Blasphemy Jon Webster,2012-10-01 Brilliant! Wow... just wow! Thank you for that! I never thought of it that way! Clever. Very interesting! Wow. I have read the Bible, and never looked at it like that before. Very insightful! This is amazing. I read it like 4 times. Love at first sight. Oh, that is good. Genius! These are just some of the responses I have gotten from people who have read the quotes and essays contained within this book. But don't take my word for it. Read the first few pages using the preview function on here and see for yourself if you want to buy it and then act accordingly. As you read this book, you will find some of the most creative, original, and thought-provoking insight on Christianity, religion, and the Bible that you have ever read. Many different fields or scholarly subjects have categories where critiques and criticism are directed towards the subjects being studied, scrutiny is applied, and objections are raised. The Bible has this category as well. It is called Blasphemy. Jon Webster, a published author at age 27, has also put together another book as well. Nothing Sacred: An Atheist Quote-A-Day Calendar is also available online on BarnesandNoble.com, Amazon.com, and FastPencil.com

Citing Atheists Steve Dustcircle,Christopher Hitchens,Richard Dawkins,Sam Harris,Thomas Paine,2015-02-12 A comprehensive, condensed volume of quotes by atheists, agnostics, freethinkers, skeptics, philosophers, and even the spiritual. Not exhaustive, but a great quick A-to-Z reference of quotes by atheists, freethinkers and philosophers--almost a greatest hits, if you will. Some quotes are very anti-theist in nature while others lean more political or non-religious. There are even a few appalling quotes by the religious. Coming from a religious background, the editor put these quotes together based on what helped him leave religion behind. *Citing Atheists* is a great book to add to any skeptic's library without the heavy cost of a huge, exhaustive volume.

I Don't Have Enough Faith to Be an Atheist Norman L. Geisler, Frank Turek, 2021-05-17 To some, the concept of having faith in a higher power or a set of religious beliefs is nonsensical. Indeed, many view religion in general, and Christianity in particular, as unfounded and unreasonable. Norman Geisler and Frank Turek argue, however, that Christianity is not only more reasonable than all other belief systems, but is indeed more rational than unbelief itself. With conviction and clear thinking, Geisler and Turek guide readers through some of the traditional, tested arguments for the existence of a creator God. They move into an examination of the source of morality and the reliability of the New Testament accounts concerning Jesus. The final section of the book deals with a detailed investigation of the claims of Christ. This volume will be an interesting read for those skeptical about Christianity, as well as a helpful resource for Christians seeking to articulate a more sophisticated defense of their faith.

A Atheist Greatest Quotes - Quick, Short, Medium Or Long Quotes. Find the Perfect Atheist Quotations for All Occasions - Spicing Up Letters, Speeches Marie

Oconnor, 2016-02-17 This book is the outcome of an idea, and the idea is very simple. It is that the best way to understand the dramatic transformation any idea can bring and to successfully bring ideas across, is to think of them as profound insights and moments of clarity often disguised as wit, captured in one single Quote. Ideas and products and messages and behaviors spread faster when they carry your message in a single line or paragraph: a Quote. To feel the impact a Quote can have, here are three Atheist Quotes from this book: 'The worst moment for the atheist is when he is really thankful and has nobody to thank. - Dante Gabriel Rossetti' 'An atheist is a man who believes himself an accident. - Francis Thompson' 'A pious man is one who would be an atheist if the king were. - Jean de la Bruyere' Three characteristics-one, contagiousness; two, the fact that little words

can have big effects; and three, that insight happens not gradually but at one dramatic moment, using the right profound words—are the same three principles that define how an idea takes off, or a product goes viral. Of the three, the third, profound, trait... is the most important, because it is the principle that makes sense of the first two and that permits the greatest insight into why some ideas stick, some changes last, some words leave an impression, and others don't. This book will give you the opportunity to find that right Quote that can change it all.

Atheist Quotes about God and Religion del Boy, 2020-10-23

God's Not Real Andrew J. Rausch, 2014-09-03 This fascinating and at times humorous collection of more than 1,000 quotations by everyone from Albert Einstein to George Carlin is sometimes thought-provoking and at times challenging. Provides enough information for the beginning Atheist to take one step further down the road of disbelief, and is at the same time reaffirming for the long-time Atheist. GOD'S NOT REAL: A COLLECTION OF QUOTATIONS FOR THE ATHEIST is a must-read for any serious disbeliever.

