**Atlantis** Carl D. Porter, 2009-10-05 11,600 years ago, a mystical continent existed beyond the Pillars of Hercules, Atlantis. There has been much conjecture as to the nature of this mysterious place. The Greek philosopher Plato described it as a magical continent with an advanced civilization that was destroyed by a huge volcanic upheaval and sank into the ocean. Atlantis - The Adventure Begins tells the story of Atlantis and its mystery is slowly revealed. Jason and Adam, two young men in search of

excitement and knowledge, undertake a voyage that is interrupted when nature forces them to this unknown land. There they encounter a beautiful young woman, Leela, and her family and find themselves entwined in nefarious plots that threaten their lives and the very civilization of Atlantis.

Beyond Atlantis Cass Maywood, Yitzchak Maywood, 2011 Some ten thousand years ago an Atlantian culture flourished, which even pre-dates those who came before the Mayans. A magician high priest denies her soul mate, but his path crosses dangerously with hers. Thus a rival is given opportunity. Then, invaders come from the Far World

**Atlantis the Second Age** ,2014-03-01 Atlantis is a sword and sorcery game inspired by the works of Fritz Lieber, Michael Moorcock, Robert E. Howard, and Clark Ashton Smith. Atlantis; a strange, wondrous and sometimes horrific antediluvian age where heroes survive by their wits, courage, and strong sword arms. Based on the classic Atlantean Trilogy by Bard Games. Atlantis: The Second Age expands greatly on this already detailed world including detailed rules on alchemy, a dynamic magic system, and exotic technomantic magical creations. Play as a twisted Netherman cannibal, a haughty Atlantean sorcerer, a bestial

Anadaman thief, or a Mercurial Jinn warrior. Face the horrors of the dark isle of Anostos, brave the fighting-pits of Atlantis, and battle Makara on the high seas. Uncover ancient conspiracies, cleave demented cultists, and conquer lands unseen by civilized man in a thousand years. Rebuild the might of shattered Atlantis, or wipe clean the past and create your own empire from the dust and blood of the lost age. Will you be kingmaker, tyrant, thief, scholar, or slayer?

Beyond Atlantis: The Empress and the Magician Kisma Reidling, 2018-12-18 An Odyssey of time twisting and space bending back or forward to relevant intersections of space-time experiences, involving an empress from one dimension and timeline and a magician from another dimension and timeline. Both meet on planet earth on the small island today known as Santorini, Greece. Through a series of experience duplications, their reality is molded until the most suitable outcome is achieved. BEYOND ATLANTIS is filled with supernatural and magical elements, four remaining Atlanteans, an ancient Egyptian, a man from the Future, Twin Flames, blue-skinned aliens, and of course the locals of Earth. All-in-all, in essence, it is a love story of fantastical proportions....We're bound together, he did say looking away from

her pain, the sorrow she seemed to suddenly wear, that he too felt overtake him. He tried to search for the meaning to what he was doing, why he was doing it, but the words kept coming out in a rush. We'll find a way through... we're bound together... we're bound together... we'll find a way through but together, not separate. No separation this time. Promise me this. We cannot, she said so matter-of-factly that he groaned in refusal. She stood. Come now. There is news awaiting us on the volcano. She would not look at him, instead she glanced up to the sky. The sun sits at mid-day, we must return. Mid-day? he said confused for when he came in search of her it had been early morning. He rose, a thunderous pounding in his head. He grabbed his head with his hands, bending over.... He moaned in discomfort. Why are you doing this? he growled. Looking at her, his face disfigured with pain. Why are you taking this from me? From us? he demanded. Her name was in his mind though she'd never told him. Her name rolled to the tip of his tongue and he whispered it....

