JOE PEACOCK

📖 **Red Light Camera Systems** Cynthia Munoz,2015 Red light running is one of the major causes of crashes, deaths, and injuries at signalised intersections. The Federal Highway Administration (FHWA) and National Highway Traffic Safety Administration (NHTSA) support a comprehensive approach to intersection safety that incorporates engineering, education, and enforcement countermeasures to prevent red light running and improve intersection safety. Red light cameras can be a very effective countermeasure to prevent red light running. There are a number of studies that indicate reduction in crashes at signalised intersections due to red light cameras. The fundamental objective of the research in this book is to determine the effectiveness of RLC systems in reducing crashes. A description of all project efforts is described in this book.

📖 **Hired Luck** Mel Todd, New city, new job, new threat? With my best friend going to college to learn how to use her magic, I'm job hunting in Atlanta. We're sharing an apartment and I've never been happier. The last thing I needed was to be involved in a murder investigation. Now the police are sure I had something to do with it. News alert: I don't. I've got a job, Jo's going school. I finally am on the track to have my own life. Working as an EMT is great, but something weird happened at work. Something I can't explain. What if I'm wrong and I am a mage? The last thing I want is to be a mage, it would mean I'd lose everything I've been working for. Even if I am a mage, I'd be a low ranking one, a hedgemage, something that means I can keep my current life. But I can't get the dead girl out of my mind. Who was she and why did she die? What good are my skills if all I do is keep finding dead people? With a serial killer out there, the police and FBI stepping in, I might lose more than the life I had planned. I might lose my life. Once again my luck holds true and I'm in the middle of something I don't know how to deal with. Get Hired Luck Book 2 in the Twisted Luck series, now! Follow Cori on her journey, it won't go where you think it will. A found family, non-romantic urban fantasy with a smattering of magical beasts.

📖 **Fools and Visionaries** Mick Smith,2009-08-06 When William Henry ODonner, Democratic governor from Pennsylvania, wins the Democratic party nomination for president of the United States in the summer of 2008, and then the presidency in that falls general elections, he became the first from his party to wrest control of the White House from the Republicans since the end of the last century. Given the bitterness of losing the elections in 2000 to the Republican candidate, Benjamin Croft, the left wing of the Democratic party was ecstatic over the win and saw it as their opportunity to fundamentally change the direction the country had taken after September 11, 2001, when in their minds the Republican presidency of Benjamin Croft had instituted repressive measures in an attempt to protect the country from another attack by elements of radical Islam. At long last, they were in a position to remove all American combat forces from the Middle East (who they viewed as occupation troops in an illegal war), remove all barriers to immigration, and to institute political measures to ensure the predominance of the left-leaning Democratic party for generations to come. As the political drama unfolds after the inauguration of President William Henry ODonner on January 20, 2009, Dr. Ross Shepard former Navy SEAL team leader and current professor of political science at Clemson University in Clemson, South Carolina is preparing his students for final spring exams when he receives a call from an old friend in his military past. Still at the Pentagon and part of Homeland Security, Commander Frank Reddings alerts Dr. Ross Shepard of internet chatter the National Security Administration has been picking up for the last few months which leads it to believe involves a divergence of strategy by Al Qaeda. It appears Al Qaeda is attempting to move away from hard targets like New York and Washington, D.C., toward softer targets in the Southeast. CDR Reddings wants Dr. Ross Shepard to organize and maintain a Southeastern Threat Assessment Group (STAG) to prepare to fend off any attempts by Al Qaeda to attack the southeastern section of the country. With some misgivings, Dr. Ross Shepard agrees to do so and is quickly swept up in a web of intrigue involving Shaheed (suicide) bombers, nuclear politics, and love.

📖 **Kill Shot** Susan Sleeman,2018-02-06 Suspense and romance combine in Susan Sleeman's thrilling new novel about an FBI agent who must team up with a beautiful therapist to stop a killer with a deadly new weapon. Some fears haunt you forever.... As the ballistics and weapon's expert for the FBI's special task force nicknamed the White Knights, Rick Cannon has known the Department of Defense was developing self-steering bullets. Rick feared these smart bullets--which have one hundred percent accuracy that can turn even a novice into a lethal sniper--would eventually end up in the hands of the wrong people. But since the ammunition was still in the development stage, he figured they had plenty of time before that happened. He was wrong. Dead wrong. Until they become reality. When a homeless vet is killed with a smart bullet, it's clear that the ammunition has been stolen, and the Knights are called in to find the thief and stop the killings. But they aren't the only ones desperate to find the killer. Therapist Olivia Dobbs is well known for her success in counseling military veterans with PTSD. When she discovers one of her clients moments after he is murdered, she becomes both the FBI's prime witness, and suspect. Despite the mutual attraction that immediately sparks between them, Rick can't--no he won't--let Olivia interfere with his investigation. But when the sniper trains his rifle on her, Rick must recall all the skills he learned as a Marine sniper to make sure the next bullet fired isn't a kill shot that takes Olivia out.

📖 **Marlowe Kana (Book 1 Volume 2)** Joe Peacock, Volume 2 picks up immediately after the events of Volume 1 (spoilers ahead): Jen and Marlowe are on the run from MilSec and the contestants on United America's Next Top Solider. They have to find the evidence that exonerates Marlowe -- not just to clear her name, but to free her father as well. Meanwhile, the President of the United American State, Stephen Cook, has found himself at odds with the corporation his family started and he once helmed. His autonomy as President is being challenged at every turn. The entire country has taken notice and tuned in to every feed on the net, keeping track of the events as they unfold -- and they aren't disappointed, as Marlowe her toughest opponent yet -- It's just too bad she can't see what (or who) it is... Vitae is once more free to terrorize the city and a tortured and tormented Mare has been wrenched from damnation itself. Even Summus, the divine one meant to protect them all, has been drained nearly to death. Faery is on the march. Empowered with Summus's stolen divine essence, the exiled lady ignites a plot to free all of the fallen from their chains. As the battlelines are drawn, Quayla clings to beaten and bloodied hope. To protect Atlanta and the world, Quayla need only put aside her pain and redeem her nemesis. At the eleventh hour, the exiled lady offers her an alternative. Quayla can punish Dylan's murderer, save her loved ones, even protect Creation from the apocalypse. All she has to do is change sides.
