The Memory of Trees Viki Cramer,2023-06-27 Most Australians see their world through eucalypts. From towering forests to straggly woodlands, in city parks, by the coast and in the bush, these are the trees that inhabit our familiar landscapes and national psyche. Yet the resilience of our eucalypt ecosystems is being tested by logging and land clearing, disease and drought, fire and climate change. In many places they are a faded remnant of those known by past generations. How important is the memory of these trees? In search of answers, Viki Cramer takes us on a journey through the richest botanical corner of the continent, exploring forests of rugged jarrah and majestic karri, woodlands of enduring salmon gum and burnished-bark gimlet. Spending time with the people caring for these precious places, she interrogates the decisions of the past, takes a measure of the present and glimpses hope for the landscapes of tomorrow. *The Memory of Trees* will make you look anew at the trees and environments that sustain us and show the many ways that, together, we can ensure their future.

Ask a Manager Alison Green,2018-05-01 From the
creator of the popular website Ask a Manager and New
York’s work-advice columnist comes a witty, practical guide
to 200 difficult professional conversations—featuring all-
new advice! There’s a reason Alison Green has been called
“the Dear Abby of the work world.” Ten years as a
workplace-advice columnist have taught her that people
avoid awkward conversations in the office because they
simply don’t know what to say. Thankfully, Green does—and
in this incredibly helpful book, she tackles the tough
discussions you may need to have during your career. You’ll
learn what to say when • coworkers push their work on
you—then take credit for it • you accidentally trash-talk
someone in an email then hit “reply all” • you’re being
micromanaged—or not being managed at all • you catch a
colleague in a lie • your boss seems unhappy with your

work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Индоевропейский словарь с ностратическими этимологиями Арон Долгопольский, 2017-09-05
Настоящая монография представляет собой трехтомное посмертное издание труда выдающегося советского и российского лингвиста А. Б. Долгопольского, одного из крупнейших и всемирно признанных специалистов по сравнительно-историческому языкознанию и изучению дальнего родства языков. «Индоевропейский словарь с ностратическими этимологиями» составлен автором на основе главного труда его жизни – «Ностратического словаря», работу над которым А. Б. Долгопольский

неотрывно и интенсивно вёл почти полвека. Основной своей задачей автор считает определение и доказательство ностратических истоков индоевропейской лексики, поиск регулярных соответствий между лексическими единицами индоевропейских языков и языков других семей Старого Света. Словарь содержит 1397 вхождений, представляющих собой реконструированные корни индоевропейского праязыка с указанием их потомков в языках индоевропейской семьи и внешних соответствий в других семьях ностратических языков. Как по широте охвата лингвистического материала, так и по глубине разработки каждой словарной единицы словарь представляет собой уникальный материал для анализа и предназначен не только для лингвистов, изучающих индоевропейские языки, но и для специалистов по сравнительно-историческому изучению языков других семей.
