*The School of Greatness* Lewis Howes, 2015-10-27 When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and

actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness “professors” and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.

Your Desire and the Law of Attraction Alexander King, 2019-07-08 Get All The Support And Guidance You Need To Be A Success At Attracting What You Want! This Book Is One Of The Most Valuable Resources In The World When It Comes To Using LOA To Draw In What You Desire! Keep reading to get the help you need... Is the fact that you would like to start having a better life but just don't know how making your life difficult... maybe even miserable? Does it seem like you've tried

everything in your power to figure it out, and yet, despite your best intentions, you're still plagued with:

- Not knowing how to even get started.
- Not understanding even where to start with meditation.
- Not knowing how to ask the Universe.

If this describes you, then you are in luck today... First, you are NOT alone! It may seem like it sometimes, but not knowing how to get started with the law of Attraction is far more common than you'd think. I ought to know, because I've been in the same spot before... Why Understanding All The Ins And Outs Of This Is Crucial! This is one area you must pay attention to... If you are experiencing hard times in your life, it is very important that you become familiar with the term "law of attraction," or LOA. The law of attraction states that you are basically responsible for all the circumstances of your life, whether good or bad. You draw everything into your life that exists. You have the power to create positive circumstances in your life, you just have to know how to harness the power of the law of attraction. Let me explain... The law of attraction has to do with every part of your being. Everything from your thoughts, to your emotion to your actions either adds to this power or takes away from it. Would you believe me if I told you that it is possible for you to

accomplish all of your dreams and be truly happy in life? Well it is true and it is much simpler than you probably think. All you have to do is believe and trust in the universe and use the power of the law of attraction and you will surely be rewarded for your efforts. And the worst part? The more you don't know the less you will succeed! Make no mistake about it... The Costs of NOT Getting All The Info You Need Are Just Too High! Your lack of knowledge in this area may not be your fault, but that doesn't mean that you shouldn't -- or can't -- do anything to find out everything you need to know to finally be a success! The costs of continuing to repeat this pattern are just too steep... I mean, think about all of the money you're wasting because of how continuing to try things that don't work costs you money... the time you're losing due to going around in circles is also time-consuming... and that's not to mention the toll it's taking on your personal life, like the way the failed attempts over and over can impact personal life/relationships. So today -- in the next FEW MINUTES, in fact -- we're going to help you GET ON TRACK!

Practical Law of Attraction James L Thomas, 2020-05-20 You Are About To Learn How To

Unleash The Full Power Of The Law Of Attraction To Manifest Anything You Desire In Life! We all have both material and immaterial things we desire to achieve but very few of us actually know how close we always are to achieving them before we give up. We then marvel at how easy other people around us achieve seemingly difficult goals- and then blame our intellectual differences, luck and other factors as a way to justify our situation compared to theirs. But in most cases, it's never any of those factors we create as one of the most powerful laws of the universe asserts. The law of attraction says that you attract into your life whatever you focus on and feel strongly about. thought- that's why some people never seem to struggle! But easy as it may sound, you may still wonder... But I always have positive thoughts...How come they never reach the reality stage?
