**Tarot Decoded** Elizabeth Hazel, 2004-05-01 Most readers interested in tarot own a couple of different decks as well as some tarot cookbooks that explain the meaning of the cards and their symbolism--like Cliff Notes for tarot. These tarot tools result in fairly standard, mundane readings. But there is another level to tarot--a level that can turn an ordinary tarot reader into a true adept. Tarot Decoded transforms ordinary tarot readings into readings that are profound and even

surprising by explaining the use and significance of tarot dignitaries. Tarot dignitaries are the interaction of the cards with each other in a spread and within a range of correspondences. Tarot author Elizabeth Hazel presents a concise, useable system for working with tarot dignities to add incredible depth to readings. One card placed next to another might not have a readily apparent connection--but interpreting tarot dignities could make it very clear that one card enhances, or hinders, the meaning of another. The same is true for tarot neighborhoods within a spread as well as the entire reading. Using the Tarot Decoded system for working with tarot dignities can take anyone to the next level of tarot reading. The book offers a progressive look at the cards, their dignities, and their correspondences. With Hazel's advice and clear examples--and a little practice--readings take on a new depth, integration, and power.

inherent in Tarot, to see the cards as a mirror of yourself, and to discover what the authors mean when they say that being lucky has nothing to do with luck. 192 pages, 114 b/w illus., 6 x 9.

**Tarot** John Lawrence Maerz, 2015-06-15 This book is an innovative approach utilizing the Tarot cards, the astrological signs and houses and the vibration of numbers. Each house represents a specific set of personal issues and circumstances particular to each area of life such as relationships, traditions, career and more. Each of the face cards corresponds to an astrological sign. And the numbers give an overall flavor and direction for the interpretation to take. This method allows you to separate the issues with clarity in a way that the Celtic cross and other layouts can't. Timing is established through the separate layers and any person in your client's life can be found simply by counting to the appropriate house then simply reading the wheel as a new client. Learning this method will provide tremendous dimension and insight for your readings.

**TAI DIVINATION WORKBOOK** Erik Thorell, 2015-11-11 Author Erik Thorell reveals his new publication, TAI Divination Workbook. TAI Divination is the fusion of three ancient divination systems: Tarot, Astrology and the I Ching or TAI. These 3 systems have come together in one reading, probably for the first time ever in the history of divination. You don't have to be psychic to use TAI, and TAI is easy to understand for beginners, and in-depth enough for experts. TAI is not intended to compete with or replace existing forms of divination or Holy Scriptures of various religions. They all originally come from the Divine that lives within a man to help, advise and guide him in his life. The author respects all the founders equally as God's messengers. This brings to mind of a bowl full of small cards with quotes from the Bible, a device which his Salvation Army parents used to ask questions via the ancient art of bibliomancy. TAI was accidentally discovered February 11th 1981 and co-incidentally published in 2015, the third year of the Aquarian age. Pray that the Divine within speaking via TAI advises all equally kindly and wisely.