Religion for Atheists Alain De Botton, 2012-03-06 What if religions are neither all true nor all nonsense? The long-running and often boring debate between fundamentalist believers and non-believers is finally moved forward by Alain de Botton's inspiring new book, which boldly argues that the supernatural claims of religion are entirely false—but that it still has some very important things to teach the secular world. Religion for Atheists suggests that rather than mocking religion, agnostics and atheists should instead steal from it—because the world's religions are packed with good ideas on how we might live and arrange our societies. Blending deep respect with total impiety, de Botton (a non-believer himself) proposes that we look to religion for insights into how to, among other concerns, build a sense of community, make our relationships last, overcome feelings of envy and inadequacy, inspire travel and reconnect with the natural world.

For too long non-believers have faced a stark choice between either swallowing some peculiar doctrines or doing away with a range of consoling and beautiful rituals and ideas. At last, in *Religion for Atheists*, Alain de Botton has fashioned a far more interesting and truly helpful alternative.

Writers on... Atheism (A Book of Quotations, Poems and Literary Reflections) Amelia Carruthers, 2016-09-13 'Writers on... Atheism' provides the ultimate literary definition of atheism. It contains a vast array of atheism quotes, arguments for and against this 'new religion', as well as a history of atheism. A fascinating look into the links between religion and morality, this book provides an inspirational look at great minds, atheist authors, and their thoughts on both old and new atheism. Showcasing the writing of some of the world's most influential sceptics, and the battles of atheism vs. Christianity, and atheism vs. agnosticism, this collection makes for some thoroughly thought-provoking reading. The 'Writers on...' series is a collection of extracts, anecdotes and occasional philosophical musings from the world's most well known authors. This book of quotes, inspirational poems, letters, and quips, celebrates writers who have an individual, creative outlook on the world; on subjects from 'drink' to 'death', and 'love' to 'libraries'. Starting with ancient civilisations and moving towards the present day, this anthology of intellectual, inspirational and often funny quotes, provides a fascinating insight into a vast array of topics.

Isn't Religion Weird? Quotations for Atheists Dave

Lane, 2008-08-08 The title says it all! A collection of quotations from all areas of the religious and atheist world to make you think - and to keep you amused. Although the author is an atheist, he has no problem whatsoever with anyone's religious beliefs. He believes that if a person's religion brings them inner peace, personal satisfaction, or just gives them the feel good factor, then good luck to them. He also wishes these people well - just as he wishes well to all who gain satisfaction from believing in the Tooth Fairy, Father Christmas or the Golden Gnome at the bottom of the garden. Be warned - no attempt whatsoever has been made to make this book either fair or balanced!

Seven Types of Atheism John Gray, 2018-10-02 From the provocative author of *Straw Dogs* comes an incisive, surprising intervention in the political and scientific debate over religion and atheism. When you explore older atheisms, you will find that some of your firmest convictions—secular or religious—are highly questionable. If this prospect disturbs you, what you are looking for may be freedom from thought. For a generation now, public debate has been corroded by a shrill, narrow derision of religion in the name of an often vaguely understood “science.” John Gray’s stimulating and enjoyable new book, *Seven Types of Atheism*, describes the complex, dynamic world of older atheisms, a tradition that is, he writes, in many ways intertwined with and as rich as religion itself. Along a spectrum that ranges from the convictions of “God-haters” like the Marquis de Sade to the mysticism of Arthur Schopenhauer, from Bertrand Russell’s search for truth in mathematics to secular political religions like Jacobinism and Nazism, Gray explores the various ways great minds have attempted to understand the questions of salvation, purpose, progress, and evil. The result is a book that sheds an extraordinary light on what it is to be human.

The Portable Atheist Christopher Hitchens, 2007-11-06 Presents excerpts on the subject of religion from the writings of such notable non-believers as John Stuart Mill, Karl Marx, Charles Darwin, Mark Twain, H. L. Mencken, Albert Einstein, Richard Dawkins, and Salman Rushdie.

The Very Best of Richard Dawkins Gordon Fisher, 2014-09-22 Richard Dawkins is arguably the best known atheist in the world. Although professionally a respected Evolutionary Biologist, his outspoken views against religion have made him one of the most controversial characters alive today. Dawkins is never short of interesting and intellectual things to say. This book collates some of his most interesting and thought-provoking quotes on a variety of subjects.