**Atlantis Ignatius Donnely, 2013-07** This book is an attempt to demonstrate several distinct and novel propositions. These are: 1. That there once existed in the Atlantic Ocean, opposite the mouth of the Mediterranean Sea, a large island, which was the remnant of

an Atlantic continent, and known to the ancient world as Atlantis. 2. That the description of this island given by Plato is not, as has been long supposed, fable, but veritable history. 3. That Atlantis was the region where man first rose from a state of barbarism to civilization. 4. That it became, in the course of ages, a populous and mighty nation, from whose overflowings the shores of the Gulf of Mexico, the Mississippi River, the Amazon, the Pacific coast of South America, the Mediterranean, the west coast of Europe and Africa, the Baltic, the Black Sea, and the Caspian were populated by civilized nations. 5. That it was the true Antediluvian world; the Garden of Eden; the Gardens of the Hesperides; the Elysian Fields; the Gardens of Alcinous; the Mesomphalos; the Olympos; the Asgard of the traditions of the ancient nations; representing a universal memory of a great land, where early mankind dwelt for ages in peace and happiness. 6. That the gods and goddesses of the ancient Greeks, the Ph nicians, the Hindoos, and the Scandinavians were simply the kings, queens, and heroes of Atlantis; and the acts attributed to them in mythology are a confused recollection of real historical events. 7. That the mythology of Egypt and Peru represented the original religion of Atlantis, which was sun-worship. 8. That the oldest colony formed

by the Atlanteans was probably in Egypt, whose civilization was a reproduction of that of the Atlantic island. 9. That the implements of the Bronze Age of Europe were derived from Atlantis. The Atlanteans were also the first manufacturers of iron. 10. That the Ph nician alphabet, parent of all the European alphabets, was derived from an Atlantis alphabet, which was also conveyed from Atlantis to the Mayas of Central America. 11. That Atlantis was the original seat of the Aryan or Indo-European family of nations, as well as of the Semitic peoples, and possibly also of the Turanian races. 12. That Atlantis perished in a terrible convulsion of nature, in which the whole island sunk into the ocean, with nearly all its inhabitants. 13. That a few persons escaped in ships and on rafts, and, carried to the nations east and west the tidings of the appalling catastrophe, which has survived to our own time in the Flood and Deluge legends of the different nations of the old and new worlds. If these propositions can be proved, they will solve many problems which now perplex mankind; they will confirm in many respects the statements in the opening chapters of Genesis; they will widen the area of human history; they will explain the remarkable resemblances which exist between the ancient civilizations found upon the opposite shores of the Atlantic Ocean,

in the old and new worlds; and they will aid us to rehabilitate the fathers of our civilization, our blood, and our fundamental ideas-the men who lived, loved, and labored ages before the Aryans descended upon India, or the Ph nician had settled in Syria, or the Goth had reached the shores of the Baltic. The fact that the story of Atlantis was for thousands of years regarded as a fable proves nothing. There is an unbelief which grows out of ignorance, as well as a scepticism which is born of intelligence. The people nearest to the past are not always those who are best informed concerning the past. For a thousand years it was believed that the legends of the buried cities of Pompeii and Herculaneum were myths: they were spoken of as the fabulous cities. For a thousand years the educated world did not credit the accounts given by Herodotus of the wonders of the ancient civilizations of the Nile and of Chaldea. He was called the father of liars. Even Plutarch sneered at him.

**Atlantis III King Atlas V**,2017-11-11 The story of the final and third fall of the legendary continent of Atlantis is revealed in this epic novel by King Atlas V, the final King of Atlantis, as it fell to the sea twelve thousand years ago. The story follows the lives of four young leaders, two men and two women, who are followers of the Universal Force, with their mentor, a wise old man from the highest

spiritual realms. They battle the three leaders of the forces from the dark side, two men and one woman, who follow of the Beast of darkness and separation. The followers of the Beast are known as the Separatists. The technology of the legendary society is extraordinary. The two sides battle over the technological advances and their impact on Atlantean society and the safety of the continent. A second class of people known as the Hybrids, who were created by genetic engineering and its excesses, are at the root of the conflict. The Separatists view them as a slave class. The followers of the Universal Force seek to free them. The action is fast paced from the beginning, as natural disasters mount over misuses of the powerful technology by the Separatists. The leaders of Universal Force battle the Separatists and the natural disasters. They have access to the River of Knowledge in the highest spiritual realms to help their cause. The wise mentor of the leaders of the Universal Force has three key secrets, the revelation of which are instrumental in the battle to save Atlantis and the continuation of life. The leaders of the Separatists have access to the powers of the Beast himself, the original archfiend who separated from the Universal Force. The story accelerates to a fast paced final few weeks, as all parties struggle to survive and to save Atlantis. and

their way of life. The epic battle of the Universal Force versus the Beast engages at the highest levels until the final end of the continent.
