Astrology & Relationships David Pond, 2001 Most of what is published about astrological relationships covers the same ground. We've all read that Libra gets along well with Leo, Aries is bound to clash with Capricorn, Pisces and Scorpio are natural lovers, and so on. It all sounds like a pretty well worn formula, but there's one problem--people are not that simple, and neither are relationships! Astrology & Relationships takes a much more satisfying path, showing how astrology can help you improve all of your relationships. It addresses the complexities of real relationships by revealing the essential nature, needs, strengths, and challenges of every combination. Then it takes the unique step of offering exercises that will help you manifest the true potential that exists between each of the signs. This book emerged from actual experiences between a practicing professional astrologer and the thousands of people he has worked with. The ideas and exercises included within have been tried, tested, and refined so that they can be integrated into daily living. The program presented in this book has been proven to work--not just in theory, but in real life.
