set about putting a stop to the rampant municipal malfeasance on his own. But by refusing to play ball, Costello had threatened the power of the ruling elite and suddenly found himself the target of a political lynching. Longtime friends and allies turned their backs as his enemies swarmed. Politicians, city employees and union officials conspired not only to remove the popular Director of Public Works, but also to ruin his credibility in case his allegations became public knowledge. Sensationally accused in the news media of a horrible and bloody crime, Costello was publicly vilified and forced from his position. In his subsequent whistleblower suit against the city, Costello listed in detail the abuses and corruption he had discovered. When his enemies realized that they could not intimidate him with the loss of his position and reputation, they paid John Costello over a million dollars to withdraw his complaint and go away. This is the story that the city of Brigantine paid to keep under wraps.

After meeting the beautifully innocent Miss Kingston, Dorian had to have her. He would do absolutely anything to make Victoria his. One sweet stolen kiss would bring them together while a force,

more powerful than any vampire, would bind them for all eternity, but treachery, war, and death rule Dorian's dark world and Victoria would be fortunate to survive. Caressed by Night Dimitri Arsov, the last remaining pure vampire, was thought to be dead for the past four hundred years. Now, he is back and has a score to settle with the traitor that had tried to kill him centuries ago. But as he waits for his prey to blindly step into his carefully laid trap, his overwhelming hunger for blood is triggered when he saves a beautiful art historian. Kerstyn Ingmar's life was normal and straight up boring until the night she is rescued by the dangerously sexy, powerfully mesmerizing, Dimitri. Unable to resist his diamond blue eyes and intense kisses, she is drawn into his world of darkness and closer to her impending doom. While their desire consumes them, Dimitri is haunted by images of a bloody and deadly future. As his enemies draw near, he must find a way to save his mate from her destiny before fate destroys them both. Caressed by a Crimson Moon Consumed by madness and tormented by dark memories of blood and death, Hadrian Lucretius, King of the Validus Clan, has returned after living in self-imposed exile for nearly three hundred and fifty years. To maintain peace with the vampires, Eva Maldonado is offered as a sacrifice to the crazed vampire king by her father, the alpha of the Silveria Shifter Pack. Hadrian's reputation is both legendary and lethal; he is ruthless, bloodthirsty, lusty, and soulless. When Eva arrives at the ancient fortress high in the Carpathian Mountains, she is shocked to find a ravaged man with dark burning eyes filled with loneliness and dangerous desire. Would she be his lover...or his prey? His savior...or his victim? Would Hadrian lure her into madness or would their perilous passion be their redemption?
