Every Landlord's Guide to Managing Property Michael Boyer, 2023-05-01 The ultimate property management guide for the do-it-yourself landlord! Written for the millions of landlords

who own a single-family home, condo, or small (fewer than four units) rental property, Every Landlord's Guide to Managing Property covers everyday skills a hands-on landlord needs, including how to: retain good, long-term tenants handle nitty-gritty maintenance such as snow removal, toilet clogs, and painting avoid conflicts over late rent, unauthorized roommates, and move-out procedures limit costly tenant turnover and vacancies manage condos and deal with association restrictions track income and expenses and prepare for tax time hire and work with repairpersons, lawyers, and other contractors, and balance landlording with a day job or other pursuits. The fourth edition is completely updated to cover the latest issues affecting small-scale landlords, including updates to tax laws, new tools (online and offline) for managing rentals, and advice on incorporating rental properties into a side hustle or FIRE strategy.

Making Money with Rental Properties Kimberly Smith, Lisa Iannucci, 2014-01-07 On the surface, being a landlord seems pretty simple-you buy property, find renters, and the money rolls in. However, as all too many people have found out, it takes an incredible amount of know-how and hard work in order to be successful at it. Idiot's Guides: Making Money with Rental Properties is written by experts who have made the mistakes, learned the lessons, and have become highly successful at spotting properties with high rental potential, buying them at the right price and time, and finding tenants who pay on time and stay for the long haul. Readers will learn not only how to spot the right neighborhood and property, but how to buy it, when not to buy it, how to find the right tenants, how to manage the money flow, and more. In addition, readers will learn what to do when things go wrong, what legal protections they (as well as the tenants) have, and how to do it all without going broke and losing their minds in the process.

Rental Properties Made Simple Shiral Torres, 2017-11-10

Managing Successful Rental Properties Nyiva

Musau, 2021-01-16 Unlock your full passive income potential through rental property management, even without experience. Here's how: Have you always dreamed of managing property for long-term profit but haven't acted on your goal yet? What is holding you back from diving into the lucrative real estate market? Could it be your lack of solid property management skills? Many would-be investors feel the same way. How, exactly, can you go about spending on, then earning from, a rental property? It often seems too complicated and risky. On top of that, you may well know that the world of real estate investing is rife with dubious advice. It's littered with dense information that discourages anyone from learning. With too much confusion and too few reliable resources, the outcome is not surprising. Some novice property managers lose their entire investment within months. Others don't even find their first tenant before having to give up. This is why your hesitation to chase your property management goal is understandable. But that doesn't have to be the case for good. You see, the more you hesitate, the more opportunities to earn from investments will pass you by. Consider the following reports: The Joint Center for Housing Studies says the rental property industry grows steadily each year. High earners--those with incomes of at least \$75,000--make up the largest group of renters. The US Census Bureau also says individual investors comprise the largest group in the entire housing market. These indicate that it's the right time for you to get into rental property management because, despite the possible drawbacks, it's definitely a money-making endeavor. What's more, you now have a handy source of comprehensive advice. It will walk you through the steps of property acquisition, finding

tenants, and maximizing income. In *Managing Successful Rental Properties*, you will discover: Why you don't even need a degree to be on top of the property management business The 7 traits and essential skills common to all successful rental property investors Which particular upgrades can substantially increase the value of your property The careless mistake that could put your property and safety at risk Why you shouldn't hire a property management agency, and what you should be doing instead The secret to finding and keeping quality tenants How to market your property without draining your wallet, energy, and time How to avoid poor management decisions that can wipe out your business And much more. Unlike other guides, *Managing Successful Rental Properties* is easy to read. It doesn't contain charts and tables that are almost impossible to understand, you won't be subjected to convoluted text and figures, and it is formatted with extreme readability in mind. You don't need to be concerned about accuracy and truthfulness. Each practical advice offered comes from years of experience and careful study. Successful rental property managers are made, not born. The necessary skills do not come naturally to most people--but all you need to know is right here, and soon you will own these skills without lengthy, tedious instruction. If you're ready to discover the wealth and financial security through effective business strategies, then scroll up and click the Add to Cart button right now.
