*Multiplayer Game Programming* Josh Glazer, Sanjay Madhav, 2015-11-20 The Practical Guide to Building Reliable Networked Multiplayer Games Networked multiplayer games are a multibillion dollar business: some games now attract tens of millions of players. In this practical, code-rich guide, Joshua Glazer and Sanjay Madhav guide you through every aspect of engineering them. Drawing on their immense experience as both game developers and instructors, the authors lead you through building a robust multiplayer architecture, and creating every engine-level system. You'll learn through in-depth working code examples for two complete games: an action game and a real time strategy (RTS) game. First, Madhav and Glazer review the essentials of networking and network programming from the standpoint of game developers. Next, they walk through managing game data transmission, updating game objects across the network, and organizing the devices that join your game. You'll learn how to ensure reliable performance despite the Internet's inherent inconsistencies, and how to design game code for maximum security and scalability. The authors conclude by addressing two increasingly crucial issues: incorporating game services and hosting your games in the cloud. *Aldo Icardi* Lt. Aldo Icardi,2017-07-31 Aldo Icardi (1921-2011) was a U.S. Army second lieutenant during World War II who was sent as a specially-trained soldier by the U.S. Army's Office of Strategic Services (OSS) on a special mission into enemy-occupied territory in Italy to organize resistance movements. During this mission, which was code-named "Chrysler," its commander Major John William V. Holohan disappeared, and Lt. Icardi, along with radio operator Carl G. LoDolce and three Italians, was charged with his murder. The Italians, who spent three years in jail, were later acquitted, and Icardi and LoDolce were convicted in absentia of murder and sentenced to life and 17 years respectively, but neither man could be extradited back to Italy, so did not serve time. In 1955, Icardi was indicted by a federal grand jury for perjury, but was acquitted in 1956. The Italian Communist commander Vincenzo Moscatelli later admitted that he was responsible for Major Holohan's death and that Icardi had nothing to do with it. With this book, which was first published in 1954, Aldo Icardi seeks to set the record straight on

all the newspaper stories that circulated in the wake of the killing, and ever since. A gripping true-life story. "This book is the true story, as well as I know it, of what actually happened to Major Holohan. It is my defense against the charges of murder. And it is the story of the most dangerous and exciting eight months I have ever lived."—Aldo Icardi

**A History of Ottoman Poetry** Elias John Wilkinson

Gibb, 1900 Elias John Wilkinson Gibb (1857-1901) was a Scottish Orientalist who was born and educated in Glasgow. After studying Arabic and Persian, he developed an interest in Turkish language and literature, especially poetry, and in 1882 he published Ottoman Poems Translated into English Verse in the Original Forms. This was a forerunner to the six-volume classic presented here, A History of Ottoman Poetry, published in London between 1900 and 1909. Gibb died in London of scarlet fever at the age of 44, and only the first volume of his masterpiece appeared before his death. His family entrusted to his friend Edward Granville Browne (1862-1926), a distinguished Orientalist in his own right

who had made a special study of Babism, the task of posthumously publishing the five remaining volumes. Browne characterized the work as one of the most important, if not the most important, critical studies of any Muhammadan literature produced in Europe during the last half-century. The first volume contains a long and compelling introduction by Gibb on the entire subject, in which he argues that Ottoman poetry often rose and fell in tandem with Ottoman power. Gibb divides Ottoman poetry into two great schools, the Old or Asiatic (circa 1300-1859), which generally was characterized by its deference to Persian influences; and the New or European (from 1859 onward), which was influenced by French and other Western poetry. According to Gibb, the Old or Asiatic School went through a four periods: a formative period (1300-1450); a period (1450-1600) in which works were modeled after the Persian poet Jami; a period (1600-1700) dominated by the influences of Persian poets Urfi Shirazi and Sa'ib Tabrizi; and a period of uncertainty that lasted until 1859. The European school that followed was inaugurated by Ibrahim Sinasi (1826-71), who in 1859 produced a small but momentous collection of French poetry translated into Turkish verse. The influence of the collection was far-reaching and eventually changed the course of Ottoman poetry. Gibb is known for his masterful translations that brilliantly render into English both the meaning and the form of Ottoman, Persian, and Arabic poetry. For almost a century after his death, a family trust financed the Gibb Memorial Series of editions and translations into English of Arabic, Persian, and Turkish texts.
