Pyramid of Fire: The Lost Aztec Codex John Major Jenkins, Martin Matz, 2004-11-03 The first translation of a previously unknown Aztec codex and its initiatory teachings for 2012 • Discloses the potential for great spiritual awakening offered at the end of the Aztec calendar cycle • Presents the only existing English-language transcription of the Aztec codex, with line-by-line commentary • Contains the epic poetry and metaphysical insights of Beat poet Marty Matz (1934-2001) In 1961 an unknown Aztec codex was revealed to Beat poet and explorer Marty Matz by a Mazatec shaman in the mountains of Oaxaca, Mexico. Originally intended for dramatic performance, this codex presents a profound metaphysical teaching describing how the end of time will bring about a visionary ascent. At the behest of his Mazatec teacher, Matz transcribed this pictorial codex into a literary form that would preserve its initiatory teachings and reveal its secret meanings to a wider audience. Pyramid of Fire is an epic poem that provides a vehicle to transport the initiate into the higher realms of consciousness. It represents a barely surviving thread of teachings that have been passed down in secret since the time of the Spanish Conquest. Revealed are the techniques by which man is transported to the stellar realm after death via the solar energy within what the ancients called the "serpent of consciousness." Line-by-line commentary by Matz and John Major Jenkins provides insights into the perennial philosophy contained in the codex and its relevance to our times.

**Burning Water** Laurette Séjourné, 1976 The subject of this book is the cosmology and religion of the Toltecs and Aztecs, and it's main focus is the figure of Tollan's priestly king, Quetzalcoatl, and his teachings.

A War of Witches T. J. Knab, 1995 An overheard plot to do away with an unwanted son-in-law begins this mesmerizing and astonishing journey into the Aztec underworld - a world of magical dreams and mysterious healing, shadowed by a deadly justice. Aided by two local curanderos, or healers, American anthropologist Timothy Knab embarks on a spellbinding adventure of sacred Aztec rituals and mystical dream journeys into Tlocaan, the underworld of gods and lost souls. Along the way, he begins to understand the Aztec belief system and the art of healing, as well as the dark past of San Martín - infamous throughout Mexico for its brujos, or witches, and a mysterious War of Witches fifty years earlier that may never have ended. Capturing time and place as surely as a jeweler sets a stone, Timothy Knab chronicles his spiritual immersion into the contemporary Aztec culture and, ultimately, his remarkable transformation into an authentic curandero.--BOOK JACKET. *The Real Toltec Prophecies* Sergio Magaña, 2020-11-24 This moment has been prophesized for thousands of years. Learn how to heal, thrive and embrace a new, awakened reality with Toltec wisdom. The Aztec calendar is divided into natural time cycles known as Suns, each lasting 6,625 years. We're undergoing the shift from the Fifth Sun to the Sixth Sun, a 29-year transitional period that is both challenging humankind and offering new opportunities for healing and realignment. In this book, Sergio Magaña (Ocelocoyotl) explores the ancient Toltec wisdom and insight around this long-anticipated transition, outlining the global events already evidencing change and highlighting the significance of the years 2012, 2021, and 2026. He offers guidance through the movements of the Suns, the underworlds, the collective unconscious, and the unresolved imbalances we're currently navigating, and shares ancient breathing practices and lucid dreaming exercises to help us reconnect with our true selves. Through embracing this vital inner work, we're taking the first steps toward dreaming our waking world into existence, a world in which we can heal, thrive, and look within to create a new stage of collective consciousness.

**The Dialogue of Earth and Sky** T. J. Knab, 2004-10 This book describes the basic elements of a belief system that has survived the onslaught of Catholicism, colonialism, and the modern world. Timothy Knab has spent thirty years working in this area of Mexico, learning of the Most Holy Earth and following what its people there call the good path. He was initiated as a dreamer, learned the prayers and techniques for curing maladies of the human soul, and from his long association with Sanmartinos has constructed a thorough account of their beliefs and practices.--Jacket.

**Native Mesoamerican Spirituality** Miguel León Portilla, 1980 This volume presents a carefully edited and translated collection of Pre-Columbian ancient spiritual texts. It presents relevant examples of those sacred writings of the indigenous peoples of Central America, especially Mexico, that have survived destruction. The majority of texts were conceived in the 950-1521 A.D. period. Their authors were primarily anonymous sages, priests and members of the ancient nobility. Most were written in Nahuath (also known as Aztec or Mexican), in Yucatec and Quiche-Maya languages.

**Nine Seasons** Carlos Aceves, 2012-03-22 Simple and sacred descriptions of indigenous wisdoms where readers discover how celestial cycles merge with seven skills for long life, and learn the secrets of becoming spiritual warriors of the mind and heart. This is the book that Carlos Aceves' fans have been waiting for. At last a codification of the wisdom that Aceves teaches during classroom lessons, community lectures, public workshops, and circles around the fire. As hosts who have brought Aceves to Central Texas audiences, we continually hear the aftermath of presentations long past: 'When will he be back?' 'I want to attend his workshop.' 'I should have brought a notepad to take notes.' With 'Nine Seasons' not only will Aceves' accessibility be expanded to those appreciative of indigenous wisdom, but established fans will have a tidy manual for quick refreshers on the road to a sacred and balanced life. - Mario Garza, Ph.D, Board of Directors Chair, San Marcos, Texas, U.S.

*2012-2021 : the Dawn of the Sixth Sun* Sergio Magaña, Elizabeth B. Jenkins, 2012 According to the Toltec/Aztec calendar, which describes larger cycles of time or Suns than the Mayan calendar, humanity has been in a transition that started in 1991, moving from the 5th to the 6th Sun. During this shift the influence of both Suns is equally present, as is the case when the seasons change. This shift is also a shift in human consciousness, in our understanding of how we relate to the whole of existence. The custodians of this 1,460-year-old uninterrupted oral tradition now reveal this ancient wisdom to the world, in written form, for the very first time. This book contains breathing exercises, poses, and other ancient practices that are based on cosmic mathematics that show us how to realign ourselves with the universe, Earth, and the elements, and with our highest nature so that we can take responsibility for the sacredness of life and move successfully through this transition from one Sun to the next.
